Item 1. Business

General

Welltower Inc. (NYSE:WELL), an S&P 500 company headquartered in Toledo, Ohio, is driving the transformation of health care infrastructure. The company invests with leading seniors housing operators, post-acute providers and health systems to fund the real estate and infrastructure needed to scale innovative care delivery models and improve people's wellness and overall health care experience. Welltower™, a real estate investment trust ("REIT"), owns interests in properties concentrated in major, high-growth markets in the United States ("U.S."), Canada and the United Kingdom ("U.K."), consisting of seniors housing, post-acute communities and outpatient medical properties. More information is available on the Internet at www.welltower.com. The information on our website is not incorporated by reference in this Annual Report on Form 10-K, and our web address is included as an inactive textual reference only.

Our primary objectives are to protect stockholder capital and enhance stockholder value. We seek to pay consistent cash dividends to stockholders and create opportunities to increase dividend payments to stockholders as a result of annual increases in net operating income and portfolio growth. To meet these objectives, we invest across the full spectrum of seniors housing and health care real estate and diversify our investment portfolio by property type, relationship and geographic location

On March 7, 2022, we announced our intent to complete an UPREIT reorganization. In February 2022, the company formerly known as Welltower Inc. ("Old Welltower") formed WELL Merger Holdco Inc. ("New Welltower") as a wholly owned subsidiary, and New Welltower formed WELL Merger Holdco Sub Inc. ("Merger Sub") as a wholly owned subsidiary. On April 1, 2022, Merger Sub merged with and into Old Welltower, with Old Welltower continuing as the surviving corporation and a wholly owned subsidiary of New Welltower (the "Merger"). In connection with the Merger, Old Welltower's name was changed to "Welltower OP Inc.", and New Welltower inherited the name "Welltower Inc." Effective May 24, 2022, Welltower OP Inc. ("Welltower OP") converted from a Delaware corporation into a Delaware limited liability company named Welltower OP LLC (the "LLC Conversion"). Following the LLC Conversion, New Welltower's business continues to be conducted through Welltower OP and New Welltower does not have substantial assets or liabilities, other than through its investment in Welltower OP.

Welltower Inc. is the initial member and majority owner of Welltower OP, with an approximate ownership interest of 99.751% as of December 31, 2022. Welltower Inc. issues equity from time to time, the net proceeds of which it is obligated to contribute as additional capital to Welltower OP. All debt including credit facilities, senior notes and secured debt is incurred by Welltower OP, and Welltower Inc. has fully and unconditionally guaranteed all existing and future senior unsecured notes.

Unless stated otherwise or the context otherwise requires, references to "Welltower" mean Welltower Inc. and references to "Welltower OP" mean Welltower OP LLC. References to "we," "us," "our" or the "company" mean collectively Welltower, Welltower OP and those entities/subsidiaries owned or controlled by Welltower and/or Welltower OP.

Portfolio of Properties

Please see "Item 7 – Management's Discussion and Analysis of Financial Condition and Results of Operation – Executive Summary – Company Overview" for a table that summarizes our portfolio as of December 31, 2022.

Property Types

We invest in seniors housing and health care real estate and evaluate our business through three reportable segments: Seniors Housing Operating, Triple-net and Outpatient Medical. For additional information regarding our segments, please see Note 18 to our consolidated financial statements. The accounting policies of the segments are the same as those described in the summary of significant accounting policies in Note 2 to our consolidated financial statements. The following is a summary of our various property types.

Seniors Housing Operating

Our Seniors Housing Operating properties include seniors apartments, independent living and independent supportive living, continuing care retirement communities, assisted living, Alzheimer's/dementia care and include care homes with or without nursing (U.K.), which assist with activities of daily living that preserve a person's mobility and social systems to promote cognitive engagement. Our properties include stand-alone properties that provide one level of service, combination properties that provide multiple levels of service and communities or campuses that provide a wide range of services. Properties are primarily held in joint venture entities with operating partners. We utilize the structure authorized by the REIT Investment Diversification and Empowerment Act of 2007, which is commonly referred to as a "RIDEA" structure (the provisions of the Internal Revenue Code authorizing the RIDEA structure were enacted as part of the Housing and Economic Recovery Act of 2008).

Seniors Apartments Seniors apartments generally refer to age-restricted multi-unit housing with self-contained living units for older adults, usually aged 55+ who are able to care for themselves. Seniors apartments generally do not offer other additional services such as meals.

Independent Living and Independent Supportive Living (Canada) Independent living and independent supportive living generally refers to age-restricted, multifamily properties with central dining that provide residents access to meals and other services such as housekeeping, linen service, transportation and social and recreational activities

Continuing Care Retirement Communities Continuing care retirement communities typically include a combination of detached homes and properties offering independent living, assisted living and/or long-term/post-acute care services on one campus. These communities appeal to residents because there is no need to relocate when health and medical needs change. Resident payment plans vary, but can include entrance fees, condominium fees and rental fees. Many of these communities also charge monthly maintenance fees in exchange for a living unit, meals and some health services.

Assisted Living Assisted living refers to state-regulated rental properties that provide independent living services, but also provide supportive care from trained employees to residents who require assistance with activities of daily living, including, but not limited to, management of medications, bathing, dressing, toileting, ambulating and eating.

Alzheimer's/Dementia Care Alzheimer's/Dementia Care refers to state-regulated rental properties that generally provide assisted living and independent living services, but also provide supportive care to residents with memory loss, Alzheimer's disease and/or other types of dementia. Amenities vary, but may include enhanced security, specialized design features and memory-enhancing therapies that promote relaxation and help slow cognitive decline.

Care Homes with or without Nursing (U.K.) Care homes without nursing, regulated by the Care Quality Commission ("CQC"), are rental properties that provide essentially the same services as U.S. assisted living. Care homes with nursing, also regulated by the CQC, are licensed daily rate or rental properties where most individuals require 24-hour nursing and/or medical care. Generally, these properties are licensed for various national and local reimbursement programs. Unlike the U.S., care homes with nursing in the U.K. generally do not provide post-acute care.

Our Seniors Housing Operating segment accounted for 72%, 68% and 67% of total revenues for the years ended December 31, 2022, 2021 and 2020, respectively. As of December 31, 2022, we had relationships with 43 operators to manage our Seniors Housing Operating properties. In each instance, our partner provides management services to the properties pursuant to an incentive-based management contract. We rely on our partners to effectively and efficiently manage these properties. For the year ended December 31, 2022, our relationship with Sunrise Senior Living accounted for approximately 20% of our Seniors Housing Operating segment revenues and 14% of our total revenues. Additionally Revera accounted for approximately 8% of our Seniors Housing Operating segment revenues and 6% our total revenues. Revera owns a controlling interest in Sunrise Senior Living.

Triple-net

Our Triple-net properties offer services including independent living and independent supportive living (Canada), assisted living, continuing care retirement communities, Alzheimer's/dementia care and care homes with or without nursing (U.K.) described above, as well as long-term/post-acute care. Our properties include stand-alone properties that provide one level of service, combination facilities that provide multiple levels of service, and communities or campuses that provide a wide range of services. We invest primarily through acquisitions, development and joint venture partnerships. Our properties are primarily leased to operators under long-term, triple-net master leases that obligate the tenant to pay all operating costs, utilities, real estate taxes, insurance, building repairs, maintenance costs and all obligations under certain ground leases. We are not involved in property management.

Long-Term/Post-Acute Care Facilities Post-acute care is at the leading edge of reducing health care costs while improving quality. These high-impact centers help patients recover from illness or surgery with the goals of getting the patient home and healed faster and reducing hospital readmission rates. Our long-term/post-acute care properties generally offer skilled nursing/post-acute care, inpatient rehabilitation and long-term acute care services. Skilled nursing/post-acute care refers to licensed daily rate or rental properties where most individuals require 24-hour nursing and/or medical care. Generally, these properties are licensed for Medicaid and/or Medicare reimbursement in the U.S. or provincial reimbursement in Canada. All properties offer some level of rehabilitation services. Some properties focus on higher acuity patients and offer rehabilitation units specializing in cardiac, orthopedic, dialysis, neurological or pulmonary rehabilitation. Inpatient rehabilitation properties provide intensive inpatient services after illness, injury or surgery to patients able to tolerate and benefit from three hours of rehabilitation per day. Long-term acute care properties provide inpatient services for patients with complex medical conditions that require more intensive care, monitoring or emergency support than is available in most skilled nursing/post-acute care properties.

Our Triple-net segment accounted for 16%, 19% and 17% of total revenues for the years ended December 31, 2022, 2021 and 2020, respectively. For the year ended December 31, 2022, our revenues related to our relationship with ProMedica Health System ("ProMedica") accounted for approximately 26% of our Triple-net segment revenues and 4% of total revenues. In December 2022, ProMedica relinquished to Welltower its 15% interest in 147 skilled nursing facilities previously owned by the Welltower/ProMedica joint venture in exchange for a lease modification, which relieved ProMedica from its lease obligation on the 147 skilled nursing properties and amended the lease on the remaining 58 assisted living and memory care properties that

continue to be held by the Welltower/ProMedica joint venture. The 58 assisted living and memory care assets continue to be operated by ProMedica and backed by the existing guaranty. Concurrently, Welltower and Integra Healthcare Properties ("Integra") entered into master leases for the skilled nursing portfolio. Approximately 15 regional operators will enter into subleases with Integra to operate the properties. Also in December 2022 and January 2023, we sold to Integra a 15% ownership interest in 85 of those skilled nursing facilities and Integra is expected to buy into the remaining 62 assets throughout 2023.

For the year ended December 31, 2022, our revenues related to our relationship with Genesis Healthcare ("Genesis") accounted for approximately 2% of our Triplenet segment revenues and less than 1% of our total revenues. During 2020, Genesis indicated substantial doubt as to their ability to continue as a going concern. As a result, effective July 1, 2020, we recognized reserves for all existing straight-line rent receivable balances of \$91,025,000 as a reduction to rental income and now recognize rental income from Genesis on a cash basis. Additionally, in March 2021, we entered into definitive agreements to substantially exit our operating relationship with Genesis. As of December 31, 2022, our relationship with Genesis was comprised of one property owned 100% by us and leased to Genesis, a loan balance net of allowance for credit losses of \$168,949,000, approximately 9.5 million shares of GEN Series A common stock and a 25% ownership stake in an unconsolidated joint venture that includes two master leases for 28 properties operated by Genesis.

Outpatient Medical

Outpatient Medical Buildings Demand for outpatient medical services is growing as more procedures are performed safely and efficiently outside the hospital setting. State-of-the-art outpatient centers are needed in accessible, consumer-friendly locations. Our portfolio of outpatient medical buildings is an integral part of creating health care provider connectivity in local markets and generally include physician offices, ambulatory surgery centers, diagnostic facilities, outpatient services and/or labs. Approximately 87% of our outpatient medical building portfolio is affiliated with health systems (buildings directly on or adjacent to hospital campuses or with tenants that are satellite locations for the health system and its physicians). We typically lease our outpatient medical buildings to multiple tenants and provide varying levels of property management. Our Outpatient Medical segment accounted for 12%, 13% and 16% of total revenues for each of the years ended December 31, 2022, 2021 and 2020, respectively. No single tenant exceeds 20% of segment revenues.

Investments

Providing high-quality and affordable health care to an aging global population requires vast investments and infrastructure development. We invest in seniors housing and health care real estate primarily through acquisitions, developments and joint venture partnerships. For additional information regarding acquisition and development activity, please see Note 3 to our consolidated financial statements. Our portfolio creates opportunities to connect partners across the continuum of care and drive efficiency. We seek to diversify our investment portfolio by property type, relationship and geographic location. In determining whether to invest in a property, we focus on the following: (1) the experience of the obligor's/partner's management team; (2) the historical and projected financial and operational performance of the property; (3) the credit of the obligor/partner; (4) the security for any lease or loan; (5) the real estate attributes of the building and its location; (6) the capital committed to the property by the obligor/partner; and (7) the operating fundamentals of the applicable industry.

We monitor our investments through a variety of methods determined by the type of property. Our asset management process for seniors housing properties generally includes review of monthly financial statements and other operating data for each property, review of obligor/partner creditworthiness, property inspections, and review of covenant compliance relating to licensure, real estate taxes, letters of credit and other collateral. Our internal property management division manages and monitors the outpatient medical portfolio with a comprehensive process including review of, among other things, tenant relations, lease expirations, the mix of health service providers, hospital/health system relationships, property performance, capital improvement needs, and market conditions.

Investment Types

Real Property Our properties are primarily comprised of land, buildings, improvements and related rights. Our triple-net properties are generally leased to operators under long-term operating leases. The leases generally have a fixed contractual term of 12 to 15 years and contain one or more five to 15-year renewal options. Certain of our leases also contain purchase options, a portion of which could result in the disposition of properties for less than full market value if the options were to be exercised. Most of our rents are received under triple-net leases requiring the operator to pay rent and all additional charges incurred in the operation of the leased property. The tenants are required to repair, rebuild and maintain the leased properties. Substantially all these operating leases are designed with escalating rent structures. Leases with fixed annual rental escalators are generally recognized on a straight-line basis over the initial lease period, subject to a collectability assessment. Rental income related to leases with contingent rental escalators is generally recorded based on the contractual cash rental payments due for the period.

At December 31, 2022, approximately 96% of our triple-net properties were subject to master leases. A master lease is a lease of multiple properties to one tenant entity under a single lease agreement. From time to time, we may acquire additional properties that are then leased to the tenant under the master lease. The tenant is required to make one monthly payment that represents rent on all the properties that are subject to the master lease. Typically, the master lease tenant can exercise its right to purchase the properties or to renew the master lease only with respect to all leased properties at the same time. We believe this bundling feature benefits us because the tenant cannot limit the purchase or renewal to better performing properties and terminate the leasing arrangement with respect to poorer performing properties. This spreads our risk among the entire group of properties within the master lease. The bundling feature should provide a similar advantage to us if the master lease tenant is in bankruptcy. Subject to certain restrictions, a debtor in bankruptcy has the right to assume or reject its unexpired leases and executory contracts. In the context of integrated master leases such as ours, our tenants in bankruptcy would be required to assume or reject the master lease as a whole, rather than deciding on a property by property basis.

Our Outpatient Medical portfolio is primarily self-managed and consists mainly of multi-tenant properties leased to health care providers. Our leases typically include increasers and some form of operating expense reimbursement by the tenant. As of December 31, 2022, 62% of our portfolio included leases with full pass through, 31% with a partial expense reimbursement (modified gross) and 7% with no expense reimbursement (gross). Our outpatient medical leases are non-cancellable operating leases that have a weighted-average remaining term of seven years at December 31, 2022 and are often credit enhanced by security deposits, guarantees and/or letters of credit.

Construction We provide funds for the construction of properties for tenants primarily as part of long-term operating leases. We capitalize certain interest costs associated with funds used for the construction of properties owned by us. The amount capitalized is based upon the amount advanced during the construction period using the rate of interest that approximates our company-wide cost of financing. Our interest expense is reduced by the amount capitalized. The construction period commences upon initial funding and terminates upon the earlier of the completion of the applicable property or the end of a specified period. During the construction period, we advance funds to the tenants in accordance with agreed upon terms and conditions which require, among other things, periodic site visits by a company representative. During the construction period, we generally require an additional credit enhancement in the form of payment and performance bonds and/or completion guarantees. At December 31, 2022, we had outstanding construction investments of \$1,021,080,000 and were committed to provide additional funds of approximately \$1,883,449,000 to complete construction for consolidated investment properties. We also provide for construction loans which, depending on the terms and conditions, could be treated as loans or investments in unconsolidated entities.

Loans Our real estate loans are typically structured to provide us with interest income, principal amortization and transaction fees. Real estate loans consist of mortgage loans and other real estate loans which are primarily collateralized by a first, second or third mortgage lien, a leasehold mortgage on, or an assignment of the partnership interest in the related properties, corporate guarantees and/or personal guarantees. Non-real estate loans are generally corporate loans with no real estate backing. At December 31, 2022, we had outstanding loans, net of allowances, of \$1,180,012,000 with an interest yield of approximately 9.9% per annum. Our yield on loans depends upon a number of factors, including the stated interest rate, average principal amount outstanding during the term of the loan and any interest rate adjustments. The loans outstanding at December 31, 2022 are generally subject to one to 15-year terms with principal amortization schedules and/or balloon payments of the outstanding principal balances at the end of the term.

Investments in Unconsolidated Entities Investments in entities that we do not consolidate but for which we can exercise significant influence over operating and financial policies are reported under the equity method of accounting. At December 31, 2022, we had investments in unconsolidated entities of \$1,499,790,000. Our investments in unconsolidated entities generally represent interests ranging from 10% to 88% in real estate assets. Under the equity method of accounting, our share of the investee's earnings or losses is included in our consolidated results of operations. The initial carrying value of investments in unconsolidated entities is based on the amount paid to purchase the entity interest inclusive of transaction costs. We evaluate our equity method investment based upon a comparison of the estimated fair value of the equity method investment to its carrying value. When we determine a decline in the estimated fair value of such an investment below its carrying value is other-than-temporary, an impairment is recorded.

In Substance Real Estate Additionally, we provide loans to third parties for the acquisition, development and construction of real estate. Under these arrangements, it is possible that we will participate in the expected residual profits of the project through the sale, refinancing or acquisition of the property. We evaluate the characteristics of each arrangement, including its risks and rewards, to determine whether they are more similar to those associated with a loan or an investment in real estate. Arrangements with characteristics implying real estate joint ventures are treated as in substance real estate investments, accounted for using the equity method, and are presented as investments in unconsolidated entities. We have made loans related to 21 properties with a carrying value of \$649,267,000 as of December 31, 2022, which are classified as in substance real estate investments.

Principles of Consolidation

The consolidated financial statements are in conformity with U.S general accepted accounting principles ("U.S. GAAP") and include the accounts of our whollyowned subsidiaries and joint venture entities that we control, through voting rights or other means. All material intercompany transactions and balances have been eliminated in consolidation

At inception of joint venture transactions, we identify entities for which control is achieved through means other than voting rights ("variable interest entities" or "VIEs") and determine which business enterprise is the primary beneficiary of its operations. A VIE is broadly defined as an entity where either (i) the equity investors as a group, if any, do not have a controlling financial interest, or (ii) the equity investment at risk is insufficient to finance that entity's activities without additional subordinated financial support. We consolidate investments in VIEs when we are determined to be the primary beneficiary. Accounting Standards Codification Topic 810, "Consolidations", requires enterprises to perform a qualitative approach to determining whether or not a VIE will need to be consolidated. This evaluation is based on an enterprise's ability to direct and influence the activities of a VIE that most significantly impact that entity's economic performance.

For investments in joint ventures, U.S. GAAP may preclude consolidation by the sole general partner in certain circumstances based on the type of rights held by the limited partner(s). We assess the limited partners' rights and their impact on our consolidation conclusions, and we reassess if there is a change to the terms or in the exercisability of the rights of the limited partners, the sole general partner increases or decreases its ownership of limited partnership interests, or there is an increase or decrease in the number of outstanding limited partnership interests. We similarly evaluate the rights of managing members of limited liability companies.

Borrowing Policies

We utilize a combination of debt and equity to fund investments. Generally, we intend to issue unsecured, fixed-rate public debt with long-term maturities to approximate the maturities on our triple-net leases and investment strategy. For short-term purposes, we may borrow on our primary unsecured credit facility or issue commercial paper. We typically replace these borrowings with long-term capital such as senior unsecured notes or common stock. When terms are deemed favorable, we may invest in properties subject to existing mortgage indebtedness. In addition, we may obtain secured financing for unleveraged properties in which we have invested or may refinance properties acquired on a leveraged basis. In certain agreements with our lenders, we are subject to restrictions with respect to secured and unsecured indebtedness.

Competition

We compete with other real estate investment trusts, real estate partnerships, private equity and hedge fund investors, banks, insurance companies, finance/investment companies, government-sponsored agencies, taxable and tax-exempt bond funds, health care operators, developers and other investors in the acquisition, development, leasing and financing of health care and seniors housing properties. We compete for investments based on a number of factors including relationships, certainty of execution, investment structures and underwriting criteria. Our ability to successfully compete is impacted by economic and demographic trends, availability of acceptable investment opportunities, our ability to negotiate beneficial investment terms, availability and cost of capital, construction and renovation costs and applicable laws and regulations.

The operators/tenants of our properties compete with properties that provide comparable services in the local markets. Operators/tenants compete for patients and residents based on a number of factors including quality of care, reputation, physical appearance of properties, location, services offered, family preferences (including a preference for home health services instead of residing in one of our communities), physicians, staff and price. We also face competition from other health care facilities for tenants, such as physicians and other health care providers that provide comparable facilities and services.

For additional information on the risks associated with our business, please see "Item 1A — Risk Factors" of this Annual Report on Form 10-K.

Environmental, Social and Governance

Environmental, Social and Governance ("ESG") Approach We are committed to operating in a responsible, transparent and sustainable manner. Our leadership (through the ESG Steering Committee launched in 2022) and Board of Directors (through the Nominating Corporate/Governance Committee), oversee and advance our ESG initiatives. We recognize that focusing on ESG engagement, integration and impact benefit our stakeholders and are fundamental to our business. Our corporate responsibility and sustainability strategy is focused on adopting leading ESG practices across our business and we were recognized for our leadership in this space over the past year in the following ways:

- · Recognized at the Management band level with a CDP score of "B" for taking coordinated action on climate issues;
- Raised MSCI ESG rating from AA to AAA;
- Listed in the FTSE4Good Index since 2012;

- Recognized by the U.S. Environmental Protection Agency (EPA) and U.S. Department of Energy as an ENERGY STAR Partner of the Year for the fourth consecutive year and maintained the level of Sustained Excellence, the EPA's highest recognition within the ENERGY STAR program;
- · Maintained top 30% (3rd decile) ISS Quality Score ranking for each Governance, Environment and Social;
- Named to the Bloomberg Gender-Equality Index for the fourth consecutive year;
- Maintained Prime status under the ISS-ESG Corporate rating for the fourth consecutive year;
- Improved GRESB score and maintained GRESB Green Star status;
- Named by S&P Global in the 2022 edition of The Sustainability Yearbook;

- · Named to the top 30 percent of Newsweek's America's Most Responsible Companies list for the fourth consecutive year; and
- Named to Sustainalytics 2022 Top-Rated ESG Companies list.

Environmental We strive to reduce our environmental impact by increasing energy and water efficiency, reducing greenhouse gas emissions, and by investing in projects that reduce energy and water consumption that meet our rate of return threshold. After several years of portfolio and program evolution, along with our increased ability to collect data in partnership with our operators and tenants, our property-level sustainability dataset (energy, greenhouse gas ("GHG"), water, and waste) is evolving to become a set of tools for benchmarking. A portion of our self-managed Outpatient Medical portfolio is benchmarked in EPA ENERGY STAR Portfolio Manager ("ESPM") and we regularly engage with our operators and tenants on ENERGY STAR, utility bill aggregators, utility companies, and others to add to our number of ESPM benchmarked properties throughout our portfolio.

We have employee, tenant, operator/manager and vendor engagement programs in place, focused on operational strategies to drive energy and water efficiency. We have issued guidance with accompanying training to assist them to successfully benchmark our buildings and to engage them to improve energy and water efficiency, as well as increase their recycling diversion rates.

In December 2019, we issued our inaugural green bond of \$500,000,000 of 2.700% senior unsecured notes due 2027 and in March 2022 we issued an additional green bond of \$550,000,000 of 3.85% senior unsecured notes due 2032. The net proceeds from the offerings have been, and continue to be, used to fund energy efficiency, water conservation and green building projects. As of September 30, 2022, we have utilized \$572,090,000 of proceeds from these issuances on such projects.

We understand that as we continue to make our operations and buildings more sustainable, we also have a responsibility to effectuate the same in our supply chain and our purchasing decisions. As such, we partner with suppliers that offer take back programs for their products, look for the ENERGY STAR label when purchasing eligible items, seek to purchase office supply products that contain recycled content and purchase paper products that are either Forest Stewardship Council or Sustainable Forestry Initiative certified.

Social We value and are committed to our employees. We believe that a diverse workplace produces a variety of perspectives, motivates employees and helps us understand and better serve our stakeholders, and the communities in which we do business. As of December 31, 2022, our U.S. employees self-identified as follows:

Ethnicity	Male	Female
Asian	7 %	9 %
Black or African American	4 %	8 %
Hispanic or Latino	8 %	7 %
Native Hawaiian or Other Pacific Islander	— %	1 %
Two or More Races	1 %	2 %
White	80 %	73 %
	100 %	100 %
Gender	51 %	49 %

We have reinforced our already strong commitment to diversity and inclusion through our Diversity Council and support of our eight employee network groups ("ENGs"). Our ENGs include women, families, racial and ethnic minorities, military, young professionals, and those who identify as LGBTQI+ and their allies. Our ENGs provide support, education, networking opportunities and community belonging for our employees. Our support of diversity and inclusion through our Diversity

Council and ENGs, taken together with other employee initiatives, such as tailored messaging, training and discussions on equality and belonging, support our efforts to compete for and foster talent and inclusiveness in an ever-changing workforce.

In addition, we have several social initiatives in place that are focused on fostering a more diverse workforce, engaging with our communities and promoting the health and well-being of our employees, tenants and residents. The Welltower Charitable Foundation (the "Foundation") financially supports charitable initiatives related to aging, health care, the environment, education and the arts. Since its inception, the Foundation has provided more than \$42 million in cash and in-kind support. We encourage our employees to give back to the community by matching their contributions and donating their time to eligible charitable organizations. Funds are also allocated to each of our ENGs to make charitable contributions in support of their programming efforts. Additionally, the Foundation facilitates presentations for charities to compete in the Give-WELL campaign. This campaign enables our employees to present and vote for charities that will receive donations from the Foundation. During 2022, we sponsored our third annual Day of Giving so our employees could collaborate to make an impact with local charitable organizations through volunteer opportunities. See Human Capital section below for additional information regarding employee initiatives and programs.

Governance Our commitment to diversity starts at the top with a highly knowledgeable, skilled and diverse Board of Directors. As of December 31, 2022, our ten Directors self-identified as follows:

Board Composition				
Ethnicity	Gender			
Asian	10 %	Male	60 %	
Black or African American	20 %	Female	40 %	
Hispanic or Latino	20 %		100 %	
White	50 %			
	100 %			

Nine of our ten Directors are independent and the independent Chair of our Board is held by a Black/African American male. Four of five, or 80%, of our Board committees are chaired by either a Female (2), Hispanic/Latino (1) or Black/African American (1) Director.

Additional information regarding our ESG programs and initiatives is available in our 2021 Environmental, Social and Governance Report (located on our website at www.welltower.com). Information on our website, including our Environmental, Social and Governance Report or sections thereof, is not incorporated by reference into this Annual Report.

Human Capital

Our employees are our greatest asset. As of December 31, 2022, we had 514 employees (491 located in United States, 14 in the United Kingdom, eight in Canada and one in Luxembourg). We are committed to the success of our people and the unique combination of skills and experiences they bring to achieving our mission.

Employee Engagement High employee engagement and satisfaction are critical to attracting and retaining top talent. During 2022, we conducted an employee engagement survey through an independent third party, measuring our progress on important employee issues such as manager relationships, employee empowerment, performance management and resources and support, and identifying opportunities for growth and improvement. The 2022 overall engagement score improved over the 2021 engagement score as a result of managers taking action on the 2021 results.

Employee Development Programs and Performance Management Development through the talent pipeline, recognizing and rewarding performance and providing opportunities for continued growth are the cornerstones of our Human Capital strategy. We offer employees resources, trainings and tools designed to develop future leaders, advance careers and attract and retain talent including but not limited to our robust early career programs, formal mentorship and coaching programs, manager development training, skill development courses and education assistance. During 2022, we continued executive management coaching programs to equip leaders with structured 360 feedback, customized development plans and guidance on company-wide succession planning. For some leaders, we partnered with a virtual coaching platform that scales individual access to expert coaches, training opportunities and enables behavioral change through award-winning artificial intelligence. For our senior vice presidents, we partnered with an independent advisory firm to provide one-on-one coaching, including an extensive 360 feedback process to focus on maximizing their executive leadership potential.

Compensation and Benefits In addition to salary, our compensation and benefits programs include annual short term incentive bonuses, long-term incentive stock awards, retirement plans, an employee stock purchase plan, healthcare and insurance benefits, health savings and flexible spending accounts, paid time off, parental and caregiver leave, senior wellness leave, employee assistance programs, tuition assistance and health and wellness reimbursement programs, among many others. With the assistance of independent third parties, we annually evaluate and benchmark the competitiveness of our compensation and benefits programs focusing on fair pay practices that reward performance and support the needs of our employees.

Health, Safety and Wellness The success of our business is fundamentally connected to the safety and well-being of our employees, tenants, operators and managers, and their residents and visitors, as the case may be. We provide our employees and their families with access to numerous innovative, flexible and convenient health and wellness programs that support physical, mental and financial well-being. While COVID-19 continued in 2022, our focus remained on providing a safe office environment for our employees while continuing to allow for remote work, hybrid work and flexible work schedules where feasible. With the support of the varying work arrangements and a geographically dispersed workforce, we continued to develop ways to best support our people. We improved our employee experience by growing our internal communication platform (intranet), enhancing connectivity and collaboration. The mobile application created an easily accessible digital homebase where all company communications, including important office announcements, must-read company articles and external media engagements are located. Additional communication tools, including podcasts, town hall meetings, team events (virtually and in person) and dedicated communication channels for ENGs, demonstrate our commitment to ensuring employee alignment and engagement. Although workplace injuries are minimal, our safety committee implemented a workforce injury root cause analysis program to ensure we focus on future incident prevention and improvement.

Certain Government Regulations

United States

Health Law Matters — Generally

Typically, operators of seniors housing facilities do not receive significant funding from government programs and are largely subject to state laws, as opposed to federal laws. Operators of long-term/post-acute care facilities and hospitals do receive significant funding from government programs, and these facilities are subject to extensive regulation, including federal and state laws covering the type and quality of medical and/or nursing care provided, ancillary services (e.g., respiratory, occupational, physical and infusion therapies), qualifications of the administrative personnel and nursing staff, the adequacy of the physical plant and equipment, reimbursement and rate setting and operating policies. In addition, as described below, operators of these facilities are subject to extensive laws and regulations pertaining to health care fraud and abuse, including, but not limited to, the federal Anti-Kickback Statute ("AKS"), the federal Stark Law ("Stark Law"), and the federal False Claims Act ("FCA"), as well as comparable state laws. Hospitals, physician group practice clinics, and other health care providers that operate in our portfolio are subject to extensive federal, state, and local licensure, registration, certification, and inspection laws, regulations, and industry standards, as well as other conditions of participation in federal and state government programs such as Medicare and Medicaid. Further, operators of long-term care facilities are required to have in place compliance and ethics programs that meet the requirements of federal laws and regulations. Our tenants' failure to comply with applicable laws and regulations could result in, among other things: loss of accreditation; denial of reimbursement; imposition of fines; suspension, decertification, or exclusion from federal and state health care programs; loss of license; or closure of the facility. See risk factors "The requirements of, or changes to, governmental reimbursement programs, such as Medicare or Medicaid, could have a material adverse effect on our obligors' liquidity, financial condition and results of operations, which could adversely affect our obligors' ability to meet their obligations to us" and "Our operators' or tenants' failure to comply with federal, state, local, and industry-regulated licensure, certification and inspection laws, regulations, and standards could adversely affect such operators' or tenants' operations, which could adversely affect our operators' and tenants' ability to meet their obligations to us" in "Item 1A - Risk Factors" below. Moreover, in light of certain arrangements that Welltower may pursue with healthcare entities who are directly subject to laws and regulations pertaining to health care fraud and abuse, and, given that certain of our arrangements are structured under the provisions of the REIT Investment Diversification and Empowerment Act of 2007 ("RIDEA"), certain health care fraud and abuse laws and data privacy laws could apply directly to Welltower. See risk factor "We assume operational and legal risks with respect to our properties managed in RIDEA structures that could have a material adverse effect on our business results of operations, and financial condition" in "Item 1A - Risk Factors" below.

Licensing and Certification

The primary regulations that affect seniors housing facilities are state licensing and certification laws. For example, certain health care facilities are subject to a variety of licensure and certificate of need ("CON") laws and regulations. Where applicable, CON laws generally require, among other requirements, that a facility demonstrate the need for (1) constructing a new facility, (2) adding beds or expanding an existing facility, (3) investing in major capital equipment or adding new services, (4) changing the ownership or control of an existing licensed facility or (5) terminating services that have been previously approved through the CON process. Certain state CON laws and regulations may restrict the ability of operators to add new properties or expand an existing facility's size or services. In addition, CON laws may constrain the ability of an operator to transfer responsibility for operating a particular facility to a new operator.

With respect to licensure, generally our long-term/post-acute care facilities are required to be licensed by the applicable state regulatory authority and certified for participation in Medicare, Medicaid and other federal and state health care programs. The failure of our operators to maintain or renew any required license or regulatory approval as well as the failure of our operators to correct serious deficiencies identified in a compliance survey could require those operators to discontinue operations at a property. In addition, if a property is found to be out of compliance with Medicare, Medicaid or other federal or state health care program conditions of participation, the property operator may be excluded from participating in those government health care programs.

Reimbursement

The reimbursement methodologies applied to health care facilities continue to evolve. Federal and state authorities have considered and implemented and may continue seeking to implement new or modified reimbursement methodologies, including value-based reimbursement methodologies that may negatively impact health care property operations. Likewise, third-party payors may continue imposing greater controls on operators, including through changes in reimbursement rates and fee structures. The impact of any such changes, if implemented, may result in a material adverse effect on our portfolio. No assurance can be given that current revenue sources or levels will be maintained. Accordingly, there can be no assurance that payments under a government health care program are currently, or will be in the future, sufficient to fully reimburse the property operators for their operating and capital expenses.

- Seniors Housing Facilities The majority of the revenues received by the operators of U.S. seniors housing facilities are from private pay sources. The remaining revenue source is primarily Medicaid provided under state waiver programs for home and community-based care. There can be no guarantee that a state Medicaid program operating pursuant to a waiver will be able to maintain its waiver status. Rates paid by self-pay residents are set by the facilities and are determined by local market conditions and operating costs. Generally, facilities receive a higher payment per day for a private pay resident than for a Medicaid beneficiary who requires a comparable level of care. The level of Medicaid reimbursement varies from state to state. Thus, the revenues generated by operators of our assisted living facilities may be adversely affected by payor mix, acuity level, or changes in Medicaid eligibility and reimbursement levels.
- Long-Term/Post-Acute Care Facilities The majority of the revenues received by the operators of these facilities are from the Medicare and Medicaid programs, with the balance representing reimbursement payments from private payors and patients. Consequently, changes in federal or state reimbursement policies may adversely affect an operator's ability to cover its expenses, including our rent or debt service. Long-term/post-acute care facilities are subject to periodic pre- and post-payment reviews and other audits by federal and state authorities. A review or audit of a property operator's claims could result in recoupments, denials or delay of payments in the future. Due to the significant judgments and estimates inherent in payor settlement accounting, no assurance can be given as to the adequacy of any reserves maintained by our property operators to cover potential adjustments to reimbursements or to cover settlements made to payors.
 - Medicare Reimbursement Generally, long-term/post-acute care facilities are reimbursed by Medicare under prospective payment systems, which generally provide reimbursement based upon a predetermined fixed amount per episode of care and are updated by CMS, an agency of the Department of Health and Human Services ("HHS") annually. There is a risk under these payment systems that costs will exceed the fixed payments, or that payments may be set below the costs to provide certain items and services. Further, there is risk that Medicare Skilled Nursing Facility ("SNF") payment reforms may impact our tenants and operators. In addition, the HHS Office of Inspector General has released recommendations to address SNF billing practices and Medicare payment rates, which may impact our tenants and operators. In September 2022, HHS announced that additional data about the ownership of all Medicare-certified nursing homes will be released to the public. This information will make it easier for stakeholders (such as state licensing officials, state and federal law enforcement and researchers) and the public to identify common owners of nursing homes across different nursing home locations. The information will also allow for greater accessibility to information regarding facilities' performance and any common ownership links among facilities with poor performance. CMS announced it is increasing scrutiny and oversight over the country's poorest performing nursing facilities by strengthening requirements for completion of the Special Focus Facility Program and increasing enforcement actions against facilities that fail to demonstrate improvement, including denial of payment and potential loss of Medicare certification.
 - Medicaid Reimbursement Many states reimburse SNFs using fixed daily rates, which are applied prospectively based on patient acuity and the historical costs incurred in providing patient care. In most states, Medicaid does not fully reimburse the cost of providing services. Certain states are attempting to slow the rate of Medicaid growth by freezing rates or restricting eligibility and benefits. In addition, Medicaid reimbursement rates may decline if state revenues in a particular state are not sufficient to fund budgeted expenditures.
- Medicare Reimbursement for Physicians, Hospital Outpatient Departments ("HOPDs"), and Ambulatory Surgical Centers ("ASCs") Changes in reimbursement to physicians, HOPDs and ASCs may further affect our tenants and operators. Generally, Medicare reimburses physicians under the Physician Fee Schedule, while HOPDs and ASCs are reimbursed under prospective payment systems. The Physician Fee Schedule and the HOPD and ASC prospective payment

systems are updated annually by CMS. These annual Medicare payment regulations have resulted in lower net pay increases than providers of those services have often expected. In addition, the Medicare and Children's Health Insurance Program Reauthorization Act of 2015 ("MACRA") includes payment reductions for providers who do not meet government quality standards. The implementation of pay-for-quality models like those required under MACRA has the potential to produce funding disparities that could adversely impact some provider tenants in outpatient medical buildings and other health care properties. Changes in Medicare Advantage plan payments may also indirectly affect our operators and tenants that contract with Medicare Advantage plans.

• Health Reform Laws The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, the "Health Reform Laws") dramatically altered how health care is delivered and reimbursed in the U.S. and any substantial changes may directly impact us or the operators and tenants of our properties. Other health reform measures could be implemented as a result of political, legislative, regulatory and administrative developments and judicial proceedings. On February 28, 2022, President Biden announced reforms to be implemented by CMS to ensure that: (a) every nursing home provides a sufficient number of staff who are adequately trained to provide high-quality care; (b) poorly performing nursing homes are held accountable for improper and unsafe care and immediately improve their services or are cut off from taxpayer dollars; and (c) the public has better information about nursing home conditions so that they can find the best available options. These reforms include minimum staffing requirements, reinforced safeguards against unnecessary medications, more funding for inspection activities, increased scrutiny on poor performers and expanded financial penalties and other sanctions. We cannot predict whether the existing Health Reform Laws, or future health care reform legislation, executive order, or regulatory changes, will have a material impact on our operators' or tenants' property or business.

Fraud & Abuse Enforcement

Long-term/post-acute care facilities (and seniors housing facilities that receive Medicaid payments) are subject to federal, state, and local laws, regulations, and applicable guidance that govern the operations and financial and other arrangements that may be entered into by health care providers. Certain of these laws, such as the AKS and Stark Law, prohibit direct or indirect payments of any kind for the purpose of inducing or encouraging the referral of patients for medical products or services reimbursable by government health care programs. Other government health program laws require providers to furnish only medically necessary services and submit to the government valid and accurate statements for each service. Our operators and tenants that receive payments from federal health care programs, such as Medicare and Medicaid, are subject to substantial financial penalties under the Civil Monetary Penalties Act and the FCA upon a finding of noncompliance with such laws. In addition, states may also have separate false claims acts, which, among other things, generally prohibit health care providers from filing false claims or making false statements to receive payments. Federal and state FCAs contain "whistleblower" provisions that permit private individuals to bring health care fraud enforcement claims on behalf of the government. Still other laws require providers to comply with a variety of safety, health and other requirements relating to the condition of the licensed property and the quality of care provided. Sanctions for violations of these laws, regulations and other applicable guidance may include, but are not limited to, criminal and/or civil penalties and fines, loss of licensure, immediate termination of government payments, exclusion from any government health care program, damage assessments and imprisonment. In certain circumstances, violation of these rules (such as those prohibiting abusive and fraudulent behavior) with respect to one property may subject other facilities under common contr

Prosecutions, investigations or whistleblower actions could have a material adverse effect on a property operator's liquidity, financial condition, and operations, which could adversely affect the ability of the operator to meet its financial obligations to us. In addition, government investigations and enforcement actions brought against the health care industry have increased dramatically over the past several years and are expected to continue. The costs for an operator of a health care property associated with both defending such enforcement actions and the undertakings in settling these actions can be substantial and could have a material adverse effect on the ability of an operator to meet its obligations to us. In addition, Welltower could potentially be directly subject to these health care fraud and abuse laws, as well as potential investigation or enforcement, as a result of our RIDEA-structured arrangements, and certain collaboration or other arrangements we may pursue with stakeholders who are directly subject to these laws.

Federal and State Data Privacy and Security Laws

The Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), as amended by the Health Information Technology for Economic and Clinical Health Act, and numerous other state and federal laws govern the collection, security, dissemination, use, access to and confidentiality of personal information, including individually identifiable health information. Violations of these laws may result in substantial civil and/or criminal fines and penalties. The costs to a business such as ours or to an operator of a health care property associated with developing and maintaining programs and systems to comply with data privacy and security laws, defending against privacy and security related claims or enforcement actions and

paying any assessed fines, can be substantial. Moreover, such costs could have a material adverse effect on the ability of an operator to meet its obligations to us. Finally, data privacy and security laws and regulations continue to develop, including with regard to HIPAA and U.S. state privacy laws. The California Consumer Privacy Act has been amended by the California Privacy Rights Act. These updates and the Virginia Consumer Data Protection Act went into effect January 1, 2023. Similar comprehensive privacy laws from Colorado, Connecticut and Utah will go into effect in 2023. As we use data to better inform our investments and the efficacy of care in our communities, these developments may add potential uncertainty and costs towards compliance obligations, business operations or transactions that depend on data. These new privacy laws may create restrictions or requirements in our, our operators' and other business partners' use, sharing and securing of data. New privacy and security laws could require substantial investment in resources to comply with regulatory changes as privacy and security laws proliferate in divergent ways or impose additional obligations, and potentially create new privacy related legal risks.

United Kingdom

In the U.K., care home services are principally regulated by the Health and Social Care Act 2008 (as amended) and other regulations. This legislation subjects service providers to a number of legally binding "Fundamental Standards" and requires, amongst other things, that all persons carrying out "Regulated Activities" in the U.K., and the managers of such persons, be registered. Providers of care home services are also subject (as data controllers) to laws governing their use of personal data (including in relation to their employees, clients and recipients of their services). These laws currently take the form of the U.K.'s Data Protection Act 2018 and the U.K. General Data Protection Regulation (collectively "U.K. DP Laws"). U.K. DP Laws impose a significant number of obligations on controllers with the potential for fines of up to 4% of annual worldwide turnover or £17.5 million, whichever is greater. Further, to the extent that an entity established in the U.K. or any other jurisdiction offers goods or services to individuals in the European Economic Area, that entity may also be subject to the E.U. General Data Protection Regulation ("E.U. GDPR"). Similarly, the E.U. GDPR imposes obligations on controllers with the potential for fines of up to 4% of annual worldwide turnover or €20 million, whichever is greater. Entities incorporated in or carrying on a business in the U.K., as well as individuals residing in the U.K., are also subject to the U.K. Bribery Act 2010. The U.K. has national minimum wage legislation with a maximum fine for non-payment of £20,000 per worker and employers who fail to pay will be banned from being a company director for up to 15 years. In addition, the Working Time and Holiday Pay Bill 2019-2021 is currently going through the U.K. Parliament, which makes provision for the expiration of the Working Time Regulations 1998, provides for additional regulations governing working time and makes provisions for holiday pay for employees.

Canada

Senior living residences in Canada are provincially regulated. Within each province, there are different categories for senior living residences that are generally based on the level of care sought and/or required by a resident (e.g. assisted or retirement living, senior living residences, residential care, long-term care). In some of these categories and depending on the province, residences may be government funded, or the individual residents may be eligible for a government subsidy, while other residences are exclusively private-pay. The governing legislation and regulations vary by province, but generally the object of the laws is to set licensing requirements and minimum standards for senior living residences, and regulate operations. These laws empower regulators in each province to take a variety of steps to ensure compliance, conduct inspections, issue reports and generally regulate the industry.

Our operations in Canada are subject to privacy legislation, including, in certain provinces, privacy laws specifically related to personal health information. Although the obligations of senior living residences in the various provinces differ, they all include the obligation to protect personal information. Under some of these laws, notification to the regulator in the event of an actual or suspected privacy breach is mandatory. The powers of privacy regulators and penalties for violations of privacy law vary according to the applicable law or are left to the courts. In September 2021, the province of Quebec adopted significant amendments to its privacy legislation, including a new enforcement scheme with significant penalties and fines: up to CAD \$10 million or 2% of global turnover (whichever is greater) for administrative monetary penalties and up to CAD \$25 million or 4% of global turnover for penal fines. The amendments will go into effect in three stages: (i) a few provisions on September 22, 2022, (ii) most provisions on September 22, 2023 (including the new enforcement scheme), and (iii) one provision on September 23, 2024. Senior living residences may also be subject to laws pertaining to residential tenancy, provincial and/or municipal laws applicable to fire safety, food services, zoning, occupational health and safety, public health and the provision of community health care and funded long-term/post-acute care.

Ganaral

Prior to the Reorganization on April 1, 2022, whereby the Company's predecessor, which had been known as Welltower Inc. until that date ("Old Welltower"), became a wholly owned subsidiary of WELL Merger Holdco Sub Inc. in a transaction intending to qualify as a reorganization under section 368(a)(1)(F) of the Internal Revenue Code of 1986, as amended (the "Code"). In connection with the Reorganization, Old Welltower changed its name to Welltower OP Inc., WELL Merger Holdco Sub Inc. changed its name to Welltower Inc. and Old Welltower became a "qualified REIT subsidiary" of the Company. Effective on May 24, 2022, Welltower OP Inc. converted from a Delaware corporation into a Delaware limited liability company named Welltower OP LLC (under both names, "Welltower OP"). Prior to the Reorganization, Old Welltower elected to be taxed as a REIT and was organized and operated in a manner intended to qualify as a REIT. As a result of the Reorganization, the Company is treated as a continuation of Old Welltower for U.S. federal income tax purposes and references in this summary to "the Company," "us," or "we" include references to Old Welltower unless otherwise specified or clearly required by the context.

We have been organized and operated in a manner intended to qualify as a REIT and we intend to continue to operate in such a manner as to qualify as a REIT, but there can be no assurance that we will qualify or remain qualified as a REIT. Qualification and taxation as a REIT depend upon our ability to meet a variety of qualification tests imposed under U.S. federal income tax law with respect to our income, assets, distributions and share ownership, as discussed below under "Qualification as a REIT."

In any year in which we qualify as a REIT, in general, we will not be subject to U.S. federal income tax on that portion of our REIT taxable income or capital gain that is distributed to stockholders. We may, however, be subject to tax at normal corporate rates on any taxable income or capital gain not distributed. If we elect to retain and pay income tax on our net capital gain, stockholders would be taxed on their proportionate shares of our undistributed net capital gain and would receive a refundable credit for their shares of any taxes paid by us on such gain.

Despite qualifying as a REIT, we may be subject to U.S. federal income and excise tax as follows:

- To the extent that we do not distribute all of our net capital gain or distribute at least 90%, but less than 100%, of our "REIT taxable income," as adjusted, we will be subject to tax on the undistributed amount at regular corporate tax rates;
- If we have net income from the sale or other disposition of "foreclosure property" that is held primarily for sale to customers in the ordinary course of business or other non-qualifying income from foreclosure property, such income will be taxed at the highest corporate rate;
- Any net income from prohibited transactions (which are, in general, sales or other dispositions of property held primarily for sale to customers in the ordinary course of business, other than dispositions of foreclosure property) will be subject to a 100% tax;
- If we fail to satisfy either the 75% or 95% gross income tests (as discussed below), but nonetheless maintain our qualification as a REIT because certain other requirements are met, we will be subject to a 100% tax on an amount equal to (1) the gross income attributable to the greater of (i) 75% of our gross income over the amount of qualifying gross income for purposes of the 75% gross income test (discussed below) or (ii) 95% of our gross income over the amount of qualifying gross income for purposes of the 95% gross income test (discussed below) multiplied by (2) a fraction intended to reflect our profitability;
- If we fail to distribute during each year at least the sum of (1) 85% of our REIT ordinary income for the year, (2) 95% of our REIT capital gain net income for such year (other than capital gain that we elect to retain and pay tax on) and (3) any undistributed taxable income from preceding periods, we will be subject to a 4% excise tax on the excess of such required distribution over amounts actually distributed; and
- We will be subject to a 100% tax on certain amounts from certain transactions involving our "taxable REIT subsidiaries" that are not conducted on an arm's length basis. See "Investments in Taxable REIT Subsidiaries."

We have acquired assets from "C" corporations in carryover basis transactions and may do so again in the future. A "C" corporation is generally defined as a corporation that is required to pay full corporate level U.S. federal income tax. If we recognize gain on the disposition of such assets during the five-year period beginning on the date on which the assets were acquired by us, then, to the extent of the assets' "built-in gain" (e.g., the excess of the fair market value of the asset over the adjusted tax basis of the asset, in each case determined as of the beginning of the five-year period), we will be subject to tax on the gain at the highest regular corporate rate applicable. The results described in this paragraph with respect to the recognition of built-in gain assume that the "C" corporation did not make and was not treated as making an election to treat the built-in gain assets as sold to an unrelated party. For our assets that are subject to the built-in gains tax, the potential amount of built-in gains tax will be an additional factor when considering a possible sale of such assets within the five-year period beginning on the date on which the assets were acquired by us. See Note 19 to our consolidated financial statements for additional information regarding the built-in gains tax.

Qualification as a REIT

A REIT is defined as a corporation, trust or association:

- (1) which is managed by one or more trustees or directors;
- (2) the beneficial ownership of which is evidenced by transferable shares or by transferable certificates of beneficial interest;
- (3) which would be taxable as a domestic corporation but for the U.S. federal income tax law relating to REITs;
- (4) which is neither a financial institution nor an insurance company;
- (5) the beneficial ownership of which is held by 100 or more persons in each taxable year of the REIT except for its first taxable year;
- (6) not more than 50% in value of the outstanding stock of which is owned during the last half of each taxable year, excluding its first taxable year, directly, indirectly or constructively, by or for five or fewer individuals (which includes certain entities) (the "Five or Fewer Requirement"); and
- (7) which meets certain income and asset tests described below.

Conditions (1) to (4), inclusive, must be met during the entire taxable year and condition (5) must be met during at least 335 days of a taxable year of 12 months or during a proportionate part of a taxable year of less than 12 months. For purposes of condition (6), pension funds and certain other tax-exempt entities are treated as individuals, subject to a "look-through" exception in the case of certain pension funds.

Based on publicly available information, we believe we have satisfied the share ownership requirements set forth in (5) and (6) above. In addition, Article VI of our by-laws provides for restrictions regarding ownership and transfer of shares. These restrictions are intended to assist us in continuing to satisfy the share ownership requirements described in (5) and (6) above but may not ensure that we will, in all cases, be able to satisfy such requirements.

We have complied with, and will continue to comply with, tax regulatory rules to send annual letters to certain of our stockholders requesting information regarding the actual ownership of our stock. If, despite sending the annual letters, we do not know, or after exercising reasonable diligence would not have known, whether we failed to meet the Five or Fewer Requirement, we will be treated as having met the Five or Fewer Requirement. If we fail to comply with these tax regulatory rules, we will be subject to a monetary penalty. If our failure to comply were due to intentional disregard of the requirement, the penalty would be increased. However, if our failure to comply were due to reasonable cause and not willful neglect, no penalty would be imposed.

For purposes of the REIT income and asset tests our assets and income will include any asset owned and any income earned directly or indirectly through a disregarded entity, including a "qualified REIT subsidiary," and a proportionate share of the assets of, and any income earned through, any entity we own that is treated as a partnership for U.S. federal income tax purposes, including Welltower OP. A corporation will qualify as a "qualified REIT subsidiary" if 100% of its stock is owned by a REIT, and the REIT does not elect to treat the subsidiary as a taxable REIT subsidiary.

We will own substantially all of our assets and earn substantially all of our income through Welltower OP and its direct or indirect subsidiaries. Prior to the LLC Conversion, Welltower OP was treated as a "qualified REIT subsidiary," provided that we continue to qualify as a REIT. After the LLC Conversion, Welltower OP became a disregarded entity for U.S. federal income tax purposes until the admission of additional regarded members, at which time Welltower OP became a regarded entity treated as a partnership for U.S. federal income tax purposes.

Although we intend for any partnership in which we have acquired or will acquire an interest, directly or indirectly (a "Subsidiary Partnership"), to operate in a manner consistent with the requirements for our qualification as a REIT, we will be an indirect limited partner or non-managing member in some of the Subsidiary Partnerships. Though we nonetheless expect that

all such Subsidiary Partnerships will be required to operate in a manner consistent with the requirements for our qualification as a REIT, if a Subsidiary Partnership in which we own an interest but do not have control takes or expects to take actions that could jeopardize our status as a REIT or require us to pay tax, we may be forced to dispose of our interest in such entity. In addition, it is possible that a Subsidiary Partnership could take an action which could cause us to fail a gross income or asset test and that we would not become aware of such action in time for us to dispose of our interest in the Subsidiary Partnership or take other corrective action on a timely basis. In that case, we could fail to qualify as a REIT unless we were able to qualify for a statutory REIT "savings" provision, which could require us to pay a significant penalty tax to maintain our REIT qualification.

Income Tests There are two separate percentage tests relating to our sources of gross income that we must satisfy each taxable year:

- At least 75% of our gross income (excluding gross income from certain sales of property held primarily for sale) generally must be directly or indirectly derived each taxable year from "rents from real property," dividends or other distributions on, and gain (other than gain from prohibited transactions) from the sale or other disposition of, REIT shares, mortgages on real property, other income from investments relating to real property or certain income from qualified temporary investments (the "75% gross income test").
- At least 95% of our gross income (excluding gross income from certain sales of property held primarily for sale) generally must be directly or indirectly
 derived each taxable year from any of the sources qualifying for the 75% gross income test and from dividends (including dividends from taxable REIT
 subsidiaries) and interest (the "95% gross income test").

Income from hedging and non-U.S. currency transactions is excluded from the 95% and 75% gross income tests if certain requirements are met but otherwise will constitute gross income which does not qualify under the 95% or 75% gross income tests.

Rents received by us will qualify as "rents from real property" for purposes of satisfying the gross income tests for a REIT only if several conditions are met:

- The amount of rent must not be based in whole or in part on the income or profits of any person, although rents generally will not be excluded merely because they are based on a fixed percentage or percentages of receipts or sales.
- Rents received from a tenant will not qualify as rents from real property if the REIT, or an owner of 10% or more of the REIT, directly or constructively owns
 10% or more of the tenant, unless the tenant is our taxable REIT subsidiary and certain other requirements are met with respect to the real property being
 rented
- If rent attributable to personal property leased in connection with a lease of real property is greater than 15% of the total rent received under the lease, then the portion of rent attributable to such personal property will not qualify as "rents from real property."
- For rents to qualify as rents from real property, we generally must not furnish or render services to tenants, other than through a taxable REIT subsidiary or an "independent contractor" from whom we derive no income, except that we may directly provide services that are usually or customarily rendered in the geographic area in which the property is located in connection with the rental of real property for occupancy only or are not otherwise considered rendered to the occupant for the occupant's convenience.
- We may lease "qualified health care properties" on an arm's-length basis to a taxable REIT subsidiary if the property is operated on behalf of such subsidiary by a person that qualifies as an "independent contractor" and that is, or is related to a person that is, actively engaged in the trade or business of operating health care facilities for any person unrelated to us or our taxable REIT subsidiary (such person, an "eligible independent contractor"). If this is the case, the rent that the REIT receives from the taxable REIT subsidiary generally will be treated as "rents from real property." A "qualified health care property" includes any real property and any personal property that is, or is necessary or incidental to the use of, a hospital, nursing facility, assisted living facility, congregate care facility, qualified continuing care facility, or other licensed facility that extends medical or nursing or ancillary services to patients and is operated by a provider of such services that is eligible for participation in the Medicare program with respect to such facility.

A REIT is permitted to render a de minimis amount of impermissible services to tenants of a property and still treat amounts received with respect to that property as rent from real property. The amount received or accrued by the REIT during the taxable year for the impermissible services with respect to a property may not exceed 1% of all amounts received or accrued by the REIT directly or indirectly from the property. The amount received for any service or management operation for this purpose shall be deemed to be not less than 150% of the direct cost of the REIT in furnishing or rendering the service or providing the management or operation. Furthermore, impermissible services may be furnished to tenants by a taxable REIT subsidiary subject to certain conditions, which would permit us to still treat rents received with respect to the property as rent from real property.

The term "interest" generally does not include any amount if the determination of the amount depends in whole or in part on the income or profits of any person, although an amount generally will not be excluded from the term "interest" solely by reason of being based on a fixed percentage of receipts or sales or by reason of being based on the income or profits of a debtor which derives substantially all of its income with respect to the property securing such debt from the leasing of substantially all of such property to tenants, to the extent that the rents paid by the tenants would qualify as rents from real property if the Company earned such amounts directly.

If we fail to satisfy one or both of the 75% or 95% gross income tests for any taxable year, we may nevertheless qualify as a REIT for such year if we are eligible for certain relief provisions provided by the Internal Revenue Code. These relief provisions generally will be available if (1) following our identification of the failure, we file a schedule for such taxable year describing each item of our gross income, and (2) the failure to meet such tests was due to reasonable cause and not due to willful neglect. It is not now possible to determine the circumstances under which we may be entitled to the benefit of these relief provisions. If these relief provisions apply, a 100% tax is imposed on an amount equal to (1) the gross income attributable to (i) 75% of our gross income over the amount of qualifying gross income test and (ii) 95% of our gross income over the amount of qualifying gross income test, multiplied by (2) a fraction intended to reflect our profitability. The Secretary of the Treasury is given broad authority to determine whether particular items of income or gain qualify under the 75% and 95% gross income tests and to exclude items from the measure of gross income for such purposes.

Asset Tests Within 30 days after the close of each quarter of our taxable year, we must also satisfy several tests relating to the nature and diversification of our assets determined in accordance with generally accepted accounting principles. At least 75% of the value of our total assets must be represented by real estate assets (including interests in real property, interests in mortgages on real property or on interests in real property, shares in other REITs and debt instruments issued by publicly offered REITs), cash, cash items (including receivables arising in the ordinary course of our operation), government securities and qualified temporary investments (the "75% asset test"). Although the remaining 25% of our assets generally may be invested without restriction, we are prohibited from owning securities representing more than 10% of either the vote (the "10% vote test") or value (the "10% value test") of the outstanding securities of any issuer other than another REIT or a taxable REIT subsidiary. Further, no more than 20% of our total assets may be represented by securities of one or more taxable REIT subsidiary (the "20% asset test"), another REIT or a taxable REIT subsidiary. Each of the 10% vote test, the 10% value test and the 20% and 5% asset tests must be satisfied at the end of each quarter. There are special rules which provide relief if the value-related tests are not satisfied due to changes in the value of the assets of a REIT.

Certain items are excluded from the 10% value test, including: (1) straight debt securities meeting certain requirements; (2) any loan to an individual or an estate; (3) any rental agreement described in Section 467 of the Internal Revenue Code, other than with a "related person"; (4) any obligation to pay rents from real property; (5) certain securities issued by a state or any subdivision thereof, the District of Columbia, a non-U.S. government, or any political subdivision thereof, or the Commonwealth of Puerto Rico; (6) any security issued by a REIT; and (7) any other arrangement that, as determined by the Secretary of the Treasury, is excepted from the definition of security ("10% Value Excluded Securities"). If a REIT, or its taxable REIT subsidiary, holds (1) straight debt securities of a corporate or partnership issuer and (2) securities of such issuer that are not 10% Value Excluded Securities and have an aggregate value greater than 1% of such issuer's outstanding securities, the straight debt securities will be included in the 10% value test.

A REIT's interest as a partner in a partnership is not treated as a security for purposes of applying the 10% value test to securities issued by the partnership. Further, any debt instrument issued by a partnership that is not a 10% Value Excluded Security will not be a security for purposes of applying the 10% value test (1) to the extent of the REIT's interest as a partner in the partnership or (2) if at least 75% of the partnership's gross income (excluding gross income from prohibited transactions) would qualify for the 75% gross income test. For purposes of the 10% value test, a REIT's interest in a partnership's assets is determined by the REIT's proportionate interest in any securities issued by the partnership (other than the excluded securities described in the preceding paragraph).

If a REIT or its "qualified business unit" uses a non-U.S. currency as its functional currency, the term "cash" includes such non-U.S. currency, but only to the extent such non-U.S. currency is (i) held for use in the normal course of the activities of the REIT or "qualified business unit" which give rise to items of income or gain that are included in the 95% and 75% gross income tests or are directly related to acquiring or holding assets qualifying under the 75% asset test, and (ii) not held in connection with dealing or engaging in substantial and regular trading in securities.

With respect to corrections of failures as to violations of the 10% vote test, the 10% value test or the 5% asset test, a REIT may avoid disqualification as a REIT by disposing of sufficient assets to cure a violation due to the ownership of assets that do not exceed the lesser of 1% of the REIT's assets at the end of the relevant quarter or \$10,000,000, provided that the disposition occurs within six months following the last day of the quarter in which the REIT first identified the violation. For violations of any of the REIT asset tests due to reasonable cause and not willful neglect that exceed the thresholds described in the preceding

sentence, a REIT can avoid disqualification as a REIT after the close of a taxable quarter by taking certain steps, including disposition of sufficient assets within the six month period described above to meet the applicable asset test, paying a tax equal to the greater of \$50,000 or the highest corporate tax rate multiplied by the net income generated by the non-qualifying assets during the period of time that the assets were held as non-qualifying assets and filing a schedule with the Internal Revenue Service that describes the non-qualifying assets.

Investments in Taxable REIT Subsidiaries REITs may own more than 10% of the voting power and value of securities in taxable REIT subsidiaries. Unlike a qualified REIT subsidiary, other disregarded entity or partnership, the income and assets of a taxable REIT subsidiary are not attributable to the REIT for purposes of satisfying the income and asset ownership requirements applicable to REIT qualification. We and any taxable corporate entity in which we own an interest, directly or indirectly, are allowed to jointly elect to treat such entity as a "taxable REIT subsidiary."

Certain of our subsidiaries have elected or will elect taxable REIT subsidiary status. Taxable REIT subsidiaries are subject to full corporate level U.S. federal taxation on their earnings but are permitted to engage in certain types of activities that cannot be performed directly by REITs without jeopardizing the REIT status of their parent REIT. The taxes to which our taxable REIT subsidiaries are subject will reduce the cash available for such taxable REIT subsidiaries to distribute as dividends to

The Internal Revenue Service may redetermine amounts from transactions between a REIT and its taxable REIT subsidiary where there is a lack of arm's-length dealing between the parties. Any taxable income allocated to, or deductible expenses allocated away, from a taxable REIT subsidiary would increase its tax liability. Further, certain amounts from certain transactions involving a REIT and its taxable REIT subsidiaries could be subject to a 100% tax if not conducted on an arm's length basis.

A taxable REIT subsidiary does not include any corporation that directly or indirectly operates or manages a lodging facility or a health care facility unless such facility is operated on behalf of such subsidiary by a person that is an independent contractor and certain other requirements are met. The failure of a subsidiary of ours to qualify as a taxable REIT subsidiary as a result of operating a lodging facility or a health care facility could have an adverse effect on the Company's ability to comply with the REIT income and asset tests, and thus could impair the Company's ability to qualify as a REIT unless the Company could avail itself of certain relief provisions under the Code.

For tax years beginning after December 31, 2022, the Inflation Reduction Act of 2022 ("IRA") imposes among other things, a 15% Corporate Alternative Minimum Tax ("Corporate AMT") on certain U.S. corporations with average adjusted financial statement income in excess of \$1 billion. Although, by its terms, the Corporate AMT is not applicable to REITs, it is not certain whether or how the Corporate AMT would apply to our TRSs.

In December 2022, Treasury issued Notice 2023-7, indicating its intention to propose regulations and provide other guidance regarding the Corporate AMT and issuing certain interim rules on which taxpayers may rely. Until further regulations and guidance from the IRS and Treasury are released, the impact of the Corporate AMT on our TRSs is uncertain and it is possible that our taxable REIT subsidiaries will be subject to material U.S. federal income taxes under the Corporate AMT.

Investments in REIT Subsidiaries The Company, through Welltower OP, owns and may acquire direct or indirect interests in one or more entities that have elected or will elect to be taxed as REITs under the Code (each, a "Subsidiary REIT"). A Subsidiary REIT is subject to the various REIT qualification requirements and other limitations described herein that are applicable to the Company. If a Subsidiary REIT were to fail to qualify as a REIT, then (i) that Subsidiary REIT would become subject to U.S. federal income tax and (ii) the Subsidiary REIT's failure to qualify could have an adverse effect on the Company's ability to comply with the REIT income and asset tests, and thus could impair the Company's ability to qualify as a REIT unless the Company could avail itself of certain relief provisions under the Code

Annual Distribution Requirements In order to avoid being taxed as a regular corporation, we are required to make distributions (other than capital gain distributions) to our stockholders which qualify for the dividends paid deduction in an amount at least equal to (1) the sum of (i) 90% of our "REIT taxable income" (computed without regard to the dividends paid deduction and our net capital gain) and (ii) 90% of the after-tax net income, if any, from foreclosure property, minus (2) a portion of certain items of non-cash income. These distributions must be paid in the taxable year to which they relate, or in the following taxable year if declared before we timely file our tax return for that year and if paid on or before the first regular distribution payment after such declaration. Prior to 2014, with respect to all REITs the amount distributed could not be preferential. This means that every stockholder of the class of stock to which a distribution is made must be treated the same as every other stockholder of that class, and no class of stock may be treated otherwise than in accordance with its dividend rights as a class (the "preferential dividend rule"). The preferential dividend rule no longer applies to publicly offered REITs, however, the rule is still applicable to REITs which are not publicly offered, which would include several of our Subsidiary REITs. To the extent that we do not distribute all of our net capital gain or distribute at least 90%, but less than 100%, of our "REIT taxable income," as adjusted, we will be subject to tax on the undistributed amount at regular corporate tax rates. As discussed above, we may be subject to an excise tax if we fail to meet certain other distribution requirements. Although we intend to make timely distributions sufficient to satisfy these annual distribution requirements for subsequent years, economic, market, legal, tax or other factors could limit our ability to meet those requirements.

It is also possible that, from time to time, we may not have sufficient cash or other liquid assets to meet the 90% distribution requirement, or to distribute such greater amount as may be necessary to avoid income and excise taxation, due to, among other things, (1) timing differences between (i) cash receipts and cash expenditures and (ii) the inclusion of income and deduction of expenses in arriving at our taxable income, or (2) the payment of expenditures that may not be deductible to us. In the event that timing differences occur, we may find it necessary to arrange for borrowings or, if possible, pay dividends in the form of taxable stock dividends in order to meet the distribution requirement.

Under certain circumstances, including in the event of a deficiency determined by the Internal Revenue Service, we may be able to rectify a resulting failure to meet the distribution requirement for a year by paying "deficiency dividends" to stockholders in a later year, which may be included in our deduction for distributions paid for the earlier year. Thus, we may be able to avoid being disqualified as a REIT and/or taxed on amounts distributed as deficiency dividends; however, we will be required to pay applicable penalties and interest based upon the amount of any deduction taken for deficiency dividend distributions.

Failure to Qualify as a REIT If we fail to qualify for taxation as a REIT in any taxable year, we will be subject to U.S. federal income tax on our taxable income at regular corporate rates. Distributions to stockholders in any year in which we fail to qualify as a REIT will not be deductible by us. As a result, we anticipate that our failure to qualify as a REIT would reduce the cash available for distribution by us to our stockholders. In addition, if we fail to qualify as a REIT, we will not be required to distribute any amounts to our stockholders, and all distributions to stockholders will be taxable as regular corporate dividends to the extent of our current and accumulated earnings and profits. In such event, corporate stockholders may be eligible for the dividends-received deduction. In addition, non-corporate stockholders, including individuals, may be eligible for the preferential tax rates on qualified dividend income. Non-corporate stockholders, including individuals, generally may deduct up to 20% of dividends from a REIT, other than capital gain dividends and dividends treated as qualified dividend income, for taxable years beginning before January 1, 2026 for purposes of determining their U.S. federal income tax, subject to certain holding period requirements and other limitations. If we fail to qualify as a REIT, such stockholders may not claim this deduction with respect to dividends paid by us. Unless entitled to relief under specific statutory provisions, we also will be disqualified from taxation as a REIT for the four taxable years following the year during which qualification was lost. It is not possible to state whether in all circumstances we would be entitled to statutory relief. Failure to qualify for even one year could result in our need to incur indebtedness or liquidate investments in order to pay potentially significant resulting tax liabilities.

In addition to the relief described above under "Income Tests" and "Asset Tests," statutory relief is available in the event that we violate a provision of the Internal Revenue Code that would result in our failure to qualify as a REIT if: (1) the violation is due to reasonable cause and not due to willful neglect; (2) we pay a penalty of \$50,000 for each failure to satisfy the provision; and (3) the violation does not include a violation described under "Income Tests" or "Asset Tests" above. It is not now possible to determine the circumstances under which we may be entitled to the benefit of these relief provisions.

Material U.S. Federal Income Tax Consequences to Holders of Our Stock and the Debt Securities of the Company and Welltower OP

The following discussion is a summary of the material U.S. federal income tax consequences to you of acquiring, owning and disposing of stock of the Company or debt securities of the Company or Welltower OP. This discussion is limited to holders who hold stock of the Company or debt securities of the Company or Welltower OP as "capital assets" within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all U.S. federal income tax consequences relevant to a holder's particular circumstances, including the alternative minimum tax. In addition, except where specifically noted, it does not address consequences relevant to holders subject to special rules, including, without limitation:

- U.S. expatriates and former citizens or long-term residents of the United States;
- U.S. holders (as defined below) whose functional currency is not the U.S. dollar;
- persons holding stock or debt securities as part of a hedge, straddle or other risk reduction strategy or as part of a conversion transaction or other integrated investment;
- banks, insurance companies, and other financial institutions;
- REITs or regulated investment companies;
- · brokers, dealers or traders in securities;
- "controlled foreign corporations," "passive foreign investment companies," and corporations that accumulate earnings to avoid U.S. federal income tax;
- S corporations, partnerships or other entities or arrangements treated as partnerships for U.S. federal income tax purposes (and investors therein);
- · tax-exempt organizations or governmental organizations;

- persons subject to special tax accounting rules as a result of any item of gross income with respect to stock or debt securities being taken into account in an applicable financial statement;
- · persons deemed to sell stock or debt securities under the constructive sale provisions of the Code; and
- · persons who hold or receive our stock pursuant to the exercise of any employee stock option or otherwise as compensation.

THIS DISCUSSION IS FOR INFORMATIONAL PURPOSES ONLY AND IS NOT INTENDED AS TAX ADVICE. INVESTORS SHOULD CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF OUR STOCK OR DEBT SECURITIES ARISING UNDER OTHER U.S. FEDERAL TAX LAWS (INCLUDING ESTATE AND GIFT TAX LAWS), UNDER THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR UNDER ANY APPLICABLE TAX TREATY.

For purposes of this discussion, a "U.S. holder" is a beneficial owner of stock of the Company or debt securities of the Company or Welltower OP that, for U.S. federal income tax purposes, is or is treated as:

- an individual who is a citizen or resident of the United States;
- an entity classified as a corporation created or organized under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (1) is subject to the primary supervision of a U.S. court and the control of one or more "United States persons" (within the meaning of Section 7701(a)(30) of the Code) or (2) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

For purposes of this discussion, a "non-U.S. holder" is any beneficial owner of our stock or debt securities that is neither a U.S. holder nor an entity treated as a partnership for U.S. federal income tax purposes.

If an entity treated as a partnership for U.S. federal income tax purposes holds our stock or debt securities, the tax treatment of a partner in the partnership will depend on the status of the partner, the activities of the partnership and certain determinations made at the partner level. Accordingly, partnerships holding stock of the Company or debt securities of the Company or Welltower OP and the partners in such partnerships should consult their tax advisors regarding the U.S. federal income tax consequences to them.

Taxation of Taxable U.S. Holders of Our Stock

Distributions Generally Distributions out of our current or accumulated earnings and profits will be treated as dividends and, other than with respect to capital gain dividends and certain amounts which have previously been subject to corporate level tax, as discussed below, will be taxable to our taxable U.S. holders as ordinary income when actually or constructively received. See "Tax Rates" below. As long as we qualify as a REIT, these distributions will not be eligible for the dividends-received deduction in the case of U.S. holders that are corporations or, except to the extent described in "Tax Rates" below, the preferential rates on qualified dividend income applicable to non-corporate U.S. holders, including individuals. For purposes of determining whether distributions to holders of our stock are out of our current or accumulated earnings and profits, our earnings and profits will be allocated first to our outstanding preferred stock, if any, and then to our outstanding common stock.

To the extent that we make distributions on our stock in excess of our current and accumulated earnings and profits allocable to such stock, these distributions will be treated first as a tax-free return of capital to a U.S. holder to the extent of the U.S. holder's adjusted tax basis in such shares of stock. This treatment will reduce the U.S. holder's adjusted tax basis in such shares of stock by such amount, but not below zero. Distributions in excess of our current and accumulated earnings and profits and in excess of a U.S. holder's adjusted tax basis in its shares will be taxable as capital gain. Such gain will be taxable as long-term capital gain if the shares have been held for more than one year. Dividends we declare in October, November, or December of any year and which are payable to a holder of record on a specified date in any of these months will be treated as both paid by us and received by the holder on December 31 of that year, provided we actually pay the dividend on or before January 31 of the following year. U.S. holders may not include in their own income tax returns any of our net operating losses or capital losses.

U.S. holders that receive taxable stock distributions, including distributions partially payable in our common stock and partially payable in cash, would be required to include the full amount of the distribution (i.e., the cash and the stock portion) as a dividend (subject to limited exceptions) to the extent of our current and accumulated earnings and profits for U.S. federal income tax purposes, as described above. The amount of any distribution payable in our common stock generally is equal to the amount of cash that could have been received instead of the common stock. Depending on the circumstances of a U.S. holder, the tax on the distribution may exceed the amount of the distribution received in cash, in which case such U.S. holder would

have to pay the tax using cash from other sources. If a U.S. holder sells the common stock it received in connection with a taxable stock distribution in order to pay this tax and the proceeds of such sale are less than the amount required to be included in income with respect to the stock portion of the distribution, such U.S. holder could have a capital loss with respect to the stock sale that could not be used to offset such income. A U.S. holder that receives common stock pursuant to such distribution generally has a tax basis in such common stock equal to the amount of cash that could have been received instead of such common stock as described above, and has a holding period in such common stock that begins on the day immediately following the payment date for the distribution.

Capital Gain Dividends Dividends that we properly designate as capital gain dividends will be taxable to our taxable U.S. holders as a gain from the sale or disposition of a capital asset held for more than one year, to the extent that such gain does not exceed our actual net capital gain for the taxable year. U.S. holders that are corporations may, however, be required to treat up to 20% of certain capital gain dividends as ordinary income.

Retention of Net Capital Gains We may elect to retain, rather than distribute as a capital gain dividend, all or a portion of our net capital gains. If we make this election, we would pay tax on our retained net capital gains. In addition, to the extent we so elect, our earnings and profits (determined for U.S. federal income tax purposes) would be adjusted accordingly, and a U.S. holder generally would:

- include its pro rata share of our undistributed capital gain in computing its long-term capital gains in its U.S. federal income tax return for its taxable year in which the last day of our taxable year falls, subject to certain limitations as to the amount that is includable;
- be deemed to have paid its share of the capital gains tax imposed on us on the designated amounts included in the U.S. holder's income as long-term capital gain;
- · receive a credit or refund for the amount of tax deemed paid by it; and
- increase the adjusted tax basis of its stock by the difference between the amount of includable gains and the tax deemed to have been paid by it.

In addition, a U.S. holder that is a corporation is required to appropriately adjust its earnings and profits for the retained capital gains in accordance with Treasury Regulations. These Treasury Regulations have not yet been promulgated so the appropriate method for making such adjustment is unclear.

Passive Activity Losses and Investment Interest Limitations Distributions we make and gain arising from the sale or exchange of our stock by a U.S. holder will not be treated as passive activity income. As a result, U.S. holder generally will not be able to apply any "passive losses" against this income or gain. A U.S. holder generally may elect to treat capital gain dividends, capital gains from the disposition of our stock and income designated as qualified dividend income, as described in "Tax Rates" below, as investment income for purposes of computing the investment interest limitation, but in such case, the holder will be taxed at ordinary income rates on such amount. Other distributions made by us, to the extent they do not constitute a return of capital, generally will be treated as investment income for purposes of computing the investment interest limitation.

Dispositions of Our Stock Except as described below under "Redemption or Repurchase by Us," if a U.S. holder sells or disposes of shares of our stock, it will recognize gain or loss for U.S. federal income tax purposes in an amount equal to the difference between the amount of cash and the fair market value of any property received on the sale or other disposition of the shares and the holder's adjusted tax basis in the shares. This gain or loss, except as provided below, will be long-term capital gain or loss if the holder has held such stock for more than one year. However, if a U.S. holder recognizes a loss upon the sale or other disposition of stock that it has held for six months or less, after applying certain holding period rules, the loss recognized will be treated as a long-term capital loss to the extent the U.S. holder received distributions from us which were required to be treated as long-term capital gains. The deductibility of capital losses is subject to limitations.

Redemption or Repurchase by Us A redemption or repurchase of shares of our stock will be treated under Section 302 of the Code as a distribution (and taxable as a dividend to the extent of our current and accumulated earnings and profits as described above under "Distributions Generally") unless the redemption or repurchase satisfies one of the tests set forth in Section 302(b) of the Code and is therefore treated as a sale or exchange of the redeemed or repurchased shares. The redemption or repurchase generally will be treated as a sale or exchange if it:

- is "substantially disproportionate" with respect to the U.S. holder,
- results in a "complete redemption" of the U.S. holder's stock interest in us, or
- is "not essentially equivalent to a dividend" with respect to the U.S. holder,

all within the meaning of Section 302(b) of the Code.

In determining whether any of these tests has been met, shares of our stock, including common stock and other equity interests in us, considered to be owned by the U.S. holder by reason of certain constructive ownership rules set forth in the Code, as well as shares of our stock actually owned by the U.S. holder, generally must be taken into account. Because the determination as to whether any of the alternative tests of Section 302(b) of the Code will be satisfied with respect to the U.S. holder depends upon the facts and circumstances at the time that the determination must be made, U.S. holders are advised to consult their tax advisors to determine such tax treatment.

If a redemption or repurchase of shares of our stock is treated as a distribution, the amount of the distribution will be measured by the amount of cash and the fair market value of any property received. See "Distributions Generally." A U.S. holder's adjusted tax basis in the redeemed or repurchased shares generally will be transferred to the holder's remaining shares of our stock, if any. If a U.S. holder owns no other shares of our stock, under certain circumstances, such basis may be transferred to a related person or it may be lost entirely. Prospective investors should consult their tax advisors regarding the U.S. federal income tax consequences of a redemption or repurchase of our stock.

If a redemption or repurchase of shares of our stock is not treated as a distribution, it will be treated as a taxable sale or exchange in the manner described under "Dispositions of Our Stock."

Tax Rates Currently, the maximum tax rate for non-corporate taxpayers for (1) long-term capital gains, including certain "capital gain dividends," generally is 20% (although depending on the characteristics of the assets which produced these gains and on designations which we may make, certain capital gain dividends may be taxed at a 25% rate) and (2) "qualified dividend income" generally is 20%. In general, dividends payable by REITs are not eligible for the reduced tax rate applicable to qualified dividend income, except to the extent that certain holding period requirements have been met and the REIT's dividends are attributable to dividends received from taxable corporations (such as its taxable REIT subsidiaries) or to income that was subject to tax at the corporate/REIT level (for example, if the REIT distributed taxable income that it retained and paid tax on in the prior taxable year). Capital gain dividends will only be eligible for the rates described above to the extent that they are properly designated by us as "capital gain dividends." As mentioned above, U.S. holders that are corporations may be required to treat up to 20% of some capital gain dividends as ordinary income. In addition, non-corporate U.S. holders, including individuals, generally may deduct up to 20% of dividends from a REIT, other than capital gain dividends and dividends treated as qualified dividend income, for taxable years beginning before January 1, 2026 for purposes of determining their U.S. federal income tax (but not for purposes of the 3.8% Medicare tax), subject to certain holding period requirements and other limitations.

Taxation of Tax-Exempt U.S. Holders of Our Stock

Dividend income from us and gain arising upon a sale of shares of our stock generally should not be unrelated business taxable income ("UBTI") to a tax-exempt U.S. holder, except as described below. This income or gain will be UBTI, however, to the extent a tax-exempt U.S. holder holds its shares as "debt-financed property" within the meaning of the Code. Generally, "debt-financed property" is property the acquisition or holding of which was financed through a borrowing by the tax-exempt holder.

For tax-exempt U.S. holders that are social clubs, voluntary employee benefit associations or supplemental unemployment benefit trusts exempt from U.S. federal income taxation under Sections 501(c)(7), (c)(9) or (c)(17) of the Code, respectively, income from an investment in our shares will constitute UBTI unless the organization is able to properly claim a deduction for amounts set aside or placed in reserve for specific purposes so as to offset the income generated by its investment in our shares. These prospective investors should consult their tax advisors concerning these "set aside" and reserve requirements.

Notwithstanding the above, however, a portion of the dividends paid by a "pension-held REIT" may be treated as UBTI as to certain trusts that hold more than 10%, by value, of the interests in the REIT. A REIT will not be a "pension-held REIT" if it is able to satisfy the "not closely held" requirement without relying on the "look-through" exception with respect to certain trusts or if such REIT is not "predominantly held" by "qualified trusts." As a result of restrictions on ownership and transfer of our stock contained in our charter, we do not expect to be classified as a "pension-held REIT," and as a result, the tax treatment described above should be inapplicable to our holders. However, because our common stock is (and, we anticipate, will continue to be) publicly traded, we cannot guarantee that this will always be the case.

Taxation of Non-U.S. Holders of Our Stock

These rules are complex, and no attempt is made herein to provide more than a brief summary of such rules. Accordingly, the discussion does not address all aspects of U.S. federal income taxation and does not address other federal, state, local or non-U.S. tax consequences that may be relevant to a non-U.S. holder in light of its particular circumstances. We urge non-U.S. holders to consult their tax advisors to determine the impact of U.S. federal, state, local and non-U.S. income and other tax laws and any applicable tax treaty on the acquisition, ownership and disposition of shares of our stock, including any reporting requirements.

Distributions Generally Distributions (including any taxable stock distributions) that are neither attributable to gains from sales or exchanges by us of United States real property interests ("USRPIs") nor designated by us as capital gain dividends (except as described below) will be treated as dividends of ordinary income to the extent that they are made out of our current or accumulated earnings and profits. Such distributions ordinarily will be subject to withholding of U.S. federal income tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty, unless the distributions are treated as effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such

dividends are attributable). Under certain treaties, however, lower withholding rates generally applicable to dividends do not apply to dividends from a REIT. Certain certification and disclosure requirements must be satisfied for a non-U.S. holder to be exempt from withholding under the effectively connected income exemption. Dividends that are treated as effectively connected with a U.S. trade or business generally will not be subject to withholding but will be subject to U.S. federal income tax on a net basis in the same manner as dividends paid to U.S. holders are subject to U.S. federal income tax. Any such dividends received by a non-U.S. holder that is a corporation may also be subject to an additional branch profits tax at a 30% rate (applicable after deducting U.S. federal income taxes paid on such effectively connected income) or such lower rate as may be specified by an applicable income tax treaty.

Except as otherwise provided below, we expect to withhold U.S. federal income tax at the rate of 30% on any distributions made to a non-U.S. holder unless:

- (1) a lower treaty rate applies and the non-U.S. holder furnishes an Internal Revenue Service Form W-8BEN or W-8BEN-E (or other applicable documentation) evidencing eligibility for that reduced treaty rate; or
- (2) the non-U.S. holder furnishes an Internal Revenue Service Form W-8ECI (or other applicable documentation) claiming that the distribution is income effectively connected with the non-U.S. holder's trade or business.

Distributions in excess of our current and accumulated earnings and profits will not be taxable to a non-U.S. holder to the extent that such distributions do not exceed the adjusted tax basis of the holder's stock, but rather will reduce the adjusted tax basis of such stock. To the extent that such distributions exceed the non-U.S. holder's adjusted tax basis in such stock, they generally will give rise to gain from the sale or exchange of such stock, the tax treatment of which is described below. However, such excess distributions may be treated as dividend income for certain non-U.S. holders. For withholding purposes, we expect to treat all distributions as made out of our current or accumulated earnings and profits. However, amounts withheld may be refundable if it is subsequently determined that the distribution was, in fact, in excess of our current and accumulated earnings and profits, provided that certain conditions are met.

Capital Gain Dividends and Distributions Attributable to a Sale or Exchange of United States Real Property Interests Distributions to a non-U.S. holder that we properly designate as capital gain dividends, other than those arising from the disposition of a USRPI, generally should not be subject to U.S. federal income taxation, unless:

- (1) the investment in our stock is treated as effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such dividends are attributable), in which case the non-U.S. holder will be subject to the same treatment as U.S. holders with respect to such gain, except that a non-U.S. holder that is a corporation may also be subject to a branch profits tax of up to 30%, as discussed above; or
- (2) the non-U.S. holder is a nonresident alien individual who is present in the United States for 183 days or more during the taxable year and certain other conditions are met, in which case the non-U.S. holder will be subject to U.S. federal income tax at a rate of 30% on the non-U.S. holder's capital gains (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S. source capital losses of such non-U.S. holder (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses.

Pursuant to the Foreign Investment in Real Property Tax Act, which is referred to as "FIRPTA," distributions to a non-U.S. holder that are attributable to gain from sales or exchanges by us of USRPIs, whether or not designated as capital gain dividends, will cause the non-U.S. holder to be treated as recognizing such gain as income effectively connected with a U.S. trade or business. Non-U.S. holders generally would be taxed at the regular rates applicable to U.S. holders, subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals. We also will be required to withhold and to remit to the Internal Revenue Service 21% of any distribution to non-U.S. holders attributable to gain from sales or exchanges by us of USRPIs. Distributions subject to FIRPTA may also be subject to a 30% branch profits tax in the hands of a non-U.S. holder that is a corporation. The amount withheld is creditable against the non-U.S. holder's U.S. federal income tax liability. However, any distribution with respect to any class of stock that is "regularly traded," as defined by applicable Treasury Regulations, on an established securities market located in the United States is not subject to FIRPTA, and therefore, not subject to the 21% U.S. withholding tax described above, if the non-U.S. holder did not own more than 10% of such class of stock at any time during the one-year period ending on the date of the distribution. Instead, such distributions generally will be treated as ordinary dividend distributions and subject to withholding in the manner described above with respect to ordinary dividends. Furthermore, distributions to "qualified foreign pension funds" or entities all of the interests of which are held by "qualified pension funds" are exempt from FIRPTA. Non-U.S. holders should consult their tax advisors regarding the application of these rules.

Retention of Net Capital Gains Although the law is not clear on the matter, it appears that amounts we designate as retained net capital gains in respect of our stock should be treated with respect to non-U.S. holders as actual distributions of capital gain dividends. Under this approach, the non-U.S. holders may be able to offset as a credit against their U.S. federal income tax liability their proportionate share of the tax paid by us on such retained net capital gains and to receive from the Internal

Revenue Service a refund to the extent their proportionate share of such tax paid by us exceeds their actual U.S. federal income tax liability. If we were to designate any portion of our net capital gain as retained net capital gain, non-U.S. holders should consult their tax advisors regarding the taxation of such retained net capital gain.

Sale of Our Stock Except as described below under "Redemption or Repurchase by Us," gain realized by a non-U.S. holder upon the sale, exchange or other taxable disposition of our stock generally will not be subject to U.S. federal income tax unless such stock constitutes a USRPI. In general, stock of a domestic corporation that is a "United States real property holding corporation," or USRPHC, will constitute a USRPI. We believe that we are a USRPHC. Our stock will not, however, constitute a USRPI so long as we are a "domestically controlled qualified investment entity." A "domestically controlled qualified investment entity" includes a REIT in which at all times during a five-year testing period less than 50% in value of its stock is held directly or indirectly by non-United States persons, subject to certain rules. For purposes of determining whether a REIT is a "domestically controlled qualified investment entity," a person who at all applicable times holds less than 5% of a class of stock that is "regularly traded" is treated as a United States person unless the REIT has actual knowledge that such person is not a United States person. Because our common stock is (and, we anticipate, will continue to be) publicly traded, no assurance can be given that we are or will continue to be a "domestically controlled qualified investment entity."

Even if we do not qualify as a "domestically controlled qualified investment entity" at the time a non-U.S. holder sells our stock, gain realized from the sale or other taxable disposition by a non-U.S. holder of such stock would not be subject to U.S. federal income tax under FIRPTA as a sale of a USRPI if:

- (1) such class of stock is "regularly traded," as defined by applicable Treasury Regulations, on an established securities market such as the New York Stock Exchange; and
- (2) such non-U.S. holder owned, actually and constructively, 10% or less of such class of stock throughout the shorter of the five-year period ending on the date of the sale or other taxable disposition or the non-U.S. holder's holding period.

In addition, dispositions of our stock by "qualified foreign pension funds" or entities all of the interests of which are held by "qualified foreign pension funds" are exempt from FIRPTA. Non-U.S. holders should consult their tax advisors regarding the application of these rules.

Notwithstanding the foregoing, gain from the sale, exchange or other taxable disposition of our stock not otherwise subject to FIRPTA will be taxable to a non-U.S. holder if either (a) the investment in our stock is treated as effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such gain is attributable), in which case the non-U.S. holder will be subject to the same treatment as U.S. holders with respect to such gain, except that a non-U.S. holder that is a corporation may also be subject to the 30% branch profits tax (or such lower rate as may be specified by an applicable income tax treaty) on such gain, as adjusted for certain items, or (b) the non-U.S. holder is a nonresident alien individual who is present in the United States for 183 days or more during the taxable year and certain other conditions are met, in which case the non-U.S. holder will be subject to a 30% tax on the non-U.S. holder's capital gains (or such lower rate specified by an applicable income tax treaty), which may be offset by U.S. source capital losses of the non-U.S. holder (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses. In addition, even if we are a domestically controlled qualified investment entity, upon disposition of our stock, a non-U.S. holder may be treated as having gain from the sale or other taxable disposition of a USRPI if the non-U.S. holder (1) disposes of such stock within a 30-day period preceding the ex-dividend date of a distribution, any portion of which, but for the disposition, would have been treated as gain from the sale or exchange of a USRPI and (2) acquires, or enters into a contract or option to acquire, or is deemed to acquire, other shares of that stock during the 61-day per

If gain on the sale, exchange or other taxable disposition of our stock were subject to taxation under FIRPTA or otherwise as a result of being effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States, the non-U.S. holder would be required to file a U.S. federal income tax return and would be subject to regular U.S. federal income tax with respect to such gain in the same manner as a taxable U.S. holder (subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals). In addition, if the sale, exchange or other taxable disposition of our stock were subject to taxation under FIRPTA, and if shares of the applicable class of our stock were not "regularly traded" on an established securities market, the purchaser of such stock generally would be required to withhold and remit to the Internal Revenue Service 15% of the purchase price.

Redemption or Repurchase by Us A redemption or repurchase of shares of our stock will be treated under Section 302 of the Code as a distribution (and taxable as a dividend to the extent of our current and accumulated earnings and profits) unless the redemption or repurchase satisfies one of the tests set forth in Section 302(b) of the Code and is therefore treated as a sale or exchange of the redeemed or repurchased shares. See "Redemption or Repurchase by Us" under "Taxation of Taxable U.S. Holders of Our Stock" above. Qualified shareholders and their owners may be subject to different rules, and should consult

their tax advisors regarding the application of such rules. If the redemption or repurchase of shares is treated as a distribution, the amount of the distribution will be measured by the amount of cash and the fair market value of any property received. See "Distributions Generally" above. If the redemption or repurchase of shares is not treated as a distribution, it will be treated as a taxable sale or exchange in the manner described above under "- Sale of Our Stock."

Taxation of Holders of Debt Securities of the Company or Welltower OP

The following summary describes the material U.S. federal income tax consequences of acquiring, owning and disposing of debt securities of the Company or Welltower OP. This discussion assumes the debt securities will be issued with less than a statutory de minimis amount of original issue discount for U.S. federal income tax purposes. In addition, this discussion is limited to persons purchasing the debt securities for cash at original issue and at their original "issue price" within the meaning of Section 1273 of the Code (i.e., the first price at which a substantial amount of the debt securities is sold to the public for cash).

U.S. Holders

Payments of Interest. Interest on a debt security generally will be taxable to a U.S. holder as ordinary income at the time such interest is received or accrued, in accordance with such U.S. holder's method of accounting for U.S. federal income tax purposes.

Sale or Other Taxable Disposition A U.S. holder will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a debt security. The amount of such gain or loss generally will be equal to the difference between the amount received for the debt security in cash or other property valued at fair market value (less amounts attributable to any accrued but unpaid interest, which will be taxable as interest to the extent not previously included in income) and the U.S. holder's adjusted tax basis in the debt security. A U.S. holder paid for the debt security. Any gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if the U.S. holder has held the debt security for more than one year at the time of such sale or other taxable disposition. Otherwise, such gain or loss will be short-term capital gain or loss. Long-term capital gains recognized by certain non-corporate U.S. holders, including individuals, generally will be taxable at reduced rates. The deductibility of capital losses is subject to limitations.

Non-U.S. Holders

Payments of Interest. Interest paid on a debt security to a non-U.S. holder that is not effectively connected with the non-U.S. holder's conduct of a trade or business within the United States generally will not be subject to U.S. federal income tax or withholding, provided that:

- the non-U.S. holder does not, actually or constructively, own 10% or more of the total combined voting power of all classes of our voting stock;
- the non-U.S. holder is not a controlled foreign corporation related to us through actual or constructive stock ownership; and
- either (1) the non-U.S. holder certifies in a statement provided to the applicable withholding agent under penalties of perjury that it is not a United States person and provides its name and address; (2) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds the debt security on behalf of the non-U.S. holder certifies to the applicable withholding agent under penalties of perjury that it, or the financial institution between it and the non-U.S. holder, has received from the non-U.S. holder a statement under penalties of perjury that such holder is not a United States person and provides the applicable withholding agent with a copy of such statement; or (3) the non-U.S. holder holds its debt security directly through a "qualified intermediary" (within the meaning of the applicable Treasury Regulations) and certain conditions are satisfied.

If a non-U.S. holder does not satisfy the requirements above, such non-U.S. holder will be subject to withholding tax of 30%, subject to a reduction in or an exemption from withholding on such interest as a result of an applicable tax treaty. To claim such entitlement, the non-U.S. holder must provide the applicable withholding agent with a properly executed Internal Revenue Service Form W-8BEN or W-8BEN-E (or other applicable documentation) claiming a reduction in or exemption from withholding tax under the benefit of an income tax treaty between the United States and the country in which the non-U.S. holder resides or is established

If interest paid to a non-U.S. holder is effectively connected with the non-U.S. holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such interest is attributable), the non-U.S. holder will be exempt from the U.S. federal withholding tax described above. To claim the exemption, the non-U.S. holder must furnish to the applicable withholding agent a valid Internal Revenue Service Form W-8ECI, certifying that interest paid on a debt security is not subject to withholding tax because it is effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States.

Any such effectively connected interest generally will be subject to U.S. federal income tax at the regular rates. A non-U.S. holder that is a corporation may also be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected interest, as adjusted for certain items

The certifications described above must be provided to the applicable withholding agent prior to the payment of interest and must be updated periodically. Non-U.S. holders that do not timely provide the applicable withholding agent with the required certification, but that qualify for a reduced rate under an applicable income tax treaty, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the Internal Revenue Service. Non-U.S. holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

Sale or Other Taxable Disposition A non-U.S. holder will not be subject to U.S. federal income tax on any gain realized upon the sale, exchange, redemption, retirement or other taxable disposition of a debt security (such amount excludes any amount allocable to accrued and unpaid interest, which generally will be treated as interest and may be subject to the rules discussed above in "Payments of Interest") unless:

- the gain is effectively connected with the non-U.S. holder's conduct of a trade or business within the United States (and, if required by an applicable income tax treaty, the non-U.S. holder maintains a permanent establishment in the United States to which such gain is attributable); or
- the non-U.S. holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met.

Gain described in the first bullet point above generally will be subject to U.S. federal income tax on a net income basis at the regular rates. A non-U.S. holder that is a corporation also may be subject to a branch profits tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on such effectively connected gain, as adjusted for certain items.

A non-U.S. holder described in the second bullet point above will be subject to U.S. federal income tax at a rate of 30% (or such lower rate specified by an applicable income tax treaty) on gain realized upon the sale or other taxable disposition of a debt security, which may be offset by U.S. source capital losses of the non-U.S. holder (even though the individual is not considered a resident of the United States), provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses.

Non-U.S. holders should consult their tax advisors regarding any applicable income tax treaties that may provide for different rules.

Information Reporting and Backup Withholding

U.S. Holders A U.S. holder may be subject to information reporting and backup withholding when such holder receives payments on stock of the Company or debt securities of the Company or Welltower OP or proceeds from the sale or other taxable disposition of such stock or debt securities (including a redemption or retirement of a debt security). Certain U.S. holders are exempt from backup withholding, including corporations and certain tax-exempt organizations. A U.S. holder will be subject to backup withholding if such holder is not otherwise exempt and:

- the holder fails to furnish the holder's taxpayer identification number, which for an individual is ordinarily his or her social security number;
- the holder furnishes an incorrect taxpayer identification number;
- the applicable withholding agent is notified by the Internal Revenue Service that the holder previously failed to properly report payments of interest or dividends; or
- the holder fails to certify under penalties of perjury that the holder has furnished a correct taxpayer identification number and that the Internal Revenue Service has not notified the holder that the holder is subject to backup withholding.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a U.S. holder's U.S. federal income tax liability, provided the required information is timely furnished to the Internal Revenue Service. U.S. holders should consult their tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption.

Non-U.S. Holders Payments of dividends on stock of the Company or interest on debt securities of the Company or Welltower OP generally will not be subject to backup withholding, provided the applicable withholding agent does not have actual knowledge or reason to know the holder is a United States person and the holder either certifies its non-U.S. status, such as by furnishing a valid Internal Revenue Service Form W-8BEN, W-8BEN-E or W-8ECI, or otherwise establishes an exemption. However, information returns are required to be filed with the Internal Revenue Service in connection with any distributions on stock of the Company or interest on debt securities of the Company or Welltower OP paid to the non-U.S. holder, regardless of whether such distributions constitute a dividend or whether any tax was actually withheld. In addition,

proceeds of the sale or other taxable disposition of such stock or debt securities (including a retirement or redemption of a debt security) within the United States or conducted through certain U.S.-related brokers generally will not be subject to backup withholding or information reporting if the applicable withholding agent receives the certification described above and does not have actual knowledge or reason to know that such holder is a United States person, or the holder otherwise establishes an exemption. Proceeds of a disposition of such stock or debt securities conducted through a non-U.S. office of a non-U.S. broker generally will not be subject to backup withholding or information reporting.

Copies of information returns that are filed with the Internal Revenue Service may also be made available under the provisions of an applicable treaty or agreement to the tax authorities of the country in which the non-U.S. holder resides or is established.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a non-U.S. holder's U.S. federal income tax liability, provided the required information is timely furnished to the Internal Revenue Service.

Medicare Contribution Tax on Unearned Income

Certain U.S. holders that are individuals, estates or trusts are required to pay an additional 3.8% tax on, among other things, dividends on stock, interest on debt obligations, and capital gains from the sale or other disposition of stock or debt obligations, subject to certain limitations. U.S. holders should consult their tax advisors regarding the effect, if any, of these rules on their ownership and disposition of our stock or debt securities.

Additional Withholding Tax on Payments Made to Non-U.S. Accounts

Withholding taxes may be imposed under Sections 1471 to 1474 of the Code (such sections commonly referred to as the Foreign Account Tax Compliance Act ("FATCA")) on certain types of payments made to non-U.S. financial institutions and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on dividends on stock of the Company, interest on debt securities of the Company or Welltower OP, in each case paid to a "foreign financial institution" or a "non-financial foreign entity" (each as defined in the Code), unless (1) the foreign financial institution undertakes certain diligence and reporting obligations, (2) the non-financial foreign entity either certifies it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each substantial United States owner, or (3) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in clause (1) above, it must enter into an agreement with the U.S. Department of the Treasury requiring, among other things, that it undertake to identify accounts held by certain "specified United States persons" or "United States owned foreign entities" (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on certain payments to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of dividends on stock of the Company or interest on debt securities of the Company or Welltower OP. While withholding under FATCA would have applied also to payments of gross proceeds from the sale or other disposition of stock or debt securities on or after January 1, 2019, proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued. Because we may not know the extent to which a distribution is a dividend for U.S. federal income tax purposes at the time it is made, for purposes of these withholding rules we may treat the entire distribution as a dividend

Non-U.S. holders should consult their tax advisors regarding the potential application of withholding under FATCA to their investment in stock of the Company or debt securities of the Company or Welltower OP.

Other Tax Consequences

State, local and non-U.S. income tax laws may differ substantially from the corresponding U.S. federal income tax laws, and this discussion does not purport to describe any aspect of the tax laws of any state, local or non-U.S. jurisdiction, or any U.S. federal tax other than income tax. You should consult your tax advisor regarding the effect of state, local and non-U.S. tax laws with respect to our tax treatment as a REIT and on an investment in our stock or debt securities.

In addition, the tax laws and regulations in non-U.S. jurisdictions may impose costs and expenses on the Company, its subsidiaries, and assets and investments of the Company held in non-U.S. jurisdictions (including the costs of compliance with and filings under applicable laws, rules and regulations). The Company has substantial assets, and will likely be subject to tax, reporting, legal, regulatory, and other obligations, in the U.K. and Canada. The treatment of an entity for U.S. federal income tax purposes may not be determinative of its treatment for certain state, local, or non-U.S. tax purposes.

Tax Aspects of Our Investments in Welltower OP and Subsidiary Partnerships

The following discussion summarizes certain U.S. federal income tax considerations applicable to our direct or indirect investments in subsidiary partnerships (including Welltower OP).

Classification as Partnerships We are required to include in our income our distributive share of Welltower OP's and Subsidiary Partnerships' income and are entitled to deduct our distributive share of Welltower OP's and Subsidiary Partnerships' losses only if the applicable partnership is classified for U.S. federal income tax purposes as a partnership rather than as a corporation or association taxable as a corporation. An organization will be classified as a partnership, rather than as a corporation, for U.S. federal income tax purposes if it (1) is treated as a partnership under Treasury regulations relating to entity classification (the "check-the-box regulations") and (2) is not a "publicly traded partnership" taxable as a corporation.

Under the check-the-box regulations, an unincorporated entity with at least two members may elect to be classified either as an association taxable as a corporation or as a partnership. Generally, if such an entity fails to make an election, it generally will be treated as a partnership for U.S. federal income tax purposes. We believe that Welltower OP is classified as a partnership for U.S. federal income tax purposes.

A publicly traded partnership is a partnership whose interests are traded on an established securities market or are readily tradable on a secondary market (or the substantial equivalent thereof). While interests in Welltower OP and Subsidiary Partnership will not be traded on an established securities market, they could possibly be deemed to be traded on a secondary market or its equivalent due to the redemption rights enabling the limited members to dispose of their interests. A publicly traded partnership will not, however, be treated as a corporation for any taxable year if 90% or more of the partnership's gross income for such year consists of certain passive-type income, including (as may be relevant here) real property rents, gains from the sale or other disposition of real property, interest, and dividends (the "90% Passive Income Exception"). The income requirements applicable to us in order for us to qualify as a REIT under the Code and the definition of qualifying income under the Passive Income Exception are very similar. Although differences exist between these two income tests, we do not believe that these differences would cause Welltower OP or Subsidiary Partnerships not to satisfy the 90% Passive Income Exception applicable to publicly traded partnerships.

If for any reason Welltower OP or a Subsidiary Partnership were taxable as a corporation, rather than as a partnership, for U.S. federal income tax purposes, our ability to qualify as a REIT could be jeopardized. See "Income Tests" and "Asset Tests." In addition, any change in Welltower OP's or a Subsidiary Partnership's status for tax purposes might be treated as a taxable event, in which case we might incur tax liability without any related cash distribution. See "Annual Distribution Requirements." Further, items of income and deduction of Welltower OP or a Subsidiary Partnership would not pass through to its members, and its members would be treated as shareholders for tax purposes. Consequently, Welltower OP or a Subsidiary Partnership would be required to pay income tax at corporate tax rates on its net income, and distributions to its members would constitute dividends that would not be deductible in computing such Welltower OP's or Subsidiary Partnership's taxable income.

Members, Not Partnership, Subject to Tax Except as discussed below in "Revised Partnership Audit Rules," a partnership itself is not a taxable entity for U.S. federal income tax purposes. Rather, we are required to take into account our allocable share of each partnership's income, gains, losses, deductions and credits for any taxable year of the partnership ending during our taxable year, without regard to whether we have received or will receive any distribution from such partnership.

Partnership Allocations Although a partnership agreement generally will determine the allocation of income and losses among partners, such allocations will be disregarded for tax purposes if they do not comply with the provisions of Section 704(b) of the Code and the Treasury regulations promulgated thereunder. If an allocation is not recognized for U.S. federal income tax purposes, the item subject to the allocation will be reallocated in accordance with the partners' interests in the partnership, which will be determined by considering all of the facts and circumstances relating to the economic arrangement of the partners with respect to such item. Welltower OP's and each Subsidiary Partnerships' allocations of taxable income, gain and loss are intended to comply with the requirements of Section 704(b) of the Code and the Treasury regulations promulgated thereunder.

Tax Allocations with Respect to Certain Properties Pursuant to Section 704(c) of the Code, income, gain, loss and deduction attributable to appreciated property that is contributed to a partnership in exchange for an interest in the partnership must be allocated in a manner such that the contributing partner is charged with, or benefits from, respectively, the unrealized gain or unrealized loss associated with the property at the time of the contribution. The amount of such unrealized gain or unrealized loss is generally equal to the difference between the fair market value of contributed property at the time of contribution and the adjusted tax basis of such property at the time of contribution (a "Book-Tax Difference"). Such allocations are solely for U.S. federal income tax purposes and do not affect the book capital accounts or other economic or legal arrangements among the partners. Welltower OP's partnership agreement requires such allocations to be made in a manner permitted under Section 704(c) of the Code.

In general, the members who contribute property to Welltower OP will be allocated depreciation deductions for tax purposes which are lower than such deductions would be if determined on a pro rata basis. In addition, in the event of the disposition of any of the contributed assets (including our properties) which have a Book-Tax Difference, all gain or loss attributable to such Book-Tax Difference (to the extent not previously taken into account) will generally be allocated to the contributing members, including us, and other members will generally be allocated only their share of income attributable to gain or loss, if any, occurring after such contribution. This will tend to eliminate the Book-Tax Difference over the life of Welltower OP. However, the special allocation rules of Section 704(c) do not always entirely eliminate the Book-Tax Difference on an annual basis or with respect to a specific taxable transaction such as a sale. Thus, the carryover basis of the contributed assets in the hands of Welltower OP may cause us to be allocated lower depreciation and other deductions, and possibly an amount of taxable gain in the event of a sale of such contributed assets in excess of the economic or book income allocated to us as a result of such sale.

A Book-Tax Difference may also arise as a result of the revaluation of property owned by a partnership in connection with certain types of transactions, including in connection with certain non-prorata contributions of assets to, or distributions of assets by, Welltower OP in exchange for, or in redemption of, interests in Welltower OP. In the event of such a revaluation, the members (including us) who were members in the partnership immediately prior to the revaluation will be required to take any Book-Tax Difference created as a result of such revaluation into account in substantially the same manner as under the Section 704(c) rules discussed above. This would result in us being allocated income, gain, loss and deduction for tax purposes in amounts different than the economic or book income allocated to us by the partnership.

The application of Section 704(c) to Welltower OP may cause us to recognize taxable income in excess of cash proceeds, which might adversely affect our ability to comply with the REIT distribution requirements. See "Annual Distribution Requirements." The foregoing principles also apply in determining our earnings and profits for purposes of determining the portion of distributions taxable as dividend income. The application of these rules over time may result in a higher portion of distributions being taxed as dividends than would have occurred had we purchased the contributed or revalued assets at their agreed values.

Treasury has issued regulations requiring partnerships to use a "reasonable method" for allocating items affected by Section 704(c) of the Code and outlining several reasonable allocation methods. We have the discretion to determine which of the methods of accounting for Book-Tax Differences (specifically approved in the Treasury regulations) will be elected with respect to any properties contributed to or revalued by Welltower OP. We have not determined which method of accounting for Book-Tax Differences will be elected for properties contributed to or revalued by Welltower OP in the future.

Basis in Partnership Interest Our adjusted tax basis in a partnership interest generally is equal to:

- the amount of cash and the adjusted tax basis of any other property contributed (or deemed contributed) by us to the partnership;
- increased by our allocable share of the partnership's income, and
- · reduced, but not below zero, by
 - our allocable share of the partnership's loss, and
 - the amount of cash and the basis of any property distributed (or deemed distributed) to us.

If the allocation of our distributive share of the partnership's loss would reduce the adjusted tax basis of our partnership interest in the partnership below zero, the recognition of such loss will be deferred until such time as the recognition of such loss would not reduce our adjusted tax basis below zero. To the extent that the partnership's distributions (including deemed distributions) would reduce our adjusted tax basis below zero, such distributions would constitute taxable gain to us, which could be treated as ordinary income or long-term or short-term capital gain.

Partnership Audit Rules A partnership (and not its partners) must pay any "imputed underpayments," consisting of delinquent taxes, interest, and penalties deemed to arise out of an audit of the partnership, unless certain alternative methods are available and the partnership elects to utilize them. The Internal Revenue Service has issued regulations providing details on many of these provisions, but it is still not entirely clear how all of these rules will be implemented. Accordingly, it is possible that in the future, we and/or any partnership in which we are a partner could be subject to, or otherwise bear the economic burden of, U.S. federal income tax, interest, and penalties resulting from a U.S. federal income tax audit.

Item 1A. Risk Factors

Risk Factor Summary

The following summarizes the principal factors that make an investment in our company speculative or risky, all of which are more fully described in the Risk Factors section below. This summary should be read in conjunction with the Risk Factors section and should not be relied upon as an exhaustive summary of the material risks facing our business. - increases in interest rates.

Risks Arising from Our Status as a REIT

As a result of our status as a REIT, we are exposed to risks, including those related to:

- our ability to remain qualified as a REIT;
- Welltower OP's ability to maintain status of a partnership;
- the ability of our subsidiaries to qualify as a REIT;
- the impact of tax imposed on any net income from "prohibited transactions" may limit our ability to engage in transactions which would be treated as sales for federal income tax purposes;
- the impact of the 90% annual distribution requirement on our liquidity and ability to engage in otherwise beneficial transactions;
- our limited ability to use taxable REIT subsidiaries under the Code;
- special requirements applicable to the lease of qualified health care properties to a taxable REIT subsidiary;

- · changes in our tax rate or exposure to additional tax liabilities; and
- the impact to our TRSs of the Corporate Alternative Minimum Tax imposed by the Inflation Reduction Act of 2022.

Risks Factors

This section highlights significant factors, events and uncertainties that could create risk with an investment in our securities. The events and consequences discussed in these risk factors could, in circumstances we may not be able to accurately predict, recognize or control, have a material adverse effect on our business, growth, reputation, prospects, financial condition, operating results, cash flows, liquidity, ability to pay dividends and stock price. These risk factors do not identify all risks that we face: our operations could also be affected by factors, events or uncertainties that are not presently known to us or that we currently do not consider to present significant risks to our operations. We group these risk factors into three categories:

- Risks arising from our business;
- · Risks arising from our capital structure; and
- Risks arising from our status as a REIT.

Risks Arising from Our Business

Our investments in and acquisitions of health care and seniors housing properties may be unsuccessful or fail to meet our expectations

Some of our acquisitions may not prove to be successful. We could encounter unanticipated difficulties and expenditures relating to any acquired properties, including contingent liabilities, and acquired properties might require significant management attention that would otherwise be devoted to our ongoing business. If we agree to provide construction funding to an operator/tenant and the project is not completed, we may need to take steps to ensure completion of the project. Such expenditures may negatively affect our results of operations. Investments in and acquisitions of seniors housing and health care properties entail risks associated with real estate investments generally, including risks that the investment will not achieve expected returns, that the cost estimates for necessary property improvements will prove inaccurate or that the tenant, operator or manager will fail to meet performance expectations. Furthermore, there can be no assurance that our anticipated acquisitions and investments, the completion of which is subject to various conditions, will be consummated in accordance with anticipated timing, on anticipated terms, or at all. We may be unable to obtain or assume financing for acquisitions on favorable terms or at all. Health care properties are often highly customizable and the development or redevelopment of such properties may require costly tenant-specific improvements. We have experienced delays and disruptions to property redevelopment as a result of supply chain issues and construction material and labor shortages and may experience additional or more significant such delays in the future. We also may be unable to quickly and efficiently integrate new acquisitions, particularly acquisitions of portfolios of properties, into our existing operations, and this could have an adverse effect on our results of operations and financial condition. Acquired properties may be located in new markets, either within or outside the United States, where we may face risks associated with a lack of

Acquired properties may expose us to unknown liability

We may acquire properties or invest in joint ventures that own properties subject to liabilities and without any recourse, or with only limited recourse, against the prior owners or other third parties with respect to unknown liabilities. As a result, if a liability were asserted against us based upon ownership of those properties, we might have to pay substantial sums to settle or contest it, which could adversely affect our results of operations and cash flow. Unknown liabilities with respect to acquired properties might include: liabilities for clean-up of undisclosed environmental contamination, claims by tenants, vendors or other persons against the former owners of the properties, liabilities incurred in the ordinary course of business and claims for indemnification by general partners, directors and others indemnified by the former owners of the properties.

Competition for acquisitions may result in increased prices for properties

In order to maintain current revenues and continue generating attractive returns, we seek to reinvest cash available from the proceeds of sales of our securities, principal payments on our loans receivable or the sale of properties, including non-elective dispositions in a timely manner. We face competition for acquisition opportunities from other well-capitalized investors, including publicly traded and privately held REITs, private real estate funds, domestic and foreign financial institutions, life insurance companies, sovereign wealth funds, pension trusts, partnerships and individual investors. In addition, limited development during the COVID-19 pandemic has reduced the number of new properties becoming available. This competition may adversely affect us by subjecting us to the following risks: we may be unable to acquire a desired property because of competition from other well-capitalized real estate investors and, even if we are able to acquire a desired property, competition from other real estate investors may significantly increase the purchase price.

Our investments in joint ventures could be adversely affected by our lack of exclusive control over these investments, our partners' insolvency or failure to meet their obligations, and disputes between us and our partners

We have entered into, and may continue in the future to enter into, partnerships or joint ventures with other persons or entities, including our 85/15 joint venture with Integra Healthcare Properties. Joint venture investments involve risks that may not be present with other methods of ownership, including the possibility that our partner might become insolvent, refuse to make capital contributions when due or otherwise fail to meet its obligations, which may result in certain liabilities to us for guarantees and other commitments; that our partner might at any time have economic or other business interests or goals that are or become inconsistent with our interests or goals; that we could become engaged in a dispute with our partner, which could require us to expend additional resources to resolve such dispute and could have an adverse impact on the operations and profitability of the joint venture; that our partner may be in a position to take action or withhold consent contrary to our instructions or requests; and that our joint venture partners may be structured differently than us for tax purposes, which could create conflicts of interest and risks to our REIT status. In some instances, we and/or our partner may have the right to trigger a buy-sell, put right or forced sale arrangement, which could cause us to sell our interest, acquire our partner's interest or sell the underlying asset at a time when we otherwise would not have initiated such a transaction. Our ability to acquire our partner's interest may be limited if we do not have sufficient cash, available borrowing capacity or other capital resources. In such event, we may be forced to sell our interest in the joint venture when we would otherwise prefer to retain it. On the other hand, our ability to transfer our interest in a joint venture to a third party may be restricted and the market for our interest may be limited and/or valued lower than fair market value. Joint ventures may require us to share decision-making authority with our partners,

We assume operational and legal risks with respect to our properties managed in RIDEA structures that could have a material adverse effect on our business, results of operations and financial condition

We have entered into various joint ventures that were structured under the provisions of the REIT Investment Diversification and Empowerment Act of 2007 ("RIDEA"), which permits REITs to own or partially own "qualified health care properties" in a structure through which we can participate directly in the cash flow of the properties' operations (as compared to receiving only contractual rent payments) in compliance with REIT requirements. A "qualified health care property" includes real property and any personal property that is, or is necessary or incidental to the use of, a hospital, nursing facility, assisted living facility, congregate care facility, qualified continuing care facility, or other licensed facility which extends medical or nursing or ancillary services to patients.

Under a RIDEA structure, we are required to rely on our operator to manage and operate the property, including complying with laws and providing resident care. However, as the owner of the property under a RIDEA structure, we are responsible for operational and legal risks and liabilities of the property, including, those relating to employment matters of our operators, compliance with health care fraud and abuse and other laws, governmental reimbursement matters, compliance with federal, state, local and industry-related licensure, certification and inspection laws, regulations, and standards, and litigation involving our properties or residents/patients, even though we have limited ability to control or influence our operators' management of these risks. Further, our taxable REIT subsidiary ("TRS") is generally required to hold the applicable health care license and enroll in the applicable government health care programs (e.g., Medicare- and Medicaid), which subjects us to potential liability under various health care laws. Penalties for failure to comply with applicable laws may include loss or suspension of licenses and certificates of need, certification or accreditation, exclusion from government health care programs (e.g., Medicare and

Medicaid), administrative sanctions and civil monetary penalties. Although we have some general oversight approval rights and the right to review operational and financial reporting information, our operators are ultimately in control of the day-to-day business of the property, including clinical decision-making, and we rely on them to operate the properties in a manner that complies with applicable law.

We are exposed to operational risks with respect to our Seniors Housing Operating properties that could adversely affect our revenue and operations

We are exposed to various operational risks with respect to our Seniors Housing Operating properties that may increase our costs or adversely affect our ability to generate revenues. In addition to operational challenges that continue to impact us as a result of the COVID-19 pandemic, these risks include fluctuations in occupancy experienced during the normal course of business, Medicare and Medicaid reimbursement, if applicable, and private pay rates; economic conditions; the availability and increases in the cost of labor (as a result of unionization or otherwise); competition; federal, state, local, and industry-regulated licensure, certification and inspection laws, regulations, and standards; the availability and increases in cost of general and professional liability insurance coverage; increases in property taxes; state regulation and rights of residents related to entrance fees; and federal and state housing laws and regulations, including rent and eviction restrictions imposed during the COVID-19 pandemic. Any one or a combination of these factors may adversely affect our revenue and operations and could eventually lead to impairment of our properties.

We have rights to terminate our management agreements with operators, in whole or with respect to specific properties under certain circumstances, and we may be unable to replace operators if our management agreements are terminated or not renewed

We are party to long-term management agreements with our Seniors Housing Operating managers pursuant to which they provide comprehensive property management, accounting and other services with respect to our Seniors Housing Operating properties. We have the ability to terminate any of our management agreements upon the occurrence of certain events such as insolvency relating to such manager, and in some cases, the failure to meet specific NOI targets without curing, as well as the occurrence of other events or certain conditions.

We regularly monitor and review our rights and remedies under our management agreements. When determining if we will take significant action under those agreements, including terminating a manager, we consider numerous legal, contractual, regulatory, business and other relevant factors. In exercising our rights to terminate or not renew a management agreement, we would work with our existing seniors housing operators or potentially new operators to manage the properties; however, there is no assurance that we would be able to timely source a replacement or that any replacement manager would be effective. Any transition to a new manager would most likely require regulatory approval and potentially the approval of the holders of any liens on the property. The failure to replace on a timely basis, as well as the failure to receive these approvals, either at all or in a timely manner, could have an adverse effect on the properties and our revenue.

Decreases in our operators' or tenants' revenues or increases in our operators' or tenants' expenses, including as a result of increased labor costs, could affect their ability to make payments to us

We have very limited control over the success or failure of our operators' or tenants' businesses and, at any time, an operator or tenant may experience a downturn in their business that weakens their financial condition. Our operators' and tenants' revenues are primarily driven by occupancy, private pay rates, and Medicare and Medicaid reimbursement, if applicable. Expenses are primarily driven by the costs of labor, supplies, food, utilities, taxes, insurance and rent or debt service. Revenues from government reimbursement have, and may continue to, come under pressure due to reimbursement cuts and state budget shortfalls. Operating and borrowing costs have increased, and are expected to continue to increase, for our operators and tenants. In particular, our operators' and tenants' businesses have experienced increases in labor costs resulting from shortages of medical and non-medical staff. A number of factors have adversely affected the labor force available to our operators and tenants or labor costs, including increased industry competition, high employment levels, increased wages offered by other employers, and government regulations. In many geographic areas the scarcity of specialized medical personnel, experienced senior care professionals and other workers has been a significant operating issue affecting a wide range of healthcare providers and senior care and housing facilities. Such shortages have and may continue to impact the operations of our operators and tenants, resulting in increased labor and operating costs. Continued labor shortages or cost inflation may impact our operators' and tenants' abilities to comply with minimum staffing requirements under applicable federal and state regulations. Failure to comply with these requirements can, among other things, jeopardize a facility's compliance with the conditions of participation under relevant state and federal healthcare programs. In addition, if a facility is determined to be out of compliance with these requirements, it may be subject to

To the extent that any decrease in revenues and/or any increase in operating expenses result in an operator or tenant not generating enough cash to make payments to us, the credit of our operator or tenant and the value of other collateral would have to be relied upon. To the extent the value of such property is reduced, we may need to record an impairment for such asset. Furthermore, if we determine to dispose of an underperforming property, such sale may result in a loss. Any such impairment or loss on sale would negatively affect our financial results. These risks are magnified where we lease multiple properties to a

single operator or tenant under a master lease, as a failure or default under a master lease would expose us to these risks across multiple properties. Although our lease agreements give us the right to exercise certain remedies in the event of default on the obligations owing to us, we may determine not to do so if we believe that enforcement of our rights would be more detrimental to our business than seeking alternative approaches.

Increased competition and oversupply may affect our operators' and managers' ability to meet their obligations to us

The operators and managers of our properties compete on a local and regional basis with operators and managers of properties and other health care providers that provide comparable services for residents and patients, including on the basis of the scope and quality of care and services provided, reputation and financial condition, physical appearance of the properties, price, and location. In addition, in light of labor shortages for medical and non-medical workers in many geographic areas, our operators and tenants increasingly compete to attract qualified and experienced employees. Our operators and managers are expected to encounter increased competition in the future that could limit their ability to attract residents and employees or expand their businesses. In addition, we expect that there will continue to be a more than adequate inventory of seniors housing facilities. We cannot be certain that the operators of all of our facilities will be able to achieve and maintain occupancy and rate levels that meet our expected yields and fulfill their obligations to us. If our operators and managers cannot compete effectively or if there is an oversupply of facilities, their financial performance could have a material adverse effect on our financial results.

A severe cold and flu season, epidemics or any other widespread illnesses could adversely affect the occupancy of our Seniors Housing Operating and Triple-net properties

Our business and operations were significantly impacted by the COVID-19 pandemic and are exposed to risks from COVID-19, severe cold and flu seasons or the occurrence of other epidemics or other widespread illnesses. Our revenues and our operators' revenues are dependent on occupancy and the occupancy of our Seniors Housing Operating and Triple-net properties could significantly decrease in the event of a severe cold and flu season, a resurgence of COVID-19 or other widespread illness. Such a decrease would affect the operating income of our Seniors Housing Operating properties and the ability of our Triple-net operators to make payments to us. As we experienced during the COVID-19 pandemic, a future flu or other pandemic could significantly increase the cost burdens faced by our operators, including if they are required to implement quarantines for residents or see a reduction in occupancy, and adversely affect their ability to meet their obligations to us, which would have a material adverse effect on our financial results.

In particular, the ongoing COVID-19 pandemic may continue to adversely affect our business, results of operations, growth, reputation, prospects, financial condition, operating results, cash flows, liquidity, ability to pay dividends and stock price. The COVID-19 pandemic has had adverse effects on our business, operations and financial condition, including:

- a decline in spot occupancy in our Seniors Housing Operating portfolio from 85.8% at February 29, 2020 to the pandemic-low of 72.6% on March 12, 2021 and a possibility of continued decline, which could affect the net operating income of our Seniors Housing Operating properties and the ability of our Triple-net operators to make contractual payments to us;
- increased operational costs incurred by us and our operators across all of our properties as a result of public health measures and other regulations affecting our
 properties and operations, as well as additional health and safety measures adopted by us and our operators and tenants, unique pressures on seniors housing
 and medical practice employees during the COVID-19 pandemic including labor shortages resulting from macroeconomic trends, decreased employee morale
 and productivity as a result of difficult conditions and stress related to the COVID-19 pandemic, and higher operator and tenant cost of insurance and such
 insurance may not cover certain claims related to COVID-19; and
- increased operational challenges and costs resulting from logistical challenges such as supply chain interruptions, business closures, restrictions on the movement of people and remote or hybrid work schedules, which adversely impact employee productivity and morale and introduce additional operations risk, including cybersecurity risks.

We remain subject to a number of other risks relating to COVID-19, including a decline in the rental income in our Outpatient Medical segment if our tenants do not renew leases or do not make timely or full lease payments as a result of medical practice closures or decreases in revenue due to government imposed restrictions on elective medical procedures or decisions by patients to delay treatments; concessions such as rent deferrals or rent abatements that we may offer certain tenants across our Triple-net and Outpatient Medical segments; and our increased exposure to COVID-19 related litigation and publicity risks if the operators or tenants of the relevant facilities are subject to bankruptcy or insolvency.

Although the COVID-19 pandemic has subsided from its peaks, any resurgence of the pandemic, outbreaks of new variants, changes in the effectiveness of vaccines, boosters and treatments, and adoptions of new public health measures may reintroduce the risks relating to the potential impact of the COVID-19 pandemic on us. Additionally, there remains uncertainty regarding the implementation and impact of COVID-19 relief legislation, such as the Coronavirus Aid Relief, and Economic Security Act and the Paycheck Protection Program and Health Care Enhancement Act, and possible government audits and investigations related to our receipt and use of such relief funds.

The insolvency or bankruptcy of our tenants, operators, borrowers, managers and other obligors may adversely affect our business, results of operations and financial condition

We are exposed to the risk that our tenants, operators, borrowers, managers or other obligors may not be able to meet the rent, principal and interest or other payments due us, which may result in a tenant, operator, borrower, manager or other obligor bankruptcy or insolvency, or that a tenant, operator, borrower, manager or other obligor might become subject to bankruptcy or insolvency proceedings for other reasons. Although our operating lease agreements provide us with the right to evict a tenant, demand immediate payment of rent and exercise other remedies, and our loans provide us with the right to terminate any funding obligation, demand immediate repayment of principal and unpaid interest, foreclose on the collateral and exercise other remedies, the bankruptcy and insolvency laws afford certain rights to a party that has filed for bankruptcy or reorganization. A tenant, operator, borrower, manager or other obligor in bankruptcy or subject to insolvency proceedings may be able to limit or delay our ability to collect unpaid rent in the case of a lease or to receive unpaid principal and interest in the case of a loan, and to exercise other rights and remedies. In addition, if a lease is rejected in a tenant bankruptcy, our claim against the tenant may be limited by applicable provisions of the bankruptcy law. We may be required to fund certain expenses (e.g., real estate taxes and maintenance) to preserve the value of an investment property, avoid the imposition of liens on a property and/or transition a property to a new tenant. In some instances, we have terminated our lease with a tenant and relet the property to another tenant. In some of those situations, we have provided working capital loans to and limited indemnification of the new obligor. If we cannot transition a leased property to a new tenant, we may take possession of that property, which may expose us to certain successor liabilities. Publicity about the operator's financial condition and insolvency proceedings may also negatively impact the

The properties managed by Sunrise Senior Living, LLC ("Sunrise") account for a significant portion of our revenues and net operating income and any adverse developments in its business or financial condition could adversely affect us

As of December 31, 2022, Sunrise managed 109 of our Seniors Housing Operating properties. These properties account for a significant portion of our revenues and net operating income. Under our management agreements, we rely on Sunrise's personnel, expertise, technical resources and information systems, proprietary information, good faith and judgment to manage our Seniors Housing Operating properties efficiently and effectively. We also rely on Sunrise to set appropriate resident fees, to provide accurate property-level financial results for our properties in a timely manner and to otherwise operate them in compliance with the terms of our management agreements and all applicable laws and regulations. Any adverse developments in Sunrise's business or financial condition could impair its ability to manage our properties efficiently and effectively, which could adversely affect our business, results of operations, and financial condition. For example, we depend on Sunrise's ability to attract and retain skilled management personnel who are responsible for the day-to-day operations of our Seniors Housing Operating properties. A shortage of nurses or other trained personnel or general inflationary pressures may force Sunrise to enhance its pay and benefits packages to compete effectively for such personnel, but it may not be able to offset these added costs by increasing the rates charged to residents. Any increase in labor costs and other property operating expenses, any failure by Sunrise to attract and retain qualified personnel, or significant changes in Sunrise's senior management or equity ownership could adversely affect the income we receive from our Seniors Housing Operating properties and have a material adverse effect on us. Also, if Sunrise experiences any significant financial, legal, accounting or regulatory difficulties, such difficulties could result in, among other things, acceleration of its indebtedness, impairment of its continued access to capital or the commencement of insolvency proceedings b

Ownership of property outside the U.S. may subject us to different or greater risks than those associated with our domestic operations

We have operations in the U.K. and Canada which represent 9.5% and 7.9% of total Welltower revenues, respectively. As of December 31, 2022, Revera managed 78 of our Seniors Housing Operating properties in Canada, representing a significant portion of our revenues in Canada, and also owned a controlling interest in Sunrise. International development, ownership, and operating activities involve risks that are different from those we face with respect to our domestic properties and operations. These risks include, but are not limited to, any international currency gain or loss recognized with respect to changes in exchange rates, which may not qualify under the 75% gross income test or the 95% gross income test required for us to satisfy annually in order to qualify and maintain our status as a REIT; challenges with respect to the repatriation of foreign earnings and cash; impact from international trade disputes and the associated impact on our tenants' supply chain and consumer spending levels; changes in foreign political, regulatory, and economic conditions (regionally, nationally and locally) including, challenges in managing international operations; challenges of complying with a wide variety of foreign laws and regulations, including those relating to real estate, corporate governance, operations, taxes, employment and other civil and criminal legal proceedings; foreign ownership restrictions with respect to operations in foreign countries; local businesses and cultural factors that differ from our usual standards and practices; differences in lending practices and the willingness of domestic or foreign

lenders to provide financing; regional or country-specific business cycles and political and economic instability; and failure to comply with applicable laws and regulations in the U.S. that affect foreign operations, including, but not limited to, the U.S. Foreign Corrupt Practices Act.

Further, our operations in the U.K. may be adversely impacted by global and local economic volatility experienced as a result of geopolitical tensions or conflicts, such as the ongoing conflict between Russia and Ukraine, rising inflation and interest rates, the energy crisis that has seen supply shortages and higher oil, gas and electricity prices, labor market challenges affecting the recruitment and retention of employees.

If our tenants do not renew their existing leases, or if we are required to sell properties for liquidity reasons, we may be unable to lease or sell the properties on favorable terms, or at all

We cannot predict whether our tenants will renew existing leases at the end of their lease terms, which expire at various times. If these leases are not renewed, we would be required to find other tenants to occupy those properties, or sell them. There can be no assurance that we would be able to identify suitable replacement tenants or enter into leases with new tenants on terms as favorable to us as the current leases or that we would be able to lease those properties at all. Our competitors may offer space at rental rates below current market rates or below the rental rates we currently charge our customers, we may lose potential customers, and we may be pressured to reduce our rental rates below those we currently charge to retain customers when leases expire. In addition, our ability to reposition our properties with a suitable replacement tenant or operator could be significantly delayed or limited by state licensing, receivership, CON or other laws, as well as by the Medicare and Medicaid change-of-ownership rules, and we could incur substantial additional expenses in connection with any licensing, receivership or change-of-ownership proceedings. Even if tenants decide to renew or lease new space, the terms of renewals or new leases, including the cost of required renovations or concessions to tenants, may be less favorable to us than current lease terms.

Real estate investments are relatively illiquid and most of the property we own is highly customized for specific uses. Our ability to quickly sell or exchange any of our properties in response to changes in operator, economic and other conditions will be limited. Although our properties are less affected by the commercial real estate market trends, this limitation could be exacerbated by the current decline of commercial real estate as a result of high interest rates, inflation and declining property values across sectors. No assurances can be given that we will recognize full value for any property that we are required to sell. Our inability to respond rapidly to changes in the performance of our investments could adversely affect our financial condition and results of operations. In addition, we are exposed to the risks inherent in concentrating investments in real estate, and in particular, the seniors housing and health care industries. A downturn in the real estate industry could adversely affect the value of our properties and our ability to sell properties for a price or on terms acceptable to us.

Our tenants, operators and managers may not have the necessary insurance coverage to insure adequately against losses

We maintain or require our tenants, operators and managers to maintain comprehensive insurance coverage on our properties and their operations with terms, conditions, limits and deductibles that we believe are customary for similarly situated companies in our industry and we frequently review our insurance programs and requirements. Our tenants, operators and managers may not be able to maintain adequate levels of insurance and required coverages. Also, we may not be able to require the same levels of insurance coverage under our lease, management and other agreements, which could adversely affect us in the event of a significant uninsured loss. We cannot make any guarantee as to the future financial viability of the insurers that underwrite our policies and the policies maintained by our tenants, operators and managers. Insurance may not be available at a reasonable cost in the future or policies may not be maintained at a level that will fully cover all losses on our properties upon the occurrence of a catastrophic event. This may be especially the case due to increases in property insurance costs. In addition, in recent years, long-term/post-acute care and seniors housing operators and managers have experienced substantial increases in both the number and size of patient care liability claims. As a result, general and professional liability costs have increased in some markets. Due to the uncertainty of the long term effects of the COVID-19 pandemic, general and professional liability insurance coverage may be restricted or very costly, which may adversely affect the tenants', operators' and managers' future operations, cash flows and financial conditions, and may have a material adverse effect on the tenants', operators' and managers' ability to meet their obligations to us. Finally, our use, and the usage by some of our tenants, operators and managers of self-insurance and/or use of a wholly owned captive insurance company, if not adequately funded, could have a material adverse effect on our liquidity and

Our ownership of properties through ground leases exposes us to the loss of such properties upon breach or termination of the ground leases

We have acquired an interest in certain of our properties by acquiring a leasehold interest in the property on which the building is located, and we may acquire additional properties in the future through the purchase of interests in ground leases. Many of these ground leases impose significant limitations on our uses of the subject properties, restrict our ability to sell or otherwise transfer our interests in the properties or restrict the leasing of the properties. These restrictions may limit our ability to timely sell or exchange the properties, impair the properties' value or negatively impact our ability to find suitable tenants for the properties. As the lessee under a ground lease, we are exposed to the possibility of losing the property upon termination of the ground lease or an earlier breach of the ground lease by us.

The requirements of, or changes to, governmental reimbursement programs, such as Medicare, Medicaid or government funding, could have a material adverse effect on our obligors' liquidity, financial condition and results of operations, which could adversely affect our obligors' ability to meet their obligations to us

Some of our obligors' businesses are affected by government reimbursement. To the extent that an operator/tenant receives a significant portion of its revenues from government payors, primarily Medicare and Medicaid, such revenues may be subject to statutory and regulatory changes, retroactive rate adjustments, recovery of program overpayments or set-offs, court decisions, administrative rulings, policy interpretations, payment or other delays by fiscal intermediaries or carriers, change-of-ownership rules, government funding restrictions (at a program level or with respect to specific facilities), any lapse in Congressional funding of the Centers for Medicare and Medicaid Services and interruption or delays in payments due to any ongoing government investigations and audits at such property. Federal and state authorities may continue seeking to implement new or modified reimbursement methodologies that may negatively impact health care property operations. See "Item 1 - Business - Certain Government Regulations - United States - Reimbursement" above for additional information. Health care reimbursement will likely continue to be of paramount importance to federal and state authorities. We cannot make any assessment as to the ultimate timing or effect any future legislative reforms may have on the financial condition of our obligors and properties. There can be no assurance that adequate reimbursement levels will be available for services provided by any property operator, whether the property receives reimbursement from Medicare, Medicaid or private payors. Significant limits on the scope of services reimbursed and on reimbursement rates and fees could have a material adverse effect on an obligor's liquidity, financial condition and results of operations, which could adversely affect the ability of an obligor to meet its obligations to us. In addition, if a partial or total federal government shutdown were to occur for a prolonged period of time, federal government payment obligations, including its obligation

Since January 1, 2014, the Health Reform Laws have provided those states that expand their Medicaid coverage to otherwise ineligible state residents with incomes at or below 138% of the federal poverty level with an increased federal medical assistance percentage, effective January 1, 2014, when certain conditions are met. The federal government substantially funds the Medicaid expansion and as of December 2022, the number of states implementing expansion has grown to more than 75% of all states. The participation by states in the Medicaid expansion could have the dual effect of increasing our tenants' revenues, through new patients, but further straining state budgets and their ability to pay our tenants.

The status of the Health Reform Laws may be subject to change and other health reform measures could be implemented as a result of political, legislative, regulatory, and administrative developments and judicial proceedings. Further the impact that the recent change of control of the House and future changes in the federal government may have on health reform (including through new legislative, executive or regulatory efforts) remains uncertain, and any changes will likely take time to unfold and could have an impact on coverage and reimbursement for health care items and services covered by plans that were authorized by the Health Reform Laws. If the operations, cash flows or financial condition of our operators and tenants are materially adversely impacted by the Health Reform Laws or future legislation, our revenue and operations may be adversely affected as well. More generally, and because of the dynamic nature of the legislative and regulatory environment for health care products and services, and in light of existing federal deficit and budgetary concerns, we cannot predict the impact that broad-based, far-reaching legislative or regulatory changes could have on the U.S. economy, our business, or that of our operators and tenants.

If controls imposed on certain of our tenants who provide health care services that are reimbursed by Medicare, Medicaid and other third-party payors to reduce admissions and length of stay affect inpatient volumes at our health care facilities, the financial condition or results of operations of those tenants could be adversely affected

Controls imposed by Medicare, Medicaid and commercial third-party payors designed to reduce admissions and lengths of stay, commonly referred to as "utilization reviews," have affected and are expected to continue to affect certain of our health care facilities, specifically our acute care hospitals and post-acute facilities. Utilization review entails the review of the admission and course of treatment of a patient by managed care plans. Inpatient utilization, average lengths of stay and occupancy rates continue to be negatively affected by payor-required pre-admission authorization and utilization review and by payor pressures to maximize outpatient and alternative health care delivery services for less acutely ill patients. Efforts to impose more stringent cost controls and reductions are expected to continue, which could negatively impact the financial condition of our tenants who provide health care services in our hospitals and post-acute facilities. If so, this could adversely affect these tenants' ability and willingness to comply with the terms of their leases with us and/or renew those leases upon expiration, which could have a material adverse effect on us

Our operators' or tenants' failure to comply with federal, state, province, local, and industry-regulated licensure, certification and inspection laws, regulations, and standards could adversely affect our operators' and tenants' ability to meet their obligations to us

Our operators and tenants generally are subject to or impacted by varying levels of federal, state, local, and industry-regulated licensure, certification and inspection laws, regulations, and standards. These laws and regulations include, among others: laws protecting consumers against deceptive practices; laws relating to the operation of our properties and how our tenants and operators conduct their business, such as fire, health and safety, data security and privacy laws; federal and state laws affecting hospitals, clinics and other health care communities that participate in both Medicare and Medicaid that specify reimbursement rates, pricing, reimbursement procedures and limitations, quality of services and care, background checks, food service and physicial plants, and similar foreign laws regulating the health care industry; resident rights laws (including abuse and neglect laws) and fraud laws; anti-kickback and physician referral laws; the Americans with Disabilities Act of 1990 and similar state and local laws; and safety and health standards set by the Occupational Safety and Health Administration or similar foreign agencies. Our operators' or tenants' failure to comply with any of these laws, regulations, or standards could result in loss of accreditation, denial of reimbursement, imposition of fines, suspension, decertification or exclusion from federal and state health care programs, civil liability, and in certain limited instances, criminal penalties, material restrictions on or loss of license, closure of the facility and/or the incurrence of considerable costs arising from an investigation or regulatory action. The likelihood of these actions may increase due to the uncertainty of the long term effects of the COVID-19 pandemic. Such actions may have an effect on our operators' or tenants' ability to make lease payments to us and, therefore, adversely impact us. In addition, we may be directly subject to these laws, regulations and standards, as well as potential investigation or enforcement,

Many of our properties may require a license, registration, and/or CON to operate. Failure to obtain a license, registration, or CON, or loss of a required license, registration, or CON would prevent a facility from operating in the manner intended by the operators or tenants. These events could materially adversely affect our operators' or tenants' ability to make rent or other obligatory payments to us. State and local laws also may regulate the expansion, including the addition of new beds or services or acquisition of medical equipment, and the construction or renovation of health care facilities, by requiring a CON or other similar approval from a state agency. See "Item 1 — Business — Certain Government Regulations — United States — Licensing and Certification" above.

In addition, we cannot assure you that future changes in government regulation will not adversely affect the health care industry, including our tenants and operators, nor can we be certain that our tenants and operators will achieve and maintain occupancy and rate levels or labor cost levels that will enable them to satisfy their obligations to us.

Unfavorable resolution of pending and future litigation matters and disputes could have a material adverse effect on our financial condition

From time to time, we are directly involved or named as a party in in legal proceedings, lawsuits and other claims that involve class actions, disputes regarding property damage, care matters and other issues. We also are named as defendants in lawsuits allegedly arising out of our actions or the actions of our operators/tenants or managers in which such operators/tenants or managers have agreed to indemnify, defend and hold us harmless from and against various claims, litigation and liabilities arising in connection with their respective businesses. Employment related class action lawsuits have increased in recent years, including class action lawsuits brought against our operators in certain states regarding employee and government requirements regarding wage and hour claims and fair housing complaints, as well as class action lawsuits related to COVID-19. There can be no assurance that we will be able to prevail in, or achieve a favorable settlement of, pending or future litigation. In addition, pending litigation or future litigation, government proceedings or environmental matters could lead to increased costs or interruption of our normal business operations. An unfavorable resolution of pending or future litigation or legal proceedings may have a material adverse effect on our business, results of operations and financial condition. Regardless of its outcome, litigation may result in substantial costs and expenses, significantly divert the attention of management, and could damage our reputation and our brand. In addition, any such resolution could involve our agreement to terms that restrict the operation of our business. We cannot guarantee losses incurred in connection with any current or future legal or regulatory proceedings or actions will not exceed any provisions we may have set aside in respect of such proceedings or actions or will not exceed any available insurance coverage.

Development, redevelopment and construction risks could affect our profitability

We invest in various development and redevelopment projects. In deciding whether to acquire or develop a particular property, we make assumptions regarding the expected future performance of that property. In particular, we estimate the return on our investment based on expected construction costs, lease up velocity, occupancy, rental rates, operating expenses, capital costs and future competition. If our financial projections with respect to a new property are inaccurate, the property may fail to perform as we expected in analyzing our investment. Our estimate of the costs of repositioning or redeveloping an acquired property may prove to be inaccurate, which may result in our failure to meet our profitability goals.

Our development/redevelopment and construction projects are vulnerable to the impact of material shortages and inflation. For example, shortages and fluctuations in the price of lumber or in other important raw materials have resulted in and could continue to result in delays in the start or completion of, or increase the cost of, developing one or more of our projects. Pricing for labor and raw materials can be affected by various national, regional, local, economic and political factors, including changes to immigration laws that impact the availability of labor or tariffs on imported construction materials.

In connection with our renovation, redevelopment, development and related construction activities, we may be unable to obtain, or suffer delays in obtaining, necessary zoning, land-use, building, occupancy and other required governmental permits and authorizations, or satisfactory tax rates, incentives or abatements. Operators of new facilities we construct may need to obtain Medicare and Medicaid certification and enter into Medicare and Medicaid provider agreements and/or third-party payor contracts. In the event that the operator is unable to obtain the necessary licensure, certification, provider agreements or contracts after the completion of construction, there is a risk that we will not be able to earn any revenues on the facility until either the initial operator obtains a license or certification to operate the new facility and the necessary provider agreements or contracts or we find and contract with a new operator that is able to obtain a license to operate the facility for its intended use and the necessary provider agreements or contracts. We have experienced such delays in obtaining necessary licensing for constructed properties and may experience additional or more significant delays in the future.

We rely on our development managers, general contractors and subcontractors to oversee and manage day-to-day construction activities. If any such party underperforms or experiences financial or other problems during the construction process, we could experience significant delays, increased costs to complete the project and/or other negative impacts to our expected returns and may need to exercise contractual remedies against such party, which may include termination of the applicable underlying service contract. In the event such termination occurs mid-construction, we would likely need to engage a new service provider, which would likely result in additional costs and delays as the transition between providers occurs.

The above-described factors could result in increased costs or our abandonment of these projects. In addition, we may abandon opportunities we have begun to investigate, for a range of reasons, including changes in expected financing or construction costs, adverse changes in expected rents or expenses, adverse environmental and/or geotechnical findings, conditions to zoning approval, legal and regulatory hurdles, including moratoriums on development and redevelopment activities, changes in market and economic conditions, natural disasters and other catastrophic events; damage, vandalism or accidents, higher requirements for capital improvements; decreased demand due to competition or other market and economic conditions, or defects that we do not discover through the inspection processes, which would result in additional expenses beyond those originally expected. In addition, we may not be able to obtain financing on favorable terms, or at all, which may render us unable to proceed with our development activities. We may not be able to complete construction and lease-up of a property on budget and on schedule, which could result in increased debt service expense or construction costs. Additionally, the time frame required for development, construction and lease-up of these properties means that we may have to wait years for significant cash returns. Because we are required to make cash distributions to our stockholders, if the cash flow from operations or refinancing is not sufficient, we may be forced to borrow additional money to fund such distributions. Newly developed and acquired properties may not produce the cash flow that we expect, which could adversely affect our overall financial performance.

We may experience losses caused by severe weather conditions, natural disasters or the physical effects of climate change, which could result in an increase of our or our tenants' cost of insurance, unanticipated costs associated with evacuation, a decrease in our anticipated revenues or a significant loss of the capital we have invested in a property

We maintain or require our tenants to maintain comprehensive insurance coverage on our properties with terms, conditions, limits and deductibles that we believe are appropriate given the relative risk and costs of such coverage. However, a large number of our properties are located in areas particularly susceptible to revenue loss, cost increase or damage caused by severe weather conditions or natural disasters such as hurricanes, earthquakes, tornadoes and floods, as well as the effects of climate change. We believe, given current industry practice and analysis prepared by outside consultants, that our and our tenants' insurance coverage is appropriate to cover reasonably anticipated losses that may be caused by hurricanes, earthquakes, tornadoes, floods, wildfires and other severe weather conditions and natural disasters, including the effects of climate change. Nevertheless, we are always subject to the risk that such insurance will not fully cover all losses and, depending on the severity of the event and the impact on our properties, such insurance may not cover a significant portion of the losses including the costs associated with evacuation. Moreover, an increase in volatility and difficulty predicting adverse weather events, such as the changes in tornado patterns in recent years, may result in additional losses. These losses may lead to an increase of our and our tenants' cost of insurance, a decrease in our anticipated revenues from an affected property and a loss of all or a portion of the capital we have invested in an affected property. In addition, we or our tenants may not purchase insurance under certain circumstances if the cost of insurance exceeds, in our or our tenants' judgment, the value of the coverage relative to the risk of loss. Also, changes in federal and state legislation and regulation relating to climate change could result in increased capital expenditures to improve the energy efficiency and resiliency of our existing properties and could also necessitate us to spend more on ou

To the extent that significant changes in the climate occur in areas where our communities are located, we may experience extreme weather and changes in precipitation and temperature, all of which may result in physical damage to or a decrease in demand for properties located in these areas or affected by these conditions. Should the impact of climate change be material, including significant property damage to or destruction of our communities, or occur for lengthy periods of time, our financial condition or results of operations may be adversely affected. In addition, changes in federal, state and local legislation and regulation based on concerns about climate change could result in increased capital expenditures on our existing properties and our new development properties without a corresponding increase in revenue, resulting in adverse impacts to our net income.

We may incur costs to remediate environmental contamination at our properties, which could have an adverse effect on our or our obligors' business or financial condition

Under various laws, owners or operators of real estate may be required to respond to the presence or release of hazardous substances on the property and may be held liable for property damage, personal injuries or penalties that result from environmental contamination or exposure to hazardous substances. These laws often impose liability without regard to whether the owner or operator knew of the release of the substances or caused the release. We may become liable to reimburse the government for damages and costs it incurs in connection with the contamination. Generally, such liability attaches to a person based on the person's relationship to the property. Our tenants or borrowers are primarily responsible for the condition of the property. Moreover, we review environmental site assessments of the properties that we own or encumber prior to taking an interest in them. Those assessments are designed to meet the "all appropriate inquiry" standard, which we believe qualifies us for the innocent purchaser defense if environmental liabilities arise. Based upon such assessments, we do not believe that any of our properties are subject to material environmental contamination. However, environmental liabilities may be present in our properties and we may incur costs to remediate contamination, which could have a material adverse effect on our business or financial condition or the business or financial condition of our obligors.

Cybersecurity incidents could disrupt our business and result in the loss of confidential information and legal liability

Our business is at risk from and may be impacted by cybersecurity attacks, including attempts to gain unauthorized access to our confidential data through phishing or other malicious activity, attempts to interrupt our access to, or use of information technology systems through distributed denial-of-service or ransomware attacks, breaches related to our increased receipt and use of data from multiple sources, and other electronic security breaches or other cybersecurity incidents within our environment or our business partners' environments, including those resulting from human error, product defects and technology failures. Such cyber-attacks can range from individual attempts to gain unauthorized access to our or our business partners' information technology systems to more sophisticated security threats and may be specifically targeted to our business or more general industry wide risks. Our information technology networks, and those of our business partners are essential to our ability to perform day-to-day operations of our business. While we employ a number of measures to prevent, detect and mitigate these threats, there is no guarantee such efforts will be successful in preventing or detecting a cyber-attack. Even the most well-protected information, networks, systems and facilities remain vulnerable because the techniques used in such attempted cybersecurity breaches evolve and generally are not recognized until launched against a target, and in some cases are designed not to be detected and, in fact, may not be detected. Accordingly, we may be unable to anticipate these techniques, implement adequate cybersecurity barriers or other preventative measures, or respond, mitigate the risks from and recover from an attack without operational impact, and thus it is impossible for us to entirely mitigate this risk. We regularly defend against, respond to and mitigate risks from cybersecurity breaches, which to date have not had a material impact on our operations; however, there is no assurance that such impacts will not be material in the future. Cybersecurity incidents could disrupt our or our critical business partners' business, damage our reputation, cause us to incur significant remediation expense and have a materially adverse effect on our business, financial condition and results of operations. Cybersecurity breaches that compromise proprietary, personal identifying or confidential information of our employees, operators, tenants and partners, or result in operational disruptions, could result in legal claims or proceedings, including enforcement actions by regulators under data privacy regulations.

Evolving privacy regulations could expose our business to reputational harm and losses

Regulatory authorities around the world have implemented or are considering implementing a number of legislative changes or regulations concerning data protection, which have required or may require us to incur additional expenses and may expose us to additional risks. We are subject to numerous laws and regulations governing the protection of personal and confidential information of our clients or employees, including U.S. federal and state laws (including the State of California and HIPAA), and non- U.S. laws, such as the U.K. General Data Protection Regulation and the EU General Data Protection Regulation, which impose a number of obligations on us. These obligations vary from state to state and country to country, but generally have accountability and transparency including consent, detailed information and data removal and security requirements. Some jurisdictions impose the same requirements and restrictions on transfers of data from their jurisdictions to jurisdictions that they do not consider adequate. This may have implications for our cross-border data flows and may result in additional compliance costs.

Many jurisdictions assess fines, the magnitude of which may depend on the annual global revenue of the noncompliant company, the nature, gravity and duration of, and the violation. Additionally, in some jurisdictions, data subjects may have a right to compensation for financial or non-financial losses. Complying with these laws may cause us to incur substantial operational and compliance costs or require us to change our business practices. Despite efforts to bring our practices into compliance with these laws, we may not be successful either due to internal or external factors such as resource allocation limitations or a lack of cooperation among our business partners. Non-compliance could result in proceedings against us by governmental entities, regulators, our business partners, residents of our communities, data subjects, suppliers, vendors or other parties. Further, there is a risk that compliance measures we undertake will not be implemented correctly or that individuals within our business or that of our business partners will not be fully compliant with the new procedures. If there are breaches of these measures, we could face significant administrative and monetary sanctions, as well as reputational damage, which may have a material adverse effect on our operations, financial condition and prospects.

Our success and the success of our operators and managers depends on key personnel whose continued service is not guaranteed

Our success and the success of our operators and managers depends on the continued availability and service of key personnel, including executive officers and other highly qualified employees, and competition for their talents is intense. There is substantial competition for qualified personnel. We cannot assure you that we will retain our key personnel or that we will be able to recruit and retain other highly qualified employees in the future. Losing any key personnel could, at least temporarily, have a material adverse effect on our business and that of our operators and managers', financial position and results of operations.

Welltower is a holding company with no direct operations, and it relies on funds received from Welltower OP to pay its obligations and make distributions to stockholders

Welltower is a holding company with no direct operations. All of Welltower's property ownership, development and related business operations are conducted through Welltower OP and Welltower has no material assets or liabilities other than its investment in Welltower OP. As a result, Welltower relies on distributions from Welltower OP to make dividend payments and meet its obligations, including any tax liability on taxable income allocated to Welltower from Welltower OP. Welltower exercises exclusive control over Welltower OP, including the authority to cause Welltower OP to make distributions, subject to certain limited approval and voting rights of Welltower OP's other members as described in the Limited Liability Agreement. In addition, because Welltower is a holding company, your claims as stockholders are structurally subordinated to all existing and future liabilities and obligations to preferred equity holders of Welltower OP and its subsidiaries. Therefore, in the event of a bankruptcy, insolvency, liquidation or reorganization of Welltower OP or its subsidiaries, assets of Welltower OP or the applicable subsidiary will be available to satisfy any claims of our stockholders only after such liabilities and obligations have been satisfied in full.

Welltower is the initial member and majority owner of Welltower OP, with an approximate ownership interest of 99.751% as of December 31, 2022. In connection with our future acquisition activities or otherwise, Welltower OP may issue additional Class A Common Units ("OP Units") to third parties and admit additional members. Such issuances would reduce Welltower's percentage ownership in Welltower OP.

Risks Arising from Our Capital Structure

We may become more leveraged

Permanent financing for our investments is typically provided through a combination of public offerings of debt and equity securities and the incurrence or assumption of secured debt. The incurrence or assumption of indebtedness may cause us to become more leveraged, which could (1) require us to dedicate a greater portion of our cash flow to the payment of debt service, (2) make us more vulnerable to a downturn in the economy, (3) limit our ability to obtain additional financing, (4) negatively affect our credit ratings or outlook by one or more of the rating agencies or (5) make us more vulnerable to increases in interest rates because of the variable interest rates on some of our borrowings to the extent we have not entirely hedged such variable rate debt. In addition, any changes to benchmark rates may have an uncertain impact on our cost of funds and our access to the capital markets, which could impact our results of operations and cash flows. Uncertainty as to the nature of such potential changes may also adversely affect the trading market for our securities. Additional financing, therefore, may be unavailable, more expensive or restricted by the terms of our outstanding indebtedness.

Cash available for distributions to stockholders may be insufficient to make dividend contributions at expected levels and are made at the discretion of the Board of Directors

If cash available for distribution generated by our assets decreases due to dispositions or otherwise, we may be unable to make dividend distributions at expected levels. Our inability to make expected distributions would likely result in a decrease in the market price of our common stock. All distributions are made at the discretion of our Board of Directors in accordance with Delaware law and depend on our earnings, our financial condition, debt and equity capital available to us, our expectation of our future capital requirements and operating performance, restrictive covenants in our financial and other contractual

arrangements, maintenance of our REIT qualification, restrictions under Delaware law and other factors as our Board of Directors may deem relevant from time to time. Additionally, our ability to make distributions will be adversely affected if any of the risks described herein, or other significant adverse events, occur.

We are subject to covenants in our debt agreements that could have a material adverse effect on our business, results of operations and financial condition

Our debt agreements contain various covenants, restrictions and events of default. Among other things, these provisions require us to maintain certain financial ratios and minimum net worth and impose certain limits on our ability to incur indebtedness, create liens and make investments or acquisitions. Breaches of these covenants could result in defaults under the instruments governing the applicable indebtedness, in addition to any other indebtedness cross-defaulted against such instruments. These defaults could have a material adverse effect on our business, results of operations and financial condition.

Limitations on our ability to access capital could have an adverse effect on our ability to make future investments or to meet our obligations and commitments

We cannot assure you that we will be able to raise the capital necessary to make future investments or to meet our obligations and commitments as they mature. Our access to capital depends upon a number of factors over which we have little or no control, including rising interest rates, inflation and other general market conditions; the market's perception of our growth potential and our current and potential future earnings and cash distributions; the market price of the shares of our common stock and the credit ratings of our debt securities; changes in the credit ratings on U.S. government debt securities; uncertainty from the transition to Secured Overnight Financing Rate ("SOFR") or any other interest rate benchmark; and default or delay in payment by the U.S. of its obligations. We also rely on the financial institutions that are parties to our revolving credit facilities. If these institutions become capital constrained, tighten their lending standards or become insolvent or if they experience excessive volumes of borrowing requests from other borrowers within a short period of time, they may be unable or unwilling to honor their funding commitments to us, which would adversely affect our ability to draw on our revolving credit facilities and, over time, could negatively impact our ability to consummate acquisitions, repay indebtedness as it matures, fund capital expenditures or make distributions to our stockholders. If our access to capital is limited by these factors or other factors, it could negatively impact our ability to acquire properties, repay or refinance our indebtedness, fund operations or make distributions to our stockholders.

Downgrades in our credit ratings could have a material adverse effect on our cost and availability of capital

We plan to manage the company to maintain a capital structure consistent with our current profile, but there can be no assurance that we will be able to maintain our current credit ratings. Any downgrades in terms of ratings or outlook by any or all of the rating agencies could have a material adverse effect on our cost and availability of capital, which could in turn have a material adverse effect on our results of operations, liquidity, cash flows, the trading/redemption price of our securities and our ability to satisfy our debt service obligations and to pay dividends and distributions to our equity holders.

Increases in interest rates could have a material adverse effect on our cost of capital, and our decision to hedge against interest rate risk might not be effective

The current high interest rate environment has been increasing interest cost on new and existing variable rate debt. Such increases in the cost of capital, and any further increases resulting from future interest rate hikes, could adversely impact our ability to finance operations, acquire and develop properties, and refinance existing debt. Additionally, increased interest rates may also result in less liquid property markets, limiting our ability to sell existing assets. Higher interest rates may also lead purchasers of our common stock to demand a greater annual dividend yield, which could adversely affect the market price of our common stock and could result in increased capitalization rates, which may lead to reduced valuation of our assets.

We may from time to time seek to manage our exposure to interest rate volatility with hedging arrangements, which involve additional risks, including the risks that counterparties may fail to honor their obligations under these arrangements, that these arrangements may not be effective in reducing our exposure to interest rate changes, that the amount of income we earn from hedging transactions may be limited by federal tax provisions governing REITs, and that these arrangements may reduce the benefits to us if interest rates decline. Developing and implementing an interest rate risk strategy is complex and no strategy can completely insulate us from risks associated with interest rate fluctuations and there can be no assurance that our hedging activities will be effective. Failure to hedge effectively against interest rate risk, if we choose to engage in such activities, could adversely affect our business, financial condition and results of operations.

Risks Arising from Our Status as a REIT

We might fail to qualify or remain qualified as a REIT

We intend to operate as a REIT under the Code, and believe we have operated and will continue to operate in such a manner. If we lose our status as a REIT, we will face serious income tax consequences that will substantially reduce the funds available for satisfying our obligations and for distribution to our stockholders because:

- Welltower would not be allowed a deduction for distributions to stockholders in computing our taxable income and would be subject to U.S. federal income tax at regular corporate rates;
- · Welltower would be subject to increased state and local taxes; and
- unless Welltower is entitled to relief under statutory provisions, it could not elect to be subject to tax as a REIT for four taxable years following the year during which it was disqualified.

Since REIT qualification requires us to meet a number of complex requirements, it is possible that we may fail to fulfill them, and if we do, our earnings will be reduced by the amount of U.S. federal and other income taxes owed. A reduction in our earnings would affect the amount we could distribute to our stockholders. If we do not qualify as a REIT, we will not be required to make distributions to stockholders, since a non-REIT is not required to pay dividends to stockholders in order to maintain REIT status or avoid an excise tax. In addition, if we fail to qualify as a REIT, all distributions to stockholders will continue to be treated as dividends to the extent of our current and accumulated earnings and profits, although corporate stockholders may be eligible for the dividends received deduction, and individual stockholders may be eligible for taxation at the rates generally applicable to long-term capital gains with respect to distributions.

As a result of all these factors, our failure to qualify as a REIT also could impair our ability to implement our business strategy and would adversely affect the value of our common stock. Qualification as a REIT involves the application of highly technical and complex Code provisions for which there are only limited judicial and administrative interpretations. The determination of various factual matters and circumstances not entirely within our control may affect our ability to remain qualified as a REIT. Although we believe that we qualify as a REIT, we cannot assure you that we will remain qualified as a REIT for U.S. federal income tax purposes.

Failure of Welltower OP to maintain status as a partnership for U.S. federal income tax purposes

We believe Welltower OP qualifies as a partnership for U.S. federal income tax purposes. As a partnership, Welltower OP is generally not subject to U.S. federal income tax on its income. Instead, each of the partners is allocated its share of Welltower OP's income. We cannot assure you, however, that the IRS will not challenge the status of Welltower OP as a partnership for U.S. federal income tax purposes. If the IRS were to successfully challenge the status of Welltower OP as a partnership, it would be taxable as a corporation. In such event, this would reduce the amount of distributions that Welltower OP could make. The treatment of Welltower OP as a corporation would also cause us to fail to qualify as a REIT. This would substantially reduce our cash available to pay distributions and the return on a unitholder and/or shareholder's investment.

Certain subsidiaries might fail to qualify or remain qualified as a REIT

We own interests in a number of entities which intend to operate as REITs for U.S. federal income tax purposes, some of which we consolidate for financial reporting purposes but each of which is treated as a separate REIT for federal income tax purposes (each a "Subsidiary REIT"). To qualify as a REIT, each Subsidiary REIT must independently satisfy all of the REIT qualification requirements under the Code, together with all other rules applicable to REITs. Provided that each Subsidiary REIT qualifies as a REIT, our interests in the Subsidiary REITs will be treated as qualifying real estate assets for purposes of the REIT asset tests. If a Subsidiary REIT fails to qualify as a REIT in any taxable year, such Subsidiary REIT would be subject to federal and state income taxes and would not be able to qualify as a REIT for the four subsequent taxable years following the year during which it was disqualified. Any such failure could have an adverse effect on our ability to comply with the REIT income and asset tests, and thus our ability to qualify as a REIT, unless we are able to avail ourselves of certain relief provisions.

The tax imposed on any net income from "prohibited transactions" may limit our ability to engage in transactions which would be treated as sales for federal income tax purposes

Any net income of a REIT from prohibited transactions (which are, in general, sales or other dispositions of property held primarily for sale to customers in the ordinary course of business, other than dispositions of foreclosure property) is subject to a 100% tax, unless certain safe harbor exceptions apply. Although we do not intend to hold any properties that would be characterized as held for sale to customers in the ordinary course of our business (other than through a TRS), such characterizations is a factual determination and no guarantee can be given that the IRS would agree with our characterization of our properties or that we will always be able to make use of the available safe harbors.

The 90% annual distribution requirement will decrease our liquidity and may limit our ability to engage in otherwise beneficial transactions

To comply with the 90% distribution requirement applicable to REITs and to avoid the nondeductible excise tax, we must make distributions to our stockholders. Although we anticipate that we generally will have sufficient cash or liquid assets to enable us to satisfy the REIT distribution requirement, it is possible that, from time to time, we may not have sufficient cash or other liquid assets to meet the 90% distribution requirement. This may be due to timing differences between the actual receipt of income and actual payment of deductible expenses, on the one hand, and the inclusion of that income and deduction of those expenses in arriving at our taxable income, on the other hand. In addition, non-deductible expenses such as principal amortization or repayments or capital expenditures in excess of non-cash deductions may cause us to fail to have sufficient cash or liquid assets to enable us to satisfy the 90% distribution requirement. In the event that timing differences occur, or we deem

it appropriate to retain cash, we may borrow funds, even if the then-prevailing market conditions are not favorable for these borrowings, issue additional equity securities (although we cannot assure you that we will be able to do so), pay taxable stock dividends, if possible, distribute other property or securities or engage in other transactions intended to enable us to meet the REIT distribution requirements. This may require us to raise additional capital to meet our obligations.

Our use of TRSs is limited under the Code

Under the Code, no more than 20% of the value of the gross assets of a REIT may be represented by securities of one or more TRSs. This limitation may affect our ability to increase the size of our TRSs' operations and assets, and there can be no assurance that we will be able to comply with the applicable limitation, or that such compliance will not adversely affect our business. Also, our TRSs may not, among other things, operate or manage certain health care facilities, which may cause us to forgo investments we might otherwise make. Finally, we may be subject to a 100% excise tax on the income derived from certain transactions with our TRSs that are not on an arm's-length basis. We believe our arrangements with our TRSs are on arm's-length terms and intend to continue to operate in a manner that allows us to avoid incurring the 100% excise tax described above, but there can be no assurance that we will be able to avoid application of that tax.

The lease of qualified health care properties to a TRS is subject to special requirements

We lease certain qualified health care properties to TRSs (or subsidiaries of TRSs), which lessees contract with managers (or related parties) to manage the health care operations at these properties. The rents from this TRS lessee structure are treated as qualifying rents from real property if (1) they are paid pursuant to an arm's-length lease of a qualified health care property with a TRS and (2) the manager qualifies as an eligible independent contractor (as defined in the Code). If any of these conditions are not satisfied, then the rents will not be qualifying rents.

If certain sale-leaseback transactions are not characterized by the Internal Revenue Service ("IRS") as "true leases," we may be subject to adverse tax consequences

We have purchased certain properties and leased them back to the sellers of such properties, and we may enter into similar transactions in the future. We intend for any such sale-leaseback transaction to be structured in such a manner that the lease will be characterized as a "true lease," thereby allowing us to be treated as the owner of the property for U.S. federal income tax purposes. However, depending on the terms of any specific transaction, the IRS might take the position that the transaction is not a "true lease" but is more properly treated in some other manner. In the event any sale-leaseback transaction is challenged and successfully re-characterized by the IRS, we would not be entitled to claim the deductions for depreciation and cost recovery generally available to an owner of property. Furthermore, if a sale-leaseback transaction were so re-characterized, we might fail to satisfy the REIT asset tests or income tests and, consequently, could lose our REIT status effective with the year of re-characterization. Alternatively, the amount of our REIT taxable income could be recalculated, which may cause us to fail to meet the REIT annual distribution requirements for a taxable year.

We could be subject to changes in our tax rates, the adoption of new U.S. or international tax legislation, or exposure to additional tax liabilities

We are subject to taxes in the U.S. and foreign jurisdictions. Because the U.S. maintains a worldwide corporate tax system, the foreign and U.S. tax systems are somewhat interdependent. Longstanding international norms that determine each country's jurisdiction to tax cross-border international trade are evolving and could reduce the ability of our foreign subsidiaries to deduct for foreign tax purposes the interest they pay on loans from us, thereby increasing the foreign tax liability of the subsidiaries; it is also possible that foreign countries could increase their withholding taxes on dividends and interest.

Our effective tax rates could be affected by changes in the mix of earnings in countries with differing statutory tax rates or changes in tax laws or their interpretation. We are also subject to the examination of our tax returns and other tax matters by the IRS and other tax authorities and governmental bodies. We regularly assess the likelihood of an adverse outcome resulting from these examinations to determine the adequacy of our provision for taxes. There can be no assurance as to the outcome of these examinations. If we were subject to review or examination by the IRS or applicable foreign jurisdiction as the result of any new tax law changes, the ultimate determination of which may change our taxes owed for an amount in excess of amounts previously accrued or recorded, our financial condition, operating results, and cash flows could be adversely affected.

The present federal income tax treatment of REITs may be modified, possibly with retroactive effect, by legislative, judicial or administrative action at any time, which could affect the federal income tax treatment of an investment in us. The federal income tax rules dealing with U.S. federal income taxation and REITs are constantly under review by persons involved in the legislative process, the IRS and the U.S. Treasury Department, which results in statutory changes as well as frequent revisions to regulations and interpretations.

We cannot predict how changes in the tax laws in the U.S. or foreign jurisdictions might affect our investors or us. Revisions in tax laws and interpretations thereof could significantly and negatively affect our ability to qualify as a REIT, as well as the tax considerations relevant to an investment in us, could cause us to change our investments and commitments, and adversely affect our earnings and cash flow.

The impact to our TRSs of the Corporate Alternative Minimum Tax imposed by the Inflation Reduction Act of 2022 is uncertain and may be adverse

For tax years beginning after December 31, 2022, the Inflation Reduction Act of 2022 ("IRA") imposes among other things, a 15% Corporate Alternative Minimum Tax ("Corporate AMT") on certain U.S. corporations with average adjusted financial statement income in excess of \$1 billion. Although, by its terms, the Corporate AMT is not applicable to REITs, it is not certain whether or how the Corporate AMT would apply to our TRSs.

In December 2022, the U.S. Department of the Treasury issued Notice 2023-7, indicating its intention to propose regulations and provide other guidance regarding the Corporate AMT and issuing certain interim rules on which taxpayers may rely. Until further regulations and guidance from the IRS and Treasury are released, the impact of the Corporate AMT on our TRSs is uncertain and it is possible that our TRSs will be subject to material U.S. federal income taxes under the Corporate AMT.

Item 3. Legal Proceedings

From time to time, there are various legal proceedings pending against us that arise in the ordinary course of our business. Management does not believe that the resolution of any of these legal proceedings either individually or in the aggregate will have a material adverse effect on our business, results of operations or financial condition. Further, from time to time, we are party to certain legal proceedings for which third parties, such as tenants, operators and/or managers are contractually obligated to indemnify, defend and hold us harmless. In some of these matters, the indemnitors have insurance for the potential damages. In other matters, we are being defended by tenants and other obligated third parties and these indemnitors may not have sufficient insurance, assets, income or resources to satisfy their defense and indemnification obligations to us. The unfavorable resolution of such legal proceedings could, individually or in the aggregate, materially adversely affect the indemnitors' ability to satisfy their respective obligations to us, which, in turn, could have a material adverse effect on our business, results of operations or financial condition. It is management's opinion that there are currently no such legal proceedings pending that will, individually or in the aggregate, have such a material adverse effect. Despite management's view of the ultimate resolution of these legal proceedings, we may have significant legal expenses and costs associated with the defense of such matters. Further, management cannot predict the outcome of these legal proceedings and if management's expectation regarding such matters is not correct, such proceedings could have a material adverse effect on our business, results of operations or financial condition.

The following discussion and analysis is based primarily on the consolidated financial statements of Welltower Inc. presented in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") for the periods presented and should be read together with the notes thereto contained in this Annual Report on Form 10-K. Other important factors are identified in "Item 1 — Business" and "Item 1A — Risk Factors" above.

On March 7, 2022, we announced our intent to complete an UPREIT reorganization. In February 2022, the company formerly known as Welltower Inc. ("Old Welltower") formed WELL Merger Holdco Inc. ("New Welltower") as a wholly owned subsidiary, and New Welltower formed WELL Merger Holdco Sub Inc. ("Merger Sub") as a wholly owned subsidiary. On April 1, 2022, Merger Sub merged with and into Old Welltower, with Old Welltower continuing as the surviving corporation and a wholly owned subsidiary of New Welltower. In connection with the Merger, Old Welltower's name was changed to "Welltower OP Inc.", and New Welltower inherited the name "Welltower Inc." Effective May 24, 2022, Welltower OP Inc. ("Welltower OP") converted from a Delaware corporation into a Delaware limited liability company named Welltower OP LLC. Following the LLC Conversion, New Welltower's business continues to be conducted through Welltower OP and New Welltower does not have substantial assets or liabilities, other than through its investment in Welltower OP.

Unless stated otherwise or the context otherwise requires, references to "Welltower" mean Welltower Inc. and references to "Welltower OP" mean Welltower OP LLC. References to "we," "us" and "our" mean collectively Welltower, Welltower OP and those entities/subsidiaries owned or controlled by Welltower and/or Welltower OP

⁽¹⁾ Represents consolidated net operating income ("NOI") and excludes our share of investments in unconsolidated entities. Entities in which we have a joint venture with a minority partner are shown at 100% of the joint venture amount. See Non-GAAP Financial Measures for additional information and reconciliation.

The COVID-19 pandemic has had and may continue to have material and adverse effects on our financial condition, results of operations and cash flows in the future. The extent to which the COVID-19 pandemic impacts our operations and those of our operators and tenants will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic, the effectiveness of vaccines, the actions taken to contain the pandemic or mitigate its impact and the direct and indirect economic effects of the pandemic and containment measures, the overall pace of recovery, among others.

Our Seniors Housing Operating revenues are dependent on occupancy which has increased during the year ended December 31, 2022. As of December 31, 2022, nearly all communities are open for new admissions and allowing visitors, in-person tours and communal dining activities.

We have incurred increased operational costs as a result of public health measures and other regulations affecting our properties, as well as additional health and safety measures adopted by us and our operators related to the COVID-19 pandemic, including increases in labor, personal protective equipment and sanitation. We expect total Seniors Housing Operating expenses to remain elevated as many of these additional health and safety measures have become standard practice.

Our Triple-net operators are experiencing similar trends related to occupancy and operating costs as described above with respect to our Seniors Housing Operating properties. However, long-term/post-acute care facilities are generally experiencing a higher degree of occupancy declines. These factors may continue to impact the ability of our Triple-net operators to make contractual rent payments to us in the future. Many of our Triple-net operators received funds under the Coronavirus Aid Relief, and Economic Security Act ("CARES Act") Paycheck Protection Program and Provider Relief Fund.

Business Strategy

Our primary objectives are to protect stockholder capital and enhance stockholder value. We seek to pay consistent cash dividends to stockholders and create opportunities to increase dividend payments to stockholders as a result of annual increases in NOI and portfolio growth. To meet these objectives, we invest across the full spectrum of seniors housing and health care real estate and diversify our investment portfolio by property type, relationship and geographic location.

Substantially all of our revenues are derived from operating lease rentals, resident fees and services and interest earned on outstanding loans receivable. These items represent our primary sources of liquidity to fund distributions and depend upon the continued ability of our obligors to make contractual rent and interest payments to us and the profitability of our operating properties. To the extent that our obligors/partners experience operating difficulties and become unable to generate sufficient cash to make payments or operating distributions to us, there could be a material adverse impact on our consolidated results of operations, liquidity and/or financial condition. To mitigate this risk, we monitor our investments through a variety of methods determined by the type of property. Our asset management process for seniors housing properties generally includes review of monthly financial statements and other operating data for each property, review of obligor/partner creditworthiness, property inspections and review of covenant compliance relating to licensure, real estate taxes, letters of credit and other collateral. Our internal property management division manages and monitors the outpatient medical portfolio with a comprehensive process including review of tenant relations, lease expirations, the mix of health service providers, hospital/health system relationships, property performance, capital improvement needs and market conditions among other things. We evaluate the operating environment in each property's market to determine the likely trend in operating performance of the facility. When we identify unacceptable trends, we seek to mitigate, eliminate or transfer the risk. Through these efforts, we generally aim to intervene at an early stage to address any negative trends, and in so doing, support both the collectability of revenue and the value of our investment.

In addition to our asset management and research efforts, we also aim to structure our relevant investments to mitigate payment risk. Operating leases and loans are normally credit enhanced by guarantees and/or letters of credit. In addition, operating leases are typically structured as master leases and loans are generally cross-defaulted and cross-collateralized with other real estate loans, operating leases or agreements between us and the obligor and its affiliates.

For the year ended December 31, 2022, resident fees and services and rental income represented 71% and 25%, respectively, of total revenues. Substantially all of our operating leases are designed with escalating rent structures. Leases with fixed annual rental escalators are generally recognized on a straight-line basis over the initial lease period, subject to a collectability assessment. Rental income related to leases with contingent rental escalators is generally recorded based on the contractual cash rental payments due for the period. Our yield on loans receivable depends upon a number of factors, including the stated interest rate, the average principal amount outstanding during the term of the loan and any interest rate adjustments.

Our primary sources of cash include resident fees and services, rent and interest receipts, borrowings under our unsecured revolving credit facility and commercial paper program, public issuances of debt and equity securities, proceeds from investment dispositions and principal payments on loans receivable. Our primary uses of cash include dividend distributions, debt service payments (including principal and interest), real property investments (including acquisitions, capital expenditures, construction advances and transaction costs), loan advances, property operating expenses, general and administrative expenses and other expenses. Depending upon the availability and cost of external capital, we believe our liquidity is sufficient to fund these uses of cash.

We also continuously evaluate opportunities to finance future investments. New investments are generally funded from temporary borrowings under our unsecured revolving credit facility and commercial paper program, internally generated cash and the proceeds from investment dispositions. Our investments generate cash from NOI and principal payments on loans receivable. Permanent financing for future investments, which replaces funds drawn under our unsecured revolving credit facility and commercial paper program, has historically been provided through a combination of the issuance of public debt and equity securities and the incurrence or assumption of secured debt.

Depending upon market conditions, we believe that new investments will be available in the future with spreads over our cost of capital that will generate appropriate returns to our stockholders. It is also likely that investment dispositions may occur in the future. To the extent that investment dispositions exceed new investments, our revenues and cash flows from operations could be adversely affected. We expect to reinvest the proceeds from any investment dispositions in new investments. To the extent that new investment requirements exceed our available cash on-hand, we expect to borrow under our unsecured revolving credit facility and commercial paper program. At December 31, 2022, we had \$631,681,000 of cash and cash equivalents, \$90,611,000 of restricted cash and \$4,000,000,000 of available borrowing capacity under our unsecured revolving credit facility.

Key Performance Indicators, Trends and Uncertainties

We utilize several key performance indicators to evaluate the various aspects of our business. These indicators are discussed below and relate to operating performance, credit strength and concentration risk. Management uses these key performance indicators to facilitate internal and external comparisons to our historical operating results, in making operating decisions, and for budget planning purposes.

Operating Performance We believe that net income and net income attributable to common stockholders ("NICS") per the Consolidated Statements of Comprehensive Income are the most appropriate earnings measures. Other useful supplemental measures of our operating performance include funds from operations attributable to common stockholders ("FFO") and consolidated net operating income ("NOI"); however, these supplemental measures are not defined by U.S. GAAP. Please refer to the section entitled "Non-GAAP Financial Measures" for further discussion and reconciliations. These earnings measures are widely used by investors and analysts in the valuation, comparison and investment recommendations of companies.

⁽²⁾ Represents annualized contractual or projected NOI to be received in cash divided by investment amounts.

⁽²⁾ Represents carrying value of net real estate assets at time of disposition. See Note 5 to our consolidated financial statements for additional information.

⁽³⁾ Represents annualized contractual income that was being received in cash at date of disposition divided by stated purchase price. Excludes properties sold that were recent development conversions.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following table reflects the recent historical trends of our operating performance measures for the periods presented (in thousands):

	Year Ended December 31,									
	2022			2021	2020					
Net income	\$	160,568	\$	374,479	\$	1,038,852

Consolidated net operating income		2,301,845		1,967,553		2,008,144				

Credit Strength We measure our credit strength both in terms of leverage ratios and coverage ratios. The leverage ratios indicate how much of our balance sheet capitalization is related to long-term debt, net of cash and restricted cash. The coverage ratios indicate our ability to service interest and fixed charges (interest and secured debt principal amortization). We expect to maintain capitalization ratios and coverage ratios sufficient to maintain a capital structure consistent with our current profile. The coverage ratios are based on earnings before interest, taxes, depreciation and amortization ("EBITDA") and adjusted earnings before interest, taxes, depreciation and amortization ("Adjusted EBITDA"). Please refer to the section entitled "Non-GAAP Financial Measures" for further discussion and reconciliation of these measures. Leverage ratios and coverage ratios are widely used by investors, analysts and rating agencies in the valuation, comparison, investment recommendations and rating of companies. The following table reflects the recent historical trends for our credit strength measures for the periods presented:

	Year Ended December 31,				
	2022	2021	2020

Adjusted fixed charge coverage ratio	3.56x	3.43x	3.54x		

Concentration Risk We evaluate our concentration risk in terms of NOI by property mix, relationship mix and geographic mix. Concentration risk is a valuable measure in understanding what portion of our NOI could be at risk if certain sectors were to experience downturns. Property mix measures the portion of our NOI that relates to our various property types. Relationship mix measures the portion of our NOI that relates to our current top five relationships. Geographic mix measures the portion of our NOI that relates to our current top five states (or international equivalents). The following table reflects our recent historical trends of concentration risk by NOI for the years indicated below:

⁽¹⁾ Excludes our share of investments in unconsolidated entities and non-segment/corporate NOI. Entities in which we have a joint venture with a minority partner are shown at 100% of the joint venture amount.

⁽²⁾ Year ended December 31, 2022 includes \$58,621,000 of income recognized upon termination of a lease. See Note 3 to our consolidated financial statements for further details.

In December 2022, ProMedica relinquished to Welltower its 15% interest in 147 skilled nursing facilities previously owned by the Welltower/ProMedica joint venture in exchange for a lease modification, which relieved ProMedica from its lease obligation on the 147 skilled nursing properties and amended the lease on the remaining 58 assisted living and memory care properties that continue to be held by the Welltower/ProMedica joint venture. The 58 assisted living and memory care assets continue to be operated by ProMedica and backed by the existing guaranty.

Concurrently with the above, Welltower and Integra Healthcare Properties ("Integra") entered into master leases for the skilled nursing portfolio. Approximately 15 regional operators will enter into subleases with Integra to operate the properties. Also in December 2022, we sold to Integra a 15% ownership interest in 54 of those skilled nursing facilities for approximately \$73 million. This transaction represents the initial tranche of the newly formed joint venture owned 85% by Welltower and 15% by Integra, which is anticipated to include the 147 skilled nursing facilities. In January 2023, Integra acquired a 15% interest in 31 of the remaining 93 skilled nursing facilities for approximately \$74 million, representing the second tranche of the WELL/Integra joint venture. Integra is expected to buy into the remaining 62 assets throughout 2023.

ProMedica NOI for the year ended December 31, 2022 was comprised of \$59,687,000 relating to the 58 assisted living and memory care properties (3% of total NOI) and \$180,441,000 relating to the 147 skilled nursing properties (8% of total NOI).

We evaluate our key performance indicators in conjunction with current expectations to determine if historical trends are indicative of future results. Our expected results may not be achieved and actual results may differ materially from our expectations. Factors that may cause actual results to differ from expected results are described in more detail in "Item 1 — Business — Cautionary Statement Regarding Forward-Looking Statements" and "Item 1A — Risk Factors" and other sections of this Annual Report on Form 10-K. Management regularly monitors economic and other factors to develop strategic and tactical plans designed to improve performance and maximize our competitive position. Our ability to achieve our financial objectives is dependent upon our ability to effectively execute these plans and to appropriately respond to emerging economic and company-specific trends. Please refer to "Item 1 — Business," "Item 1A — Risk Factors" in this Annual Report on Form 10-K for further discussion of these risk factors.

The change in new development is primarily due to the number and size of construction projects on-going during the relevant periods. Renovations, redevelopments and other capital improvements include expenditures to maximize property value, increase net operating income, maintain a market-competitive position and/or achieve property stabilization. The increase in overall development and recurring capital expenditures, tenant improvements and lease commissions is due primarily to portfolio growth and increased spending after a contraction during the pandemic.

Financing Activities The changes in net cash provided from/used in financing activities are primarily attributable to changes related to our long-term debt arrangements, the issuances of common stock and dividend payments which are summarized above in "Key Transactions." Please refer to Notes 10, 11 and 14 of our consolidated financial statements for additional information.

In March 2022, we completed the issuance of \$550,000,000 senior unsecured notes with a maturity date of June 2032. Capital Structure

Please refer to "Credit Strength" above for a discussion of our leverage and coverage ratio trends. Our debt agreements contain various covenants, restrictions and events of default. Certain agreements require us to maintain financial ratios and minimum net worth and impose certain limits on our ability to incur indebtedness, create liens and make investments or acquisitions. As of December 31, 2022, we were in compliance in all material respects with the covenants under our debt agreements. None of our debt agreements contain provisions for acceleration which could be triggered by our debt ratings. However, under our primary unsecured credit facility, the ratings on our senior unsecured notes are used to determine the fees and interest charged. We plan to manage the company to maintain compliance with our debt covenants and with a capital structure consistent with our current profile. Any downgrades in terms of ratings or outlook by any or all of the rating agencies could have a material adverse impact on our consolidated results of operations, liquidity and/or financial condition.

On July 22, 2022, Welltower Inc. filed with the SEC a prospectus supplement relating to the registration of up to 300,026 shares of common stock of Welltower Inc. that may be issued from time to time if, and to the extent that, certain holders of Class A Common Units (the "OP Units") of Welltower OP tender the OP Units for redemption by Welltower OP, and Welltower Inc. elects to assume the redemption obligations of Welltower OP and to satisfy all or a portion of the redemption consideration by issuing shares of its common stock to the holders instead of or in addition to paying a cash amount.

Supplemental Guarantor Information

Welltower OP has issued the unsecured notes described in Note 11 to our Consolidated Financial Statements. All unsecured notes are fully and unconditionally guaranteed by Welltower, and Welltower OP is 99.751% owned by Welltower as of December 31, 2022. Effective January 4, 2021, the SEC adopted amendments to the financial disclosure requirements applicable to registered debt offerings that include certain credit enhancements. We have adopted these new rules, which permits subsidiary issuers of obligations guaranteed by the parent to omit separate financial statements if the consolidated financial statements of the parent company have been filed, the subsidiary obligor is a consolidated subsidiary of the parent company, the guaranteed security is debt or debt-like, and the security is guaranteed fully and unconditionally by the parent. Accordingly, separate consolidated financial statements of Welltower OP have not been presented. Furthermore, Welltower and Welltower OP have no material assets, liabilities, or operations other than financing activities and their investments in non-guarantor subsidiaries. Therefore, we meet the criteria in Rule 13-01 of Regulation S-X to omit the summarized financial information from our disclosures.

A portion of our earnings are derived primarily from long-term investments with predictable rates of return. These investments are mainly financed with a combination of equity, senior unsecured notes, secured debt and borrowings under our primary unsecured credit facility. During inflationary periods, which generally are accompanied by rising interest rates, our ability to grow may be adversely affected because the yield on new investments may increase at a slower rate than new borrowing costs.

Resident fees and services and property operating expenses for the year ended December 31, 2022 increased compared to the prior year primarily due to acquisitions and construction conversions, including the acquisition of the Holiday Retirement portfolio on July 30, 2021 for a total purchase price of \$1.6 billion. Additionally, our Seniors Housing Operating revenues are dependent on occupancy, which has steadily increased during 2022. As of December 31, 2022, nearly all communities are open for new admissions and allowing visitors, in-person tours and communal dining activities. Average occupancy is as follows:

		Three Months Ended ⁽¹⁾												
	March 31,	June 30,	September 30,	December 31,										
2021	72.7%	73.0%	74.9%	76.3%										
2022	76.3%	77.1%	78.0%	78.3%										

⁽¹⁾ Average occupancy includes our minority ownership share related to unconsolidated properties and excludes the minority partners' noncontrolling ownership share related to consolidated properties. Also excludes land parcels and properties under development.

Effective on April 1, 2022, our leasehold interest relating to the master lease with National Health Investors, Inc. ("NHI") for 17 properties assumed in conjunction with the Holiday Retirement acquisition was terminated as a result of the transition or sale of the properties by NHI. The lease termination was part of an agreement to resolve outstanding litigation with NHI. In conjunction with the agreement, a wholly owned subsidiary and the lessee on the master lease agreed to release \$6,883,000 of cash to the landlord, which represents the net cash flow generated from the properties since we assumed the leasehold interest. Additionally, in conjunction with the lease termination, during the year ended December 31, 2022 we recognized \$58,621,000 in other income on our Consolidated Statements of Comprehensive Income, from the derecognition of the right of use asset and related lease liability.

Property-level operating expenses associated with the COVID-19 pandemic relating to our Seniors Housing Operating portfolio totaled \$33,099,000, \$63,681,000 and \$110,719,000 for the years ended December 31, 2022, 2021 and 2020, respectively. These expenses were incurred as a result of public health measures and other regulations affecting our properties, as well as additional health and safety measures adopted by us and our operators related to the COVID-19 pandemic, including increases in labor and property cleaning expenses and expenditures related to our efforts to procure personal protective equipment ("PPE") and supplies. We expect total Seniors Housing Operating expenses to remain elevated as certain of these additional health and safety measures have become standard practice.

We received government grants under the CARES Act primarily to cover increased expenses and lost revenue during the COVID-19 pandemic, as well as under similar programs in the U.K. and Canada. We recognized \$38,607,000, \$97,933,000 and \$31,927,000 during the years ended December 31, 2022, 2021 and 2020, respectively. These grants represent a reduction to property operating expenses in our Consolidated Statements of Comprehensive Income. Additionally, during the years ended

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

December 31, 2021 and 2020, we recognized \$4,642,000 and \$3,014,000, respectively, of government grant income in other income in our Consolidated Statements of Comprehensive Income.

During the year ended December 31, 2022, we recorded impairment charges of \$13,146,000 related to one held for sale property in which the carrying value exceeded the estimated fair value less costs to sell. During the year ended December 31, 2021, we recorded impairment charges of \$22,317,000 related to two held for use properties in which the carrying value exceeded the estimated fair value. Transaction costs related to asset acquisitions are capitalized as a component of the purchase price. The fluctuation in other expenses is primarily due to the timing of noncapitalizable transaction costs associated with acquisitions and operator transitions. Changes in the gain on sales of properties are related to the volume and timing of property sales and the sales prices.

Depreciation and amortization fluctuates as a result of acquisitions, disposition and transitions. To the extent we acquire or dispose of additional properties in the future, our provision for depreciation and amortization will change accordingly.

During the year ended December 31, 2022, we completed six Seniors Housing Operating construction projects representing \$227,796,000 or \$333,035 per unit. The following is a summary of our consolidated Seniors Housing Operating construction projects, excluding expansions, pending as of December 31, 2022 (dollars in thousands):

Interest expense represents secured debt interest expense, which fluctuates based on the net effect and timing of assumptions, segment transitions, fluctuations in foreign currency rates, extinguishments and principal amortizations. The fluctuations in loss (gain) on extinguishment of debt is primarily attributable to the volume of extinguishments and terms of the related secured debt. The following is a summary of our Seniors Housing Operating segment property secured debt principal activity (dollars in thousands):

The majority of our Seniors Housing Operating properties are formed through partnership interests. Income from unconsolidated entities recognized during the year ended December 31, 2021 includes a gain recognized from the sale of a home health business owned by one of our unconsolidated entities. Net income attributable to noncontrolling interests represents our partners' share of net income (loss) related to joint ventures. The decrease compared to the year ended December 31, 2021 relates primarily to our partners' share of reserves for previously recognized straight-line receivables.

Rental income has increased primarily due to the timing of the establishment of reserves for straight-line rent receivable balances relating to leases for which collection of substantially all contractual lease payments is no longer deemed probable. During the year ended December 31, 2021, we recorded reserves for previously recognized straight-line rent receivables of \$49,241,000 which resulted in reduced rental income for the period. Offsetting the impact of straight-line changes, we have disposed of ten properties with a book value of \$89,827,000 during 2022 and 51 properties with a book value of \$486,369,000 during 2021.

Certain of our leases contain annual rental escalators that are contingent upon changes in the Consumer Price Index and/or changes in the gross operating revenues of the tenant's properties. These escalators are not fixed, so no straight-line rent is recorded; however, rental income is recorded based on the contractual cash rental payments due for the period. If gross operating revenues at our facilities and/or the Consumer Price Index do not increase, a portion of our revenues may not continue to increase. For the year ended December 31, 2022, we had 50 leases with rental rate increasers ranging from 0.26% to 57.76% in our Triple-net portfolio. Our Triple-net operators are experiencing similar impacts on occupancy and operating costs due to the COVID-19 pandemic as described above with respect to our Seniors Housing Operating properties. Long-term/post-acute facilities have generally experienced a higher degree of occupancy declines, which in some cases impacted the ability of our Triple-net operators to make contractual rent payments to us. However, many of our Triple-net operators received funds under the CARES Act Paycheck Protection Program and Provider Relief Fund.

The increase to interest income during the year ended December 31, 2022 is primarily driven by interest recognized on senior loan financings of £540,000,000 made to affiliates of Safanad as part of the recapitalization of its investment in HC-One Group during the second quarter of 2021. Additionally, during the year ended December 31, 2021, we recognized a provision for loan losses under the current expected credit losses accounting standard, primarily related to the initial recognition of that loan. The provision for loan loss recognized during the year ended December 31, 2022 is primarily related to \$11,714,000 of specific reserves recognized on a held to maturity debt security, offset by the release of previously established allowances for credit losses due to loan repayments.

Depreciation and amortization fluctuate as a result of the acquisitions, dispositions and transitions of triple-net properties. To the extent we acquire or dispose of additional properties in the future, our provision for depreciation and amortization will change accordingly.

During the year ended December 31, 2022, we recorded impairment charges of \$3,595,000 related to two held for use properties. During the year ended December 31, 2021, we recorded impairment charges of \$26,579,000 related to four held for sale or sold properties and two held for use properties. Transaction costs related to asset acquisitions are capitalized as a component of purchase price. The fluctuation in other expenses is primarily due to noncapitalizable transaction costs from acquisitions and segment transitions. Changes in the gain on sales of properties are related to the volume and timing of property sales and the sales prices.

During the year ended December 31, 2022, there were no Triple-net construction projects completed; however, four projects transitioned out of the Triple-net segment and into the Seniors Housing Operating segment. Additionally, one project transitioned from consolidated to unconsolidated. The following is a summary of our consolidated Triple-net construction projects, excluding expansions, pending as of December 31, 2022 (dollars in thousands):

During the years ended December 31, 2022 and 2021, loss (gain) on derivatives and financial instruments, net is primarily attributable to the mark-to-market of the equity warrants received as part of the Safanad/HC-One transaction that closed in the second quarter of 2021. In addition, the mark-to-market adjustment on our Genesis Healthcare available-for-sale investment is reflected in all periods.

Interest expense represents secured debt interest expense and related fees. The change in secured debt interest expense is due to the net effect and timing of assumptions, segment transitions, fluctuations in foreign currency rates, extinguishments and principal amortizations. A portion of our Triple-net properties were formed through partnerships. Income or loss from unconsolidated entities represents our share of net income or losses from partnerships where we are the noncontrolling partner. The increase in income from unconsolidated entities during the year ended December 31, 2022 is primarily related to the write off of a right of use asset and related lease liability on an unconsolidated joint venture that was restructured during the year. Net income attributable to noncontrolling interests represents our partners' share of net income relating to those partnerships where we are the controlling partner. The decrease in net income attributable to noncontrolling interests for the year ended December 31, 2022 compared to 2021 is related to the increase in ownership in existing Triple-net joint ventures.

Rental income has increased due primarily to acquisitions and construction conversions that occurred during 2021 and 2022. Certain of our leases contain annual rental escalators that are contingent upon changes in the Consumer Price Index. These escalators are not fixed, so no straight-line rent is recorded; however, rental income is recorded based on the contractual cash rental payments due for the period. If the Consumer Price Index does not increase, a portion of our revenues may not continue to increase. Our leases could renew above or below current rental rates, resulting in an increase or decrease in rental income. For the year ended December 31, 2022, our consolidated Outpatient Medical portfolio signed 435,000 square feet of new leases and 1,826,000 square feet of renewals. The weighted-average term of these leases was seven years, with a rate of \$38.19 per square foot and tenant improvement and lease commission costs of \$26.77 per square foot. Substantially all of these leases contain an annual fixed or contingent escalation rent structure ranging from 1.0% to 7.0%.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The decrease in interest income for the year ended December 31, 2022 is due primarily to a \$178,207,000 first mortgage initiated in August 2020, which was subsequently repaid in full in June of 2021, resulting in the reversal of the previously established allowance for credit losses.

The fluctuation in property operating expenses and depreciation and amortization are primarily attributable to acquisitions and construction conversions that occurred during 2021 and 2022. To the extent that we acquire or dispose of additional properties in the future, these amounts will change accordingly.

Property operating expenses represent insurance costs related to our captive insurance company formed as of July 1, 2020, which acts as a direct insurer of property level insurance coverage for our portfolio.

The change in interest expense on senior unsecured notes is due to the net effect of issuances and extinguishments, as well as the movement in foreign exchange rates and related hedge activity. Please refer to Note 11 to the consolidated financial statements for additional information. The change in interest expense on our unsecured revolving credit facility and commercial paper program is due primarily to the net effect and timing of draws, paydowns and variable interest rate changes. Please refer to Note 10 of our consolidated financial statements for additional information. Loan expenses represent the amortization of costs incurred in connection with senior unsecured notes issuances. The loss on extinguishment recognized during the year ended December 31, 2021 is due primarily to the early extinguishment of \$339,128,000 of our 3.75% senior unsecured notes due March 2023 and \$334,624,000 of our 3.95% senior unsecured notes due September 2023.

General and administrative expenses as a percentage of consolidated revenues for the years ended December 31, 2022, 2021 and 2020 were 2.57%, 2.67% and 2.79%, respectively. Other expenses includes non-capitalizable legal expenses, including related to our umbrella partnership REIT reorganization during 2022. The provision for income taxes primarily relates to state taxes, foreign taxes and taxes based on income generated by entities that are structured as TRSs.

Non-GAAP Financial Measures

We believe that net income and net income attributable to common stockholders, as defined by U.S. GAAP, are the most appropriate earnings measurements. However, we consider FFO, NOI, SSNOI, EBITDA and Adjusted EBITDA to be useful supplemental measures of our operating performance. Historical cost accounting for real estate assets in accordance with U.S. GAAP implicitly assumes that the value of real estate assets diminishes predictably over time as evidenced by the provision for depreciation. However, since real estate values have historically risen or fallen with market conditions, many industry investors and analysts have considered presentations of operating results for real estate companies that use historical cost accounting to be insufficient. In response, the National Association of Real Estate Investment Trusts ("NAREIT") created funds from operations attributable to common stockholders ("FFO") as a supplemental measure of operating performance for REITs that

excludes historical cost depreciation from net income. FFO, as defined by NAREIT, means NICS, computed in accordance with U.S. GAAP, excluding gains (or losses) from sales of real estate and impairment of depreciable assets, plus depreciation and amortization, and after adjustments for unconsolidated entities and noncontrolling interests

NOI is used to evaluate the operating performance of our properties. We define NOI as total revenues, including tenant reimbursements, less property operating expenses. Property operating expenses represent costs associated with managing, maintaining and servicing tenants for our properties. These expenses include, but are not limited to, property-related payroll and benefits, property management fees paid to operators, marketing, housekeeping, food service, maintenance, utilities, property taxes and insurance. General and administrative expenses represent general overhead costs that are unrelated to property operations and unallocable to the properties. These expenses include, but are not limited to, payroll and benefits related to corporate employees, professional services, office expenses and depreciation of corporate fixed assets. Same store NOI ("SSNOI") is used to evaluate the operating performance of our properties using a consistent population which controls for changes in the composition of our portfolio. We believe the drivers of property level NOI for both consolidated properties and unconsolidated properties are generally the same and therefore, we evaluate SSNOI based on our ownership interest in each property ("Welltower Share"). To arrive at Welltower's Share, NOI is adjusted by adding our minority ownership share related to unconsolidated properties and by subtracting the minority partners' noncontrolling ownership interests for consolidated properties. We do not control investments in unconsolidated properties and while we consider disclosures at Welltower Share to be useful, they may not accurately depict the legal and economic implications of our joint venture arrangements and should be used with caution. As used herein, same store is generally defined as those revenue-generating properties in the portfolio for the relevant year-over-year reporting periods. Acquisitions and development conversions are included in SSNOI five full quarters or eight full quarters after acquisition or being placed into service for the QTD Pool and the YTD Pool, respectively. Land parcels, loans and sub-leases, as well as any properties sold or classified as held for sale during the respective periods are excluded from SSNOI. Redeveloped properties (including major refurbishments of a Seniors Housing Operating property where 20% or more of units are simultaneously taken out of commission for 30 days or more or Outpatient Medical properties undergoing a change in intended use) are excluded from SSNOI until five full quarters or eight full quarters post completion of the redevelopment for the QTD Pool and YTD Pool, respectively. Properties undergoing operator transitions and/or segment transitions are also excluded from SSNOI until five full quarters or eight full quarters post completion of the transition for the QTD Pool and YTD Pool, respectively. In addition, properties significantly impacted by force majeure, acts of God, or other extraordinary adverse events are excluded from SSNOI until five full quarters or eight full quarters after the properties are placed back into service for the QTD Pool and YTD Pool, respectively. SSNOI excludes non-cash NOI and includes adjustments to present consistent ownership percentages and to translate Canadian properties and U.K. properties using a consistent exchange rate. We believe NOI and SSNOI provide investors relevant and useful information because they measure the operating performance of our properties at the property level on an unleveraged basis. We use NOI and SSNOI to make decisions about resource allocations and to assess the property level performance of our properties.

EBITDA is defined as earnings (net income) before interest, taxes, depreciation and amortization. Adjusted EBITDA is defined as EBITDA excluding unconsolidated entities and including adjustments for stock-based compensation expense, provision for loan losses, gains/losses on extinguishment of debt, gains/loss/impairments on properties, gains/losses on derivatives and financial instruments, other expenses, other impairment charges and other adjustments as deemed appropriate. We believe that EBITDA and Adjusted EBITDA, along with net income, are important supplemental measures because they provide additional information to assess and evaluate the performance of our operations. We primarily use these measures to determine our interest coverage ratio, which represents EBITDA and Adjusted EBITDA divided by total interest, and our fixed charge coverage ratio, which represents EBITDA and Adjusted EBITDA divided by fixed charges. Fixed charges include total interest and secured debt principal amortization. Covenants in our unsecured senior notes and primary credit facility contain financial ratios based on a definition of EBITDA and Adjusted EBITDA that is specific to those agreements. Our leverage ratios are defined as the proportion of net debt to total capitalization and include book capitalization, undepreciated book capitalization and market capitalization. Book capitalization represents the sum of net debt (defined as total long-term debt, excluding operating lease liabilities, less cash and cash equivalents and restricted cash), total equity and redeemable noncontrolling interests. Undepreciated book capitalization represents book capitalization adjusted for the fair market value of our common stock.

Our supplemental reporting measures and similarly entitled financial measures are widely used by investors, equity and debt analysts and rating agencies in the valuation, comparison, rating and investment recommendations of companies. Management uses these financial measures to facilitate internal and external comparisons to our historical operating results and in making operating decisions. Additionally, these measures are utilized by the Board of Directors to evaluate management. None of our supplemental measures represent net income or cash flow provided from operating activities as determined in accordance with U.S. GAAP and should not be considered as alternative measures of profitability or liquidity. Finally, the supplemental measures, as defined by us, may not be comparable to similarly entitled items reported by other real estate investment trusts or other companies.

⁽¹⁾ Represents revenues and property operating expenses associated with a leasehold portfolio interest relating to 26 properties assumed by a wholly-owned affiliate in conjunction with the Holiday Retirement transaction. Subsequent to the initial transaction, we purchased eight of the leased properties and one of the properties was sold by the landlord and removed from the lease. No rent was paid in excess of net cash flow relating to the leasehold properties and therefore, the net impact has been excluded from Adjusted EBITDA. Additionally, in conjunction with the lease termination, during the year ended December 31, 2022, we recognized \$58,621,000 in other income from the derecognition of the right of use asset and related lease liability which has also been excluded from Adjusted EBITDA.

Our leverage ratios include book capitalization, undepreciated book capitalization and market capitalization. Book capitalization represents the sum of net debt (defined as total long-term debt less cash and cash equivalents and restricted cash), total equity and redeemable noncontrolling interests. Undepreciated book capitalization represents book capitalization adjusted for accumulated depreciation and amortization. Market capitalization represents book capitalization adjusted for the fair market value of our common stock. Our leverage ratios are defined as the proportion of net debt to total capitalization. The table below reflects the reconciliation of our leverage ratios to our balance sheets for the periods presented. Amounts are in thousands, except share price.

Critical Accounting Policies & Estimates

Our consolidated financial statements are prepared in accordance with U.S. GAAP, which requires us to make estimates and assumptions. Management considers an accounting estimate or assumption critical if:

- the nature of the estimates or assumptions is material due to the levels of subjectivity and judgment necessary to account for highly uncertain matters or the susceptibility of such matters to change; and
- the impact of the estimates and assumptions on financial condition or operating performance is material.

Management has discussed the development and selection of its critical accounting policies and estimates with the Audit Committee of the Board of Directors. Management believes the current assumptions and other considerations used to estimate amounts reflected in our consolidated financial statements are appropriate and are not reasonably likely to change in the future. However, since these estimates require assumptions to be made that were uncertain at the time the estimate was made, they bear the risk of change. If actual experience differs from the assumptions and other considerations used in estimating amounts reflected in our consolidated financial statements, the resulting changes could have a material adverse effect on our consolidated results of operations, liquidity and/or financial condition. Please refer to Note 2 to our consolidated financial statements for further information on significant accounting policies that impact us and for the impact of new accounting standards, including accounting pronouncements that were issued but not yet adopted by us.

⁽²⁾ Includes amounts attributable to both redeemable noncontrolling interests and noncontrolling interests as reflected on our Consolidated Balance Sheets.

The following table presents information about our critical accounting policies and estimates:

Nature of Critical Accounting Estimate	Assumptions/Approach Used
Impairment of Real Property	
indicators of impairment are present and in estimating the future undiscounted cash flows or estimated fair value of an asset. In estimating the undiscounted cash flows or fair value, key assumptions that would be made are the estimation of future rental revenues, operating expenses, capitalization rates and the ability and intent to hold the respective asset, all of which are affected by our expectations of	Quarterly, we evaluate our real estate investments on a property by property basis to determine if there are indicators of impairment. These indicators may include expected operational performance, the tenant's ability to make rent payments, a decision to dispose of an asset before the end of its estimated useful life and changes in the market that may permanently reduce the value of the property. If indicators of impairment exist, an undiscounted cash flow analysis will be prepared to determine if the value of the real property will be recoverable. If the real property will not be recoverable, the carrying value of the property is reduce to its estimated fair value and an impairment charge is recognized for the difference between the carrying value and the fair value. This analysis requires us to use judgment in determining whether indicators of impairment exist and to estimate the expected future undiscounted cash flows or estimated fair values of the property. Properties that meet the held for sale criteria are recorded at the lesser of the fair value less costs to sell or carrying value.
	At December 31, 2022, our net real property owned was approximately \$32,925,033,000. During the year ended December 31, 2022, we recorded impairment charges of \$13,146,000 related to one Seniors Housing Operating property which was classified as held for sale for which the carrying values exceeded the fair values less costs to sell. Additionally, we recorded \$4,356,000 of impairment charges related to two Triple-net properties and one Outpatient Medical property that were held for use in which the carrying values exceeded the estimated fair values.
Real Estate Acquisitions	
acquisitions for which we record the related real estate acquired (tangible assets and identifiable intangible assets and liabilities) at cost on a relative fair value basis. Liabilities assumed and any associated noncontrolling interests are reflected at fair value. Tangible assets consist primarily of land, building and improvements. Identifiable intangible assets and liabilities primarily consist of the above or below market component of in-place leases and the value of in-place leases. The total amount of other intangible assets acquired is further allocated to in-place lease values and customer relationship values based on management's evaluation of the	The allocation of the purchase price to the related real estate acquired (tangible assets and intangible assets and liabilities) involves subjectivity as such allocations are based on a relative fair value analysis. In determining the fair values that drive such analysis, we estimate the fair value of each component of the real estate acquired which generally includes land, buildings and improvements, the above or below market component of in-place leases and the value of in-place leases. Significant assumptions used to determine such fair values include comparable land sales, capitalization rates, discount rates, market rental rates and property operating data, all of which can be impacted by expectations about future market or economic conditions. Our estimates of the values of these components affect the amount of depreciation and amortization we record over the estimated useful life of the property or the term of the lease.
	During the year ended December 31, 2022, we completed \$2,306,020,000 of real estate acquisitions. These transactions were accounted for as asset acquisitions and the purchase price of each was allocated based on the relative fair values of the assets acquired and liabilities assumed.

Principles of Consolidation	
The consolidated financial statements include our accounts, the accounts of our wholly-owned subsidiaries, and the accounts of joint venture entities in which we own a majority voting interest with the ability to control operations and where no substantive participating rights or substantive kick out rights have beer granted to the noncontrolling interests. In addition, we consolidate those entities deemed to be variable interest entities ("VIEs") in which we are determined to be the primary beneficiary. Item 7A. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to various market risks, including the potential loss arising from adverse changes in interest rates and foreign currency exchange rates. We seek to mitigate the underlying foreign currency exposures with gains and losses on derivative contracts hedging these exposures. We seek to mitigate the effects of fluctuations in interest rates by matching the terms of new investments with new long-term fixed rate borrowings to the extent possible. We may or may not elect to use financial derivative instruments to hedge interest rate exposure. These decisions are principally based on our policy to match our variable rate investments with comparable borrowings, but are also based on the general trend in interest rates at the applicable dates and our perception of the future volatility of interest rates. This section is presented to provide a discussion of the risks associated with potential fluctuations in interest rates and foreign currency exchange rates. For more information, see Notes 12 and 17 to our consolidated financial statements.

We historically borrow on our unsecured revolving credit facility and commercial paper program to acquire, construct or make loans relating to health care and seniors housing properties. Then, as market conditions dictate, we will issue equity or long-term fixed rate debt to repay the borrowings under our unsecured revolving credit facility and commercial paper program. We are subject to risks associated with debt financing, including the risk that existing indebtedness may not be refinanced or that the terms of refinancing may not be as favorable as the terms of current indebtedness. The majority of our borrowings were completed under indentures or contractual agreements that limit the amount of indebtedness we may incur. Accordingly, in the event that we are unable to raise additional equity or borrow money because of these limitations, our ability to acquire additional properties may be limited.

A change in interest rates will not affect the interest expense associated with our fixed rate debt. Interest rate changes, however, will affect the fair value of our fixed rate debt. Changes in the interest rate environment upon maturity of this fixed rate debt could have an effect on our future cash flows and earnings, depending on whether the debt is replaced with other fixed rate debt, variable rate debt or equity or repaid by the sale of assets. To illustrate the impact of changes in the interest rate markets, we performed a sensitivity analysis on our fixed rate debt instruments after considering the effects of interest rate swaps, whereby we modeled the change in net present values arising from a hypothetical 1% increase in interest rates to determine the instruments' change in fair value. The following table summarizes the analysis performed as of the dates indicated (in thousands):

		December 31, 2022			December 31, 2021				
	Principal balance Change in fa		Change in fair value	Principal balance			Change in fair value		
Senior unsecured notes	\$	10,839,782	\$	(488,159)	\$	11,002,297	\$	(1,059,031)

Totals	\$	12,288,349	\$	(524,813)	\$	12,493,005	\$	(1,103,253)	

Our variable rate debt, including our unsecured revolving credit facility and commercial paper program, is reflected at fair value. At December 31, 2022, we had \$2,426,134,000 outstanding related to our variable rate debt after considering the effects of interest rate swaps. Assuming no changes in outstanding balances, a 1% increase in interest rates would result in increased annual interest expense of \$24,261,000. At December 31, 2021, we had \$1,742,268,000 of outstanding variable rate debt. Assuming no changes in outstanding balances, a 1% increase in interest rates would have resulted in increased annual interest expense of \$17,423,000.

We are subject to currency fluctuations that may, from time to time, affect our financial condition and results of operations. Increases or decreases in the value of the Canadian Dollar or British Pounds Sterling relative to the U.S. Dollar impact the amount of net income we earn from our investments in Canada and the United Kingdom. Based solely on our results for the year ended December 31, 2022, including the impact of existing hedging arrangements, if these exchange rates were to increase or decrease by 10%, our net income from these investments would increase or decrease, as applicable, by less than \$8,000,000. We will continue to mitigate these underlying foreign currency exposures with non-U.S. denominated borrowings and gains and losses on derivative contracts. If we increase our international presence through investments in, or acquisitions or development of, seniors housing and health care properties outside the U.S., we may also decide to transact additional business or borrow funds in currencies other than U.S. Dollars, Canadian Dollars or British Pounds Sterling. To illustrate the impact of changes in foreign currency markets, we performed a sensitivity analysis on our derivative portfolio whereby we modeled the change in net present values arising from a hypothetical 1% increase in foreign currency exchange rates to determine the instruments' change in fair value. The following table summarizes the results of the analysis performed (dollars in thousands):

Item 8. Financial Statements and Supplementary Data

Report of Independent Registered Public Accounting Firm

To the Stockholders and the Board of Directors of Welltower Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Welltower Inc. and subsidiaries (the Company) as of December 31, 2022 and 2021, the related consolidated statements of comprehensive income, equity and cash flows for each of the three years in the period ended December 31, 2022, and the related notes and financial statement schedules listed in the Index at Item 15(a) (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company at December 31, 2022 and 2021 and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2022, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2022, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) and our report dated February 21, 2023 expressed an unqualified opinion thereon.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current period audit of the financial statements that were communicated or required to be communicated to the audit committee and that: (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Impairment of Real Property

Description of the Matter At December 31, 2022, the Company's net real property owned was approximately \$32.9 billion. As discussed in Note 2 to the consolidated financial statements, the Company reviews its real property quarterly on a property-by-property basis to determine if facts and circumstances suggest that the real property may be impaired. If the undiscounted cash flows indicate that the real property will not be recoverable, the carrying value of the real property is reduced to its estimated fair value and an impairment charge is recognized for the difference between the carrying value and the fair value.

> Auditing the Company's process to evaluate real property owned for impairment was complex due to the high degree of subjectivity in determining whether indicators of impairment were present for certain properties, and in determining the future undiscounted cash flows and estimated fair values, if necessary, of properties where indicators of impairment were determined to be present. In particular, the undiscounted cash flows and fair value estimates were sensitive to significant assumptions, including future rental revenues and operating expenses, capitalization rates, and anticipated hold period, which are affected by expectations about future market or economic conditions.

How We Addressed the Matter in Our Audit

We obtained an understanding, evaluated the design, and tested the operating effectiveness of controls over the Company's process to evaluate real property owned for impairment. This included testing controls over the Company's review of impairment indicators by property and management's review and approval of the significant assumptions described above.

To test the Company's evaluation of real property for impairment, we performed audit procedures that included, among others, assessing the methodologies used by management, evaluating the significant assumptions discussed above and testing the completeness and accuracy of the underlying data used by the Company in its analyses. We compared the significant assumptions used by management to current industry and economic trends and evaluated whether changes to the Company's business and other relevant factors would affect the significant assumptions. In addition, we assessed the historical accuracy of the Company's estimates and performed sensitivity analyses of the significant assumptions to evaluate the changes in the undiscounted future cash flows and estimated fair values of the property that would result from changes in the significant assumptions.

Real Estate Acquisitions

Description of the Matter

During the year ended December 31, 2022, the Company completed approximately \$2.3 billion of real estate acquisitions. As disclosed in Note 3 of the consolidated financial statements, the total purchase price for all properties acquired has been allocated to the related real estate acquired (tangible assets and identifiable intangible assets and liabilities) based upon their relative fair values.

Auditing the fair values allocated by management to the real estate acquired was complex because the fair value estimates were sensitive to significant assumptions, including comparable land sales, capitalization rates, discount rates, market rental rates and property operating data, which can be impacted by expectations about future market or economic conditions.

How We Addressed the Matter in Our Audit

We obtained an understanding, evaluated the design, and tested the operating effectiveness of controls over the Company's process to account for real estate acquisitions, including controls over the Company's review of the significant assumptions discussed above.

To test the fair values allocated to the real estate acquired, we performed audit procedures that included, among others, assessing the methodologies used by management and evaluating the significant assumptions used by the Company discussed above. We compared certain of management's assumptions to external market data for similar properties and tested the clerical accuracy of the valuation models. We involved our valuation specialist in our evaluation of the significant assumptions used by the Company and the review of the valuation models.

1. Business

Welltower Inc., an S&P 500 company headquartered in Toledo, Ohio, is driving the transformation of health care infrastructure. We invest with leading seniors housing operators, post-acute providers and health systems to fund the real estate and infrastructure needed to scale innovative care delivery models and improve people's wellness and overall health care experience. Welltower Inc., a real estate investment trust ("REIT"), owns interests in properties concentrated in major, high-growth markets in the United States ("U.S."), Canada and the United Kingdom ("U.K."), consisting of seniors housing and post-acute communities and outpatient medical properties.

As of May 24, 2022, we are structured as an umbrella partnership REIT under which substantially all of our business is conducted through Welltower OP LLC, the day-to-day management of which is exclusively controlled by Welltower Inc. For additional information on the UPREIT reorganization, please see our Current Reports on Form 8-K filed with the SEC on March 7, 2022, April 1, 2022 and May 25, 2022. Unless stated otherwise or the context otherwise requires, references to "Welltower" mean Welltower Inc. and references to "Welltower OP" mean Welltower OP LLC. References to "we," "us" and "our" mean collectively Welltower, Welltower OP and those entities/subsidiaries owned or controlled by Welltower and/or Welltower OP. Welltower's weighted average ownership in Welltower OP was 99.855% during the period ended December 31, 2022. As of December 31, 2022, Welltower owned 99.751% of the issued and outstanding units of Welltower OP, with other investors owning the remaining 0.249% of outstanding units. We adjust the noncontrolling members' interest at the end of each period to reflect their interest in the net assets of Welltower OP.

2. Accounting Policies and Related Matters

Use of Estimate.

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires us to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Principles of Consolidation

The consolidated financial statements include the accounts of our wholly-owned subsidiaries and joint venture entities that we control, through voting rights or other means. All material intercompany transactions and balances have been eliminated in consolidation. At inception of transactions, we identify entities for which control is achieved through means other than voting rights ("variable interest entities" or "VIEs") and determine which business enterprise is the primary beneficiary of its operations. A VIE is broadly defined as an entity where either (i) the equity investors as a group, if any, do not have a controlling financial interest, or (ii) the equity investment at risk is insufficient to finance that entity's activities without additional subordinated financial support. We consolidate investments in VIEs when we are determined to be the primary beneficiary. Accounting Standards Codification Topic 810, Consolidations ("ASC 810"), requires enterprises to perform a qualitative approach to determining whether or not a VIE will need to be consolidated. This evaluation is based on an enterprise's ability to direct and influence the activities of a VIE that most significantly impact that entity's economic performance and the rights held by limited partners or non-managing members.

Revenue Recognition

For our Triple-net and Outpatient Medical segments, a significant source of our revenue is generated through leasing arrangements and accounted for under ASC 842, Leases ("ASC 842"). Leases with fixed annual rental escalators are generally recognized on a straight-line basis over the initial lease period, subject to a collectability assessment. Rental income related to leases with contingent rental escalators is generally recorded based on the contractual cash rental payments due for the period. Leases in our Outpatient Medical portfolio typically include some form of operating expense reimbursement by the tenant. Certain payments made to operators are treated as lease incentives and amortized as a reduction of revenue over the lease term.

For our Seniors Housing Operating segment, revenue from resident fees and services is predominantly service-based, and generally is recognized monthly as services are provided under ASC 606, Revenue from Contracts with Customers. Agreements with residents generally have varying terms and are cancellable by the resident with 30 days' notice. Within that reportable segment, we also recognize revenue from residential seniors apartment leases in accordance with ASC 842. Management contracts are present in some of our joint venture agreements to provide asset and property management, leasing, marketing and other services and are recognized monthly as services are provided.

Our Seniors Housing Operating segment also contains continuing care retirement communities, which operate as entrance fee communities. The entrance fee communities offer different contracts which vary in terms of how much of the entrance fee is considered to be refundable upon move-out, temporarily refundable until a period of time has passed, or nonrefundable. Refundable entrance fees are recorded as a payable within the accrued expenses and other liabilities line item of our Consolidated Balance Sheets. Nonrefundable entrance fees are recorded as deferred revenue within the same line item and are recognized into revenue over the estimated remaining stay of the resident. We use a third party actuarial expert to determine the estimated remaining stay of each resident based on demographic data.

Interest income on loans is recognized as earned based upon the principal amount outstanding, subject to an evaluation of collectability risk.

We recognize gains on the disposition of real estate when control transfers to the buyer, generally when consideration and title are exchanged and the risks and rewards of ownership transfer. We recognize losses from dispositions of real estate when known.

Cash and Cash Equivalents

Cash and cash equivalents consist of all highly liquid investments with an original maturity of three months or less.

Restricted Cash

Restricted cash primarily consists of amounts held by lenders to provide future payments for real estate taxes, insurance, tenant and capital improvements, amounts held in escrow relating to transactions we are entitled to receive over a period of time as outlined in the escrow agreement and net proceeds from property sales that were executed as tax-deferred dispositions under Internal Revenue Code ("IRC") Section 1031.

Deferred Loan Expenses

Deferred loan expenses are costs incurred by us in connection with the issuance, assumption and amendments of debt arrangements. Deferred loan expenses related to debt instruments, excluding the primary unsecured credit facility, are recorded as a reduction of the related debt liability. Deferred loan expenses related to the primary unsecured credit facility are included in receivables and other assets. We amortize these costs over the term of the debt using the straight-line method, which approximates the effective interest method.

Investments in Unconsolidated Entities

Investments in entities that we do not consolidate but have the ability to exercise significant influence over operating and financial policies are reported under the equity method of accounting. Under the equity method, our share of the investee's earnings or losses is included in our consolidated results of operations. The initial carrying value of investments in unconsolidated entities is based on the amount paid to purchase the entity interest inclusive of transaction costs. To the extent that our cost basis is different from the basis reflected at the entity level, the basis difference is generally amortized over the lives of the related assets and liabilities, and such amortization is included in our share of equity in earnings of the entity. For earnings of equity method investments with pro rata distribution allocations, net income or loss is allocated between the partners in the joint venture based upon their respective stated ownership. In other instances, net income or loss may be allocated between the partners in the joint venture based on the hypothetical liquidation at book value method ("HLBV method"). Under the HLBV method, we recognize income and loss in each period based on the change in liquidation proceeds we would receive from a hypothetical liquidation of the underlying investment at book value.

We evaluate our equity method investments for impairment based upon a comparison of the estimated fair value of the equity method investment to its carrying value. When we determine a decline in the estimated fair value of such an investment below its carrying value is other-than-temporary, an impairment is recorded.

Equity Securities

Equity securities are measured at fair value with gains and losses recognized in loss (gain) on derivatives and financial instruments, net in the Consolidated Statements of Comprehensive Income.

Welltower OP Noncontrolling Interests

Members of Welltower OP other than Welltower have the right under the limited liability company agreement to redeem their Class A Common Units ("OP Units") for shares of Welltower common stock or cash, at Welltower's sole discretion, as the initial member. Accordingly, we classify the non-Welltower OP Units held by such other members in permanent equity because Welltower may elect to issue shares of Welltower common stock to the non-Welltower members who choose to redeem their OP Units rather than using cash.

Redeemable Noncontrolling Interests

Certain noncontrolling interests are redeemable at fair value. Accordingly, we record the carrying amount of the noncontrolling interests at the greater of (i) the initial carrying amount, increased or decreased for the noncontrolling interest's share of net income or loss and its share of other comprehensive income or loss, and dividends or (ii) the redemption value. If the interests are redeemable in the future, we accrete the carrying value to the redemption value over the period until expected redemption, currently a weighted-average period of approximately four years. In accordance with ASC 810, the redeemable noncontrolling interests are classified outside of permanent equity, as a mezzanine item, on the balance sheet. At December 31, 2022, the current redemption value of redeemable noncontrolling interests exceeded the carrying value of \$384,443,000 by \$65,575,000.

We entered into certain DownREIT partnerships which give a real estate seller the ability to exchange its property on a tax deferred basis for equity membership interests ("DownREIT Units"). The DownREIT Units may be redeemed any time following the first anniversary of the date of issuance at the election of the holders for one share of our common stock per unit or, at our option, cash.

Real Property Owned

Real estate acquisitions are generally classified as asset acquisitions for which we record tangible assets and identifiable intangible assets and liabilities at cost on a relative fair value basis. Liabilities assumed and any associated noncontrolling interests are reflected at fair value. Tangible assets primarily consist of land, buildings and improvements.

Identifiable intangible assets and liabilities consist primarily of the above or below market component of in-place leases and the value associated with the presence of in-place leases. The value allocable to the above or below market component of the acquired in-place lease is determined based upon the present value (using a discount rate which reflects the risks associated with the acquired leases) of the difference between (i) the contractual amounts to be paid pursuant to the lease over its remaining term, and (ii) management's estimate of the amounts that would be paid using fair market rates over the remaining term of the lease. The amounts allocated to above market leases are included in acquired lease intangibles and below market leases are included in other liabilities on the balance sheet and are amortized to rental income over the remaining terms of the respective leases or lease-up period.

The total amount of other intangible assets acquired is further allocated to in-place lease values and customer relationship values for in-place tenants based on management's evaluation of the specific characteristics of each tenant's lease and our overall relationship with that respective tenant. Characteristics considered by management in allocating these values include the nature and extent of our existing business relationships with the tenant, growth prospects for developing new business with the tenant, the tenant's credit quality and expectations of lease renewals, among other factors. The total amount of other intangible assets acquired is further allocated to in-place lease values for in-place residents with such value representing (i) value associated with lost revenue related to tenant reimbursable operating costs that would be incurred in an assumed re-leasing period, and (ii) value associated with lost rental revenue from existing leases during an assumed re-leasing period. This intangible asset is amortized over the remaining life of the lease or the assumed re-leasing period.

Real property developed by us is recorded at cost, including the capitalization of construction period interest. These properties are depreciated on a straight-line basis over their estimated useful lives which range from 15 to 40 years for buildings and 5 to 15 years for improvements. We consider costs incurred in conjunction with releasing properties, including tenant improvements and lease commissions, to represent the acquisition of productive assets and, accordingly, such costs are reflected as investment activities in our Consolidated Statement of Cash Flows.

The net book value of long-lived assets is reviewed quarterly on a property by property basis to determine if facts and circumstances suggest that the assets may be impaired or that the depreciable life may need to be changed. We consider external factors relating to each asset and the existence of a master lease which may link the cash flows of an individual asset to a larger portfolio of assets leased to the same tenant. If these factors and the projected undiscounted cash flows of the assets over the remaining depreciation period indicate that the assets will not be recoverable, the carrying value is reduced to the estimated fair market value. In addition, we are exposed to the risks inherent in concentrating investments in real estate, and in particular, the seniors housing and health care industries. A downturn in the real estate industry could adversely affect the value of our properties and our ability to sell properties for a price or on terms acceptable to us. Additionally, properties that meet the held for sale criteria are recorded at the lesser of fair value less costs to sell or the carrying value.

Expenditures for repairs and maintenance are expensed as incurred.

Capitalization of Construction Period Interest

We capitalize interest costs associated with funds used for the construction of properties owned by us. The amount capitalized is based upon the balance outstanding during the construction period using the rate of interest which approximates our company-wide cost of financing. Our interest expense reflected in the Consolidated Statements of Comprehensive Income has been reduced by the amounts capitalized.

Loans Receivable

Loans receivable are recorded on our Consolidated Balance Sheets in real estate loans receivable, net of credit allowance, or for non-real estate loans receivable, in receivables and other assets. Real estate loans receivable consists of mortgage loans and other real estate loans which are primarily collateralized by a first, second or third mortgage lien, a leasehold mortgage on, or an assignment or pledge of the partnership interest in, the related properties, corporate guarantees and/or personal guarantees. Non-real estate loans are generally corporate loans with no real estate backing. Interest income on loans is recognized as earned based upon the principal amount outstanding subject to an evaluation of the risk of credit loss.

In Substance Real Estate Investments

We provide loans to third parties for the acquisition, development and construction of real estate. Under these arrangements, it is possible that we will participate in the expected residual profits of the project through the sale, refinancing or acquisition of the property. We evaluate the characteristics of each arrangement, including its risks and rewards, to determine whether they are more similar to those associated with a loan or an investment in real estate. Arrangements with characteristics implying loan classification are presented as real estate loans receivable and result in the recognition of interest income. Arrangements with characteristics implying real estate joint ventures are treated as in substance real estate investments and presented as investments in unconsolidated entities and are accounted for using the equity method. The classification of each arrangement as either a real estate loan receivable or investment in unconsolidated entity involves judgment and relies on various factors, including market conditions, amount and timing of expected residual profits, credit enhancements in the form of guarantees, estimated fair value of the collateral, and significance of borrower equity in the project, among others. The classification of such arrangements is performed at inception, and periodically reassessed when significant changes occur in the circumstances or conditions described above.

Allowance for Credit Losses on Loans Receivable

The allowance for credit losses on loans receivable is maintained at a level believed adequate to absorb potential losses in our loans receivable. The determination of the credit allowance is based on a quarterly evaluation of all outstanding loans, including general economic conditions and estimated collectability of loan payments. We evaluate the collectability of our loans receivable based on a combination of credit quality indicators, including, but not limited to, payment status, historical loan charge-offs, financial strength of the borrower and guarantors, and nature, extent, and value of the underlying collateral. A loan is considered to have deteriorated credit quality when, based on current information and events, it is probable that we will be unable to collect all amounts due as scheduled according to the contractual terms of the loan agreement. For those loans we identified as having deteriorated credit quality, we determine the amount of credit loss on an individual basis. Placement on non-accrual status may be required. Consistent with this definition, all loans on non-accrual status are deemed to have deteriorated credit quality. To the extent circumstances improve and the risk of collectability is diminished, we may return these loans to income accrual status. While a loan is on non-accrual status, any cash receipts are applied against the outstanding principal balance. For the remaining loans we assess credit loss on a collective pool basis and use our historical loss experience for similar loans to determine the reserve for credit losses.

Goodwill

Goodwill is tested annually for impairment and is tested for impairment more frequently if events and circumstances indicate that the asset might be impaired. An impairment loss is recognized to the extent that the carrying amount, including goodwill, exceeds the reporting unit's fair value and the implied fair value of goodwill is less than the carrying amount of that goodwill. We have not had any goodwill impairments.

Fair Value of Derivative Instruments

Derivatives are recorded at fair value on the balance sheet as assets or liabilities. The valuation of derivative instruments requires us to make estimates and judgments that affect the fair value of the instruments. Fair values of our derivatives are estimated by pricing models that consider the forward yield curves and discount rates. The fair value of our forward exchange contracts are estimated by pricing models that consider foreign currency spot rates, forward trade rates and discount rates. Such amounts and the recognition of such amounts are subject to estimates that may change in the future. See Note 12 for additional information.

Federal Income Tax

We have elected to be treated as a REIT under the applicable provisions of the IRC, commencing with our first taxable year, and made no provision for U.S. federal income tax purposes prior to our acquisition of our taxable REIT subsidiaries ("TRSs"). As a result of these, as well as subsequent acquisitions, we now record income tax expense or benefit with respect to certain of our entities that are taxed as TRSs under provisions similar to those applicable to regular corporations and not under the REIT provisions. We account for deferred income taxes using the asset and liability method and recognize deferred tax assets and liabilities for the expected future tax consequences of events that have been included in our consolidated financial statements or tax returns. Under this method, we determine deferred tax assets and liabilities based on the differences between the financial reporting and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Any increase or decrease in the deferred tax liability that results from a change in circumstances, and that causes a change in our judgment about expected future tax consequences of events, is included in the tax provision when such changes occur. Deferred income taxes also reflect the impact of operating loss and tax credit carryforwards. A valuation allowance is provided if we believe it is more likely than not that all or some portion of the deferred tax asset will not be realized. Any increase or decrease in the valuation allowance that results from a change in circumstances, and that causes a change in our judgment about the realizability of the related deferred tax asset, is included in the tax provision when such changes occur. See Note 19 for additional information.

Foreign Currency

Certain of our subsidiaries' functional currencies are the local currencies of their respective countries. We translate the results of operations of our foreign subsidiaries into U.S. Dollars using average rates of exchange in effect during the period, and we translate balance sheet accounts using exchange rates in effect at the end of the period. We record resulting currency translation adjustments in accumulated other comprehensive income, a component of stockholders' equity, on our Consolidated Balance Sheets.

Earnings Per Share

Basic earnings per share is computed by dividing net income available to common stockholders by the weighted-average number of shares outstanding for the period adjusted for non-vested shares of restricted stock. The computation of diluted earnings per share is similar to basic earnings per share, except that the number of shares is increased to include the number of additional common shares that would have been outstanding if the potentially dilutive common shares had been issued. Additionally, net income (loss) allocated to OP Units and DownREIT Units (discussed above) has been included in the numerator and redeemable common stock related to the OP Units and DownREIT Units have been included in the denominator for the purpose of computing diluted earnings per share.

Impact of COVID-19 Pandemic & Government Assistance

The extent to which the COVID-19 pandemic impacts our operations and those of our operators and tenants will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic, the actions taken to contain the pandemic or mitigate its impact, the direct and indirect economic effects of the pandemic and containment measures, the impact of new variants, the effectiveness of vaccines, and the overall pace of recovery, among others. The COVID-19 pandemic could have material and adverse effects on our financial condition, results of operations and cash flows in the future.

Our Seniors Housing Operating revenues are dependent on occupancy. As of December 31, 2022, nearly all communities are open for new admissions and allowing visitors, in-person tours and communal dining and activities. Average occupancy is as follows (unaudited):

Three Months Ended(1)

	Three World's Ended							
	March 31,	June 30,	September 30,	December 31,				
2021	72.7 %	73.0 %	74.9 %	76.3 %				
2022	76.3 %	77.1 %	78.0 %	78.3 %				

⁽¹⁾ Average occupancy includes our minority ownership share related to unconsolidated properties and excludes the minority partners' noncontrolling ownership share related to consolidated properties. Also excludes land parcels and properties under development.

Property-level operating expenses associated with the COVID-19 pandemic related to our Seniors Housing Operating portfolio totaled \$33,099,000, \$63,681,000 and \$110,719,000 for the years ended December 31, 2022, 2021 and 2020, respectively. These expenses were incurred as a result of public health measures and other regulations affecting our properties, as well as additional health and safety measures adopted by us and our operators related to the COVID-19 pandemic, including increases in labor and property cleaning expenses and expenditures related to our efforts to procure personal protective

equipment and supplies. We expect total Seniors Housing Operating expenses to remain elevated during the pandemic and potentially beyond as these additional health and safety measures become standard practice.

On March 27, 2020, the federal government enacted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") to provide financial aid to individuals, businesses, and state and local governments. During the years ended December 31, 2022, 2021 and 2020, we received government grants under the CARES Act primarily to cover increased expenses and lost revenue during the COVID-19 pandemic, as well as under similar programs in the U.K. and Canada. Grant income is recognized when there is reasonable assurance that the grant will be received and the Company will comply with all conditions attached to the grant. For the years ended December 31, 2022, 2021 and 2020 we recognized \$38,607,000, \$97,933,000 and \$31,927,000, respectively, of government grant income as a reduction to property operating expenses in our Consolidated Statements of Comprehensive Income. Additionally, for the years ended December 31, 2021 and 2020, we recognized \$4,642,000 and \$3,014,000, respectively, of government grant income in other income in our Consolidated Statements of Comprehensive Income. The amount of qualifying expenditures and lost revenue exceeded grant income recognized and we believe we have complied and will continue to comply with all grant conditions. In the event of non-compliance, all such amounts received are subject to recapture.

Our Triple-net operators have experienced similar occupancy trends as our Seniors Housing Operating properties. Additionally, long-term/post-acute care facilities have generally experienced a higher degree of occupancy declines. These factors may continue to impact the ability of our Triple-net operators to make contractual rent payments to us in the future. Many of our Triple-net operators received funds under the CARES Act Paycheck Protection Program and Provider Relief Fund.

New Accounting Standards

- In August 2020, the FASB issued ASU 2020-06, Debt-Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging-Contracts in Entity's Own Equity (Subtopic 815-40) Accounting for Convertible Instruments and Contracts in an Entity's Own Equity. This ASU simplifies accounting for convertible instruments and removes certain settlement conditions that are required for equity contracts to qualify for the derivative scope exception. This ASU also simplifies the diluted earnings per share calculation in certain areas and provides updated disclosure requirements. The ASU is effective for public business entities beginning after December 15, 2021, including interim periods within those fiscal years. The adoption of this standard did not have a significant impact on our consolidated financial statements.
- In November 2021, the FASB issued ASU 2021-10, Government Assistance (Topic 832): Disclosures by Business Entities about Government Assistance, which increases the transparency of government assistance including the disclosure of the types of assistance, an entity's accounting for assistance and the effect of the assistance on an entity's financial statements. The adoption of this standard did not have a material impact on our consolidated financial statements or disclosures.
- In March 2020, the FASB issued ASU 2020-04, Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting, which provides the option for a limited period of time to ease the potential burden in accounting for, or recognizing the effects of, reference rate reform on contract modifications and hedge accounting. An example of such reform is the expected market transition from the London Interbank Offered Rate ("LIBOR") and other interbank offered rates to alternative reference rates. Entities that make this optional expedient election would not have to remeasure the contracts at the modification date or reassess the accounting treatment if certain criteria are met and would continue applying hedge accounting for relationships affected by reference rate reform. In December 2022, the FASB extended the date for which this guidance can be applied from December 31, 2022 to December 31, 2024. We continue to monitor developments related to the LIBOR transition and identification of an alternative, market-accepted rate.

3. Real Property Acquisitions and Development

The total purchase price for all properties acquired has been allocated to the tangible and identifiable intangible assets and liabilities at cost on a relative fair value basis. Liabilities assumed and any associated noncontrolling interests are reflected at fair value. The results of operations for these acquisitions have been included in our consolidated results of operations since the date of acquisition and are a component of the appropriate segments. Transaction costs primarily represent costs incurred with acquisitions, including due diligence costs, fees for legal and valuation services, termination of pre-existing relationships computed based on the fair value of the assets acquired, lease termination fees and other acquisition-related costs. Transaction costs related to asset acquisitions are capitalized as a component of purchase price and all other non-capitalizable costs are reflected in other expenses on our Consolidated Statements of Comprehensive Income.

Holiday Retirement Acquisition

On July 30, 2021, we acquired a portfolio of 85 seniors housing properties owned by Holiday Retirement for \$1,576,600,000, which are included in our Seniors Housing Operating segment and in the table above for the year ended December 31, 2021. Atria Senior Living assumed operations of the portfolio following its acquisition of the Holiday Retirement management company pursuant to an incentive-based management agreement. As part of this transaction, a wholly owned subsidiary

assumed the leasehold interest in a 26 property portfolio and subsequently purchased eight of the leased properties and one of the properties was sold by the landlord, National Health Investors ("NHI"), and removed from the master lease. Effective April 1, 2022, our leasehold interest related to the remaining 17 properties was terminated as a result of the transition or sale of the properties by NHI as part of an agreement to resolve outstanding litigation. In conjunction with the agreement, a wholly owned subsidiary and the lessee on the master lease agreed to release \$6,883,000 of cash to the landlord, which represents the net cash flow generated from the properties since we assumed the leasehold interest. Additionally, in conjunction with the lease termination, during the year ended December 31, 2022, we recognized \$58,621,000 in other income on our Consolidated Statements of Comprehensive Income from the derecognition of the right of use asset and related liability.

5. Dispositions, Real Property Held for Sale and Impairment

We periodically sell properties for various reasons, including favorable market conditions, the exercise of tenant purchase options or reduction of concentrations (e.g. property type, relationship or geography). At December 31, 2022, three Seniors Housing Operating, seven Triple-net and one Outpatient Medical properties, with an aggregate net real estate balance of \$133,058,000, were classified as held for sale. In addition to the real property balances, lease liabilities of \$66,711,000 and net other assets and (liabilities) of \$(4,136,000) were included in the Consolidated Balance Sheets related to the held for sale properties. Expected gross sales proceeds related to the held for sale properties are approximately \$198,954,000.

During the year ended December 31, 2022, we recorded impairment charges of \$13,146,000 related to one Seniors Housing Operating property which was classified as held for sale for which the carrying value exceeded the estimated fair values less costs to sell. Additionally, during 2022 we recorded impairment charges of \$4,356,000 related to two Triple-net properties and one Outpatient Medical property, which were held for use for which the carrying value exceeded the fair values. During the year ended December 31, 2021, we recorded impairment charges of \$19,567,000 related to four Triple-net properties and one Outpatient Medical property, which were disposed of or classified as held for sale. Additionally, we recorded \$31,540,000 of impairment charges related to two Seniors Housing Operating properties and two Triple-net properties that were held for use. During the year ended December 31, 2020, we recorded impairment charges of \$87,873,000 related to 15 Seniors Housing Operating and one Triple-net properties, which were disposed of or classified as held for sale. Additionally, during the year ended December 31, 2020, we recorded \$47,735,000 of impairment charges related to six Seniors Housing Operating and four Triple-net properties that were held for use.

6. Leases

We lease land, buildings, office space and certain equipment. Many of our leases include a renewal option to extend the term from one to 25 years or more. Renewal options that we are reasonably certain to exercise are recognized in our right-of-use assets and lease liabilities. As most of our leases do not provide a rate implicit in the lease agreement, we generally use our incremental borrowing rate available at lease commencement, underlying collateral for the lease and the ability to borrow against that collateral on a secured basis to determine the present value of lease payments. The incremental borrowing rates were determined using our longer term borrowing rates (actual pricing through 30 years, as well as other longer-term market rates).

We sublease certain real estate to a third party. Our sublease portfolio consists of a finance lease for seven buildings which are subleased to a long-term/ post-acute care operator.

Substantially all of our operating leases in which we are the lessor contain escalating rent structures. Leases with fixed annual rental escalators are generally recognized on a straight-line basis over the initial lease period, subject to a collectability assessment. Rental income related to leases with contingent rental escalators is generally recorded based on the contractual cash rental payments due for the period. During the years ended December 31, 2021 and 2020, we reserved for previously recognized straight-line rent receivable balances of \$49,241,000 and \$146,508,000 through rental income, relating to leases for which collection of substantially all contractual lease payments was no longer deemed probable. Included in the 2020 amount was \$91,025,000 related to Genesis Healthcare ("Genesis") whom noted substantial doubt as to their ability to continue as a going concern.

Leases in our Triple-net and Outpatient Medical portfolios typically include some form of operating expense reimbursement by the tenant. Rental income related to operating leases and the corresponding variable lease payments, which primarily represents the reimbursement of operating costs such as common area maintenance expenses, utilities, insurance and real estate taxes for the periods indicated were as follows (in thousands):

For the majority of our Seniors Housing Operating segment, revenue from resident fees and services is predominantly service-based, and as such, resident agreements are accounted for under ASC 606. Within that reportable segment, we also recognize revenue from residential seniors apartment leases in accordance with ASC 842. The amount of revenue related to these leases was \$410,749,000, \$194,078,000 and \$58,053,000 for the years ended December 31, 2022, 2021 and 2020, respectively.

The loan has a five-year term and is fully collateralized by the shares and assets of the HC-One Group, including its underlying portfolio of owned assets across the U.K. As part of the transaction, we received equity warrants which provide us the right to participate in the capital appreciation of HC-One Group above a designated price upon liquidation. In 2020, we recognized a provision for loan losses of \$88,201,000 as a result of the current collateral estimates for loans with deteriorated credit, primarily relating to our outstanding loans to Genesis Healthcare ("Genesis"). During the year ended December 31, 2021, we entered into definitive agreements to substantially exit our operating relationship with Genesis primarily through the transition of 51 properties to other operators. To effectuate this transition, we agreed to provide Genesis a lease termination fee of \$86 million upon successful transition of all properties, which will be used to immediately repay indebtedness to us. Additionally, upon achievement of certain restructuring milestones, we will reduce Genesis' indebtedness by an additional \$170 million in exchange for an equity interest in Genesis. Upon conclusion of the aforementioned loan transactions, Genesis will have \$167 million of indebtedness to us, exclusive of additional paid in kind interest, which will carry a maturity date of January 1, 2024. As of December 31, 2022, our total carrying value of Genesis loans receivable, net of allowances for credit losses, was \$168,949,000.

The total allowance for credit losses is deemed to be sufficient to absorb expected losses relating to our loan portfolio. The following is a summary of the allowance for credit losses on loans receivable for the periods presented (in thousands):

In addition, deferred gains of \$62,819,000 previously recorded in accrued expenses and other liabilities were reclassified to the allowance for credit losses.

8. Investments in Unconsolidated Entities

We participate in a number of joint ventures, which generally invest in seniors housing and health care real estate. Our share of the results of operations for these properties has been included in our consolidated results of operations from the date of acquisition by the joint ventures and are reflected in our Consolidated Statements of Comprehensive Income as income or loss from unconsolidated entities. The following is a summary of our investments in unconsolidated entities (dollars in thousands):

	Percentage Ownership ⁽¹⁾	December 31, 2022			December 31, 2021
Seniors Housing Operating	10% to 65%	\$	1,171,307	\$	830,647

Outpatient Medical	15% to 50%		216,671		163,582
Total		\$	1,499,790	\$	1,039,043

⁽¹⁾ As of December 31, 2022 and includes ownership of investments classified as liabilities and excludes ownership of in-substance real estate.

We own 34% of Sunrise Senior Living Management, Inc. ("Sunrise"), who provides comprehensive property management and accounting services with respect to certain of our Seniors Housing Operating properties that Sunrise operates. We pay Sunrise annual management fees pursuant to long-term management agreements. The majority of our management agreements have initial terms expiring in 2028, plus, if applicable, optional renewal periods ranging from an additional 3 to 15 years depending on the property. The management fees payable to Sunrise under the management agreements include a fee based on a percentage of revenues generated by the applicable properties plus, if applicable, positive or negative adjustments based on specified performance targets. For the years ended December 31, 2022, 2021 and 2020, we recognized fees to Sunrise of \$27,660,000, \$37,052,000 and \$37,569,000, respectively, which are reflected within property operating expenses in our Consolidated Statements of Comprehensive Income.

At December 31, 2022, the aggregate unamortized basis difference of our joint venture investments of \$131,746,000 is primarily attributable to the difference between the amount for which we purchased our interest in the entity, including transaction costs, and the historical carrying value of the net assets of the joint venture. This difference is being amortized over the remaining useful life of the related properties and included in the reported amount of income from unconsolidated entities.

We have made loans related to 21 properties as of December 31, 2022 for the development and construction of certain properties which are classified as in substance real estate investments and have a carrying value of \$649,267,000. We believe that such borrowers typically represent VIEs in accordance with ASC 810. VIEs are required to be consolidated by their primary beneficiary, which is the enterprise that has both: (i) the power to direct the activities of the VIE that most significantly impacts the entity's economic performance; and (ii) the obligation to absorb losses or the right to receive benefits of the VIE that could be significant to the entity. We have concluded that we are not the primary beneficiary of such borrowers, therefore, the loan arrangements were assessed based on among other factors, the amount and timing of expected residual profits, the estimated fair value of the collateral and the significance of the borrower's equity in the project. Based on these assessments the arrangements have been classified as in substance real estate investments. We expect to fund an additional \$171,851,000 related to these investments.

9. Credit Concentration

We use consolidated net operating income ("NOI") as our credit concentration metric. See Note 18 for additional information and reconciliation. The following table summarizes certain information about our credit concentration for the year ended December 31, 2022, excluding our share of NOI in unconsolidated entities (dollars in thousands):

	Number of	Total	Percent of
Concentration by relationship:(1)	Properties	NOI	$NOI^{(2)}$
ProMedica	58	\$ 240,128	10%
Sunrise Senior Living ⁽³⁾	109	158,576	7%
Atria Senior Living ⁽⁴⁾	97	145,252	6%

Remaining portfolio	1,430	 1,594,107	70%
Totals	1,743	\$ 2,301,845	100%

⁽¹⁾ ProMedica and HC-One Group are in our Triple-net segment. Sunrise Senior Living ("Sunrise"), Atria Senior Living and Cogir Management Corporation are in our Seniors Housing Operating segment.

 $^{^{(2)}}$ NOI with our top five relationships comprised 34% of total NOI for the year ending December 31, 2021.

⁽³⁾ For the year ended December 31, 2022, we recognized \$836,713,000 of revenue from properties managed by Sunrise.

 $^{^{(4)}}$ Inclusive of \$58,621,000 of income recognized upon termination of a lease. See Note 3 for further details.

⁽⁵⁾ In addition to the one property, HC-One Group is the borrower on a loan with a principal balance of £517,099,000 as of December 31, 2022. See Note 7 for further detail.

In December 2022, ProMedica relinquished to Welltower its 15% interest in 147 skilled nursing facilities previously owned by the Welltower/ProMedica joint venture in exchange for a lease modification, which relieved ProMedica from its lease obligation on the properties and amended the lease on the remaining 58 assisted living and memory care properties that continue to be held by the Welltower/ProMedica joint venture. The reduction of ProMedica's noncontrolling interest of \$273,504,000 resulting from its relinquishment of the interest in the joint venture previously holding the 147 skilled nursing facilities is a non-cash financing activity excluded from our Consolidated Statement of Cash Flows. The 58 assisted living and memory care assets continue to be operated by ProMedica and backed by the existing guaranty.

Concurrently with the above, Welltower and Integra Healthcare Properties ("Integra") entered into master leases for the skilled nursing portfolio. Approximately 15 regional operators will enter into subleases with Integra to operate the properties. Also in December 2022, we sold to Integra a 15% ownership interest in 54 of those skilled nursing facilities for approximately \$73 million, with no gain recognized as the properties continue to be consolidated following the transaction. This transaction represents the initial tranche of the newly formed joint venture owned 85% by Welltower and 15% by Integra, which is anticipated to include the 147 skilled nursing facilities. In January 2023, Integra acquired a 15% interest in 31 of the remaining 93 skilled nursing facilities for approximately \$74 million, representing the second tranche of the WELL/Integra joint venture.

ProMedica NOI for the year ended December 31, 2022 was comprised of \$59,687,000 relating to the 58 assisted living and memory care properties (3% of total NOI) and \$180,441,000 relating to the 147 skilled nursing properties (8% of total NOI).

10. Borrowings Under Credit Facilities and Commercial Paper Program

At December 31, 2022, we had a primary unsecured credit facility with a consortium of 31 banks that included a \$4,000,000,000 unsecured revolving credit facility, a \$1,000,000,000 unsecured term credit facility and a \$250,000,000 Canadian-denominated unsecured term credit facility. The unsecured revolving credit facility is comprised of a \$1,000,000,000 tranche that matures on June 4, 2026 (none outstanding at December 31, 2022) and a \$3,000,000,000 tranche that matures on June 4, 2025 (none outstanding at December 31, 2022). The term credit facilities mature on July 19, 2026. Each tranche of the revolving facility and term loans may be extended for two successive terms of six months at our option. We have an option, through an accordion feature, to upsize the unsecured revolving credit facility and the \$1,000,000,000 unsecured term credit facility by up to an additional \$1,250,000,000, in the aggregate, and the \$250,000,000 Canadian-denominated unsecured term credit facility by up to an additional \$250,000,000. The primary unsecured credit facility also allows us to borrow up to \$1,000,000,000 in alternate currencies (none outstanding at December 31, 2022). Borrowings under the unsecured revolving credit facility are subject to interest payable at the applicable margin over the secured overnight financing rate ("SOFR") interest rate. Based on our current credit ratings, the loans under the unsecured revolving credit facility currently bear interest at 0.775% over the adjusted SOFR rate at December 31, 2022. In addition, we pay a facility fee quarterly to each bank based on the bank's commitment amount. The facility fee depends on our debt ratings and was 0.15% at December 31, 2022.

Under the terms of our commercial paper program, we may issue unsecured commercial paper notes with maturities that vary, but do not exceed 397 days from the date of issue, up to a maximum aggregate face or principal amount outstanding at any time of \$1,000,000,000 (none outstanding at December 31, 2022).

11. Senior Unsecured Notes and Secured Debt

We may repurchase, redeem or refinance senior unsecured notes from time to time, taking advantage of favorable market conditions when available. We may purchase senior notes for cash through open market purchases, privately negotiated transactions, a tender offer or, in some cases, through the early redemption of such securities pursuant to their terms. The senior unsecured notes are redeemable at our option, at any time in whole or from time to time in part, at a redemption price equal to the sum of: (i) the principal amount of the notes (or portion of such notes) being redeemed plus accrued and unpaid interest thereon up to the redemption date and (ii) any "make-whole" amount due under the terms of the notes in connection with early redemptions. Redemptions and repurchases of debt, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions, and other factors. At December 31, 2022, the annual principal payments due on these debt obligations were as follows (in thousands):

	Senior Unsecured Notes ^(1,2,3)		Secured Debt (1,4)	Totals		
2023	\$ _	\$	627,672	\$	627,672

⁽¹⁾ Amounts represent principal amounts due and do not include unamortized premiums/discounts, debt issuance costs, or other fair value adjustments as reflected on the Consolidated Balance Sheets.

Welltower, the parent entity that consolidates Welltower OP and all other subsidiaries, fully and unconditionally guarantees to each holder of all series of senior unsecured notes issued by Welltower OP that the principal of and premium, if any, and interest on the notes will be promptly paid in full when due, whether at the applicable maturity date, by acceleration or redemption or otherwise, and interest on the overdue principal of and interest on the notes, if any, if lawful, and all other obligations of Welltower OP to the holders of the notes will be promptly paid in full or performed. Welltower's guarantees of such notes are its senior unsecured obligation and rank equally with all of Welltower's other future unsecured senior indebtedness and guarantees from time to time outstanding. Welltower's guarantees of such notes are effectively subordinated to all liabilities of its subsidiaries and to its secured indebtedness to the extent of the assets securing such indebtedness. Because Welltower conducts substantially all of its business through its subsidiaries, Welltower's ability to make required payments with respect to the guarantees depends on the financial results and condition of its subsidiaries and its ability to receive funds from its subsidiaries, whether by dividends, loans, distributions or other payments.

Our debt agreements contain various covenants, restrictions and events of default. Certain agreements require us to maintain certain financial ratios and minimum net worth and impose certain limits on our ability to incur indebtedness, create liens and make investments or acquisitions. As of December 31, 2022, we were in compliance in all material respects with all of the covenants under our debt agreements.

12. Derivative Instruments

We are exposed to, among other risks, the impact of changes in foreign currency exchange rates as a result of our non-U.S. investments and interest rate risk related to our capital structure. Our risk management program is designed to manage the exposure and volatility arising from these risks, and utilizes foreign currency forward contracts, cross currency swap contracts, interest rate swaps, interest rate locks and debt issued in foreign currencies to offset a portion of these risks.

Foreign Currency Forward Contracts Designated as Cash Flow Hedges

For instruments that are designated and qualify as a cash flow hedge, the effective portion of the gain or loss on the derivative is deferred as a component of other comprehensive income ("OCI") and reclassified into earnings in the same period or periods, during which the hedged transaction affects earnings. Gains and losses on the derivative representing either hedge ineffectiveness or hedge components excluded from the assessment of effectiveness are recognized in earnings.

Cash Flow Hedges and Fair Value Hedges of Interest Rate Risk

We enter into interest rate swaps in order to maintain a capital structure containing targeted amounts of fixed and floating-rate debt and manage interest rate risk. Interest rate swaps designated as cash flow hedges involve the receipt of variable amounts from a counterparty in exchange for our fixed-rate payments. These interest rate swap agreements are used to hedge the variable cash flows associated with variable-rate debt.

Interest rate swaps designated as fair value hedges involve the receipt of fixed amounts from a counterparty in exchange for our variable-rate payments. These interest rate swap agreements hedge the exposure to changes in the fair value of fixed-rate debt attributable to changes in the designated benchmark interest rate. For derivative instruments that are designated and qualify as a fair value hedge, the gain or loss on the derivative instrument, as well as the offsetting loss or gain on the hedged item attributable to the hedged risk, are recognized in earnings. We record the gain or loss on the hedged items in interest expense, the same line item as the offsetting loss or gain on the related interest rate swaps. In March 2022, we entered into a fixed to floating swap in connection with our March senior note issuance. The carrying amount of the notes, exclusive of the hedge, is \$545,381,000. The fair value of the swap as of December 31, 2022 was (\$55,727,000) and was recorded as a derivative liability with an offset to senior unsecured notes on our Consolidated Balance Sheets.

Periodically, we enter into and designate interest rate locks to partially hedge the risk of changes in interest payments attributable to increases in the benchmark interest rate during the period leading up to the probable issuance of fixed-rate debt. We designate our interest rate locks as cash flow hedges. Gains and losses when we settle our interest rate locks are amortized into earnings over the life of the related debt, except where a material amount is deemed to be ineffective, which would be immediately recognized in the Consolidated Statements of Comprehensive Income. Approximately \$2,562,000 of losses, which are included in OCI, are expected to be reclassified into earnings in the next 12 months.

Foreign Currency Forward Contracts and Cross Currency Swap Contracts Designated as Net Investment Hedges

We use foreign currency forward and cross currency forward swap contracts to hedge a portion of the net investment in foreign subsidiaries against fluctuations in foreign exchange rates. For instruments that are designated and qualify as net investment hedges, the variability in the foreign currency to U.S. Dollar of the instrument is recorded as a cumulative translation adjustment component of OCI.

During the years ended December 31, 2022, 2021, and 2020 we settled certain net investment hedges generating cash proceeds of \$61,853,000, and \$14,505,000, and necessitating cash payments of \$1,988,000, respectively. The balance of the cumulative translation adjustment will be reclassified to earnings if the hedged investment is sold or substantially liquidated.

Derivative Contracts Undesignated

We use foreign currency exchange contracts to manage existing exposures to foreign currency exchange risk. Gains and losses resulting from the changes in fair value of these instruments are recorded in interest expense on the Consolidated Statements of Comprehensive Income, and are substantially offset by net revaluation impacts on foreign currency denominated balance sheet exposures. In addition, we have several interest rate cap contracts related to variable rate secured debt agreements. Gains and losses resulting from the changes in fair values of these instruments are also recorded in interest expense.

Equity Warrants

We received equity warrants through our lending activities further described in Note 7, which were accounted for as loan origination fees. The warrants provide us the right to participate in the capital appreciation of HC-One Group real estate portfolio above a designated price upon liquidation and contain net settlement terms qualifying as derivatives under ASC Topic 815. The warrants are classified within receivables and other assets on our Consolidated Balance Sheets. These warrants are measured at fair value with changes in fair value being recognized within gain (loss) on derivatives and financial instruments in our Consolidated Statements of Comprehensive Income.

Common Stock

In April 2022, we entered into an amended and restated equity distribution agreement whereby we can offer and sell up to \$3,000,000,000,000 aggregate amount of our common stock ("ATM Program"). The ATM Program also allows us to enter into forward sale agreements. During the year ended December 31, 2022, we physically settled all of our outstanding forward sale agreements for cash proceeds of \$3,667,691,000. As of December 31, 2022, we had \$1,150,203,000 of remaining capacity under the ATM Program.

On May 1, 2020, our Board of Directors authorized a share repurchase program whereby we may repurchase up to \$1 billion of common stock through December 31, 2021. On November 7, 2022, our Board of Directors approved a follow on share repurchase program for up to \$3 billion of common stock (the "Stock Repurchase Program"). Under the Stock Repurchase Program, we are not required to purchase shares but may choose to do so in the open market or through privately-negotiated transactions, through block trades, by effecting a tender offer, by way of an accelerated share repurchase program, through the purchase of call options or the sale of put options, or otherwise, or by any combination of the foregoing. We expect to finance any share repurchases using available cash and may use proceeds from borrowings or debt offerings. The Stock Repurchase Program has no expiration date and does not obligate us to repurchase any specific number of shares. During the year ended December 31, 2020, we repurchased 201,947 shares at an average price of \$37.89 per share. We did not repurchase any shares of our common stock during the years ended December 31, 2021 or December 31, 2022.

15. Stock Incentive Plans

In March 2022, our Board of Directors approved the 2022 Long-Term Plan ("2022 Plan"), which authorizes up to 10,000,000 shares of common stock to be issued at the discretion of the Compensation Committee of the Board of Directors. Awards granted after March 28, 2022 will be issued out of the 2022 Plan. The awards granted under the 2016 Long-Term Incentive Plan continue to vest and options expire ten years from the date of grant. Our non-employee directors, officers and key employees are eligible to participate in the 2022 Plan. The 2022 Plan allows for the issuance of, among other things, stock options, stock appreciation rights, restricted stock, deferred stock units, performance units, and dividend equivalent rights. Vesting periods for options, deferred stock units and restricted shares generally range from three to five years. Options expire ten years from the date of grant.

Under our long-term incentive plan, certain restricted stock awards are market, performance and time-based. For market and performance based awards, we will grant a target number of restricted stock units, with the ultimate award determined by the total shareholder return and operating performance metrics, measured in each case over a measurement period of three to four years. Performance based awards vest after the end of the performance periods. The expected term represents the period from the grant date to the end of the performance period. Compensation expense for performance based awards is measured based on the probability of achievement of certain performance goals and is recognized over the performance period. For the portion of the grant for which the award is determined by the operating performance metrics, the compensation cost is based on the grant date closing price and management's estimate of corporate achievement of the financial metrics. If the estimated number of performance based restricted stock to be earned changes, an adjustment will be recorded to recognize the accumulated difference between the revised and previous estimates. For the portion of the grant determined by the total shareholder return ("TSR"), management used a Monte Carlo model to assess the fair value and compensation cost. For time based awards, the fair value of the restricted stock is equal to the market price of the Company's common stock on the date of grant and is amortized over the vesting periods. For purposes of measuring stock-based compensation expense, we consider whether an adjustment to the observable market price is necessary to reflect material nonpublic information that is known to us at the time the award is granted. No adjustments were deemed necessary for the years ended December 31, 2022, 2021, or 2020. Forfeitures are accounted for as they occur.

The following table summarizes compensation expense recognized for the periods presented (in thousands):

	 Year Ended December 31,								
	 2022		2021		2020				
Stock options	\$ 2,378	\$	1,088	\$	_

Stock Options

The following is a summary of time-based stock option activity in 2022:

	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life (years)	Intrinsic Value (\$000's)
Outstanding as of December 31, 2021	311,306	\$ 67.17		
Options granted	256,716	86.23		
Options exercised	(2,433)	67.17		
Options forfeited	(14,074)	76.02		
Options expired	_	_		
Outstanding as of December 31, 2022	551,515	\$ 75.82	8.76	<u> </u>
Exercisable as of December 31, 2022	75,383	\$ 67.17	8.50	\$

The Company used the Black-Scholes Option Pricing model to determine the grant date fair value of time-based options. The weighted-average assumptions used are as follows:

	2022
Dividend yield	2.83%
Estimated volatility ⁽¹⁾	32.84%
Risk free rate	1.61%
Expected life of options	6 years
Estimated fair value	\$21.15

⁽¹⁾ Estimated volatility is using 50% historical volatility and 50% implied volatility.

As of December 31, 2022, there was \$6,269,000 of total unrecognized compensation expense related to unvested time-based stock options that is expected to be recognized over a weighted-average period of three years.

During December 2021, we granted 832,356 performance-based stock options at a weighted average exercise price of \$83.44. During the year ended December 31, 2022, 7,140 options were forfeited resulting in 825,216 outstanding and non-vested options at December 31, 2022. The grant date fair value of \$20.31 was estimated on the date of grant using the Black-Scholes option pricing model. These options have a performance condition based on a Funds From Operations goal measured over the performance period of January 1, 2022 to December 31, 2024. These awards vest over two years after the end of the performance period, with a portion vesting immediately at the end of the performance period. Compensation expense is measured based on the probability of achievement of the performance goal and is recognized over both the performance period and vesting period. At December 31, 2022, the performance goal is not probable of being achieved.

Restricted Stock

During January 2022, we granted 936,915 performance-based restricted stock awards under the terms of an Out Performance Program ("OPP"), all of which were outstanding and non-vested at December 31, 2022. The grant date fair value of \$27.60 was estimated on the date of grant using a Monte Carlo model. These awards have performance conditions based on a Funds From Operations goal and absolute and relative TSR goals measured over the performance period of January 1, 2022 to December 31, 2025. These awards vest after the end of the performance period. Compensation expense is measured based on the probability of achievement of the performance goals and is recognized over the performance period. At December 31, 2022, the performance goals are not probable of being achieved.

The following is a summary of the status of our non-vested restricted stock (including market, performance, and time-based awards, and excluding OPP awards) as of December 31, 2022, and changes during the year ended December 31, 2022:

	Restrict	ed Sto	ck
	Number of Shares		Weighted-Average Grant Date Fair Value
Non-vested at December 31, 2021	566,227	\$	76.28
Vested	(168,275)		82.78

Change in awards based on performance ⁽¹⁾	120,959		82.42
Forfeited or expired	(19,150)		83.56
Non-vested at December 31, 2022	803,327	\$	84.78

⁽¹⁾ Represents the change in number of market and performance based awards earned based on performance achievement.

We used a Monte Carlo model to assess the compensation cost associated with the portion of the market awards granted for which achievement will be determined using total shareholder return measures. The model also considers a post-vesting holding period. The weighted-average assumptions used are as follows:

Dividend yield

Estimated volatility over the life of the plan⁽¹⁾

Risk free rate

Estimated market based performance award value based on total shareholder return measure

\$111.27

As of December 31, 2022, there was \$27,943,000 of total unrecognized compensation expense related to unvested restricted stock that is expected to be recognized over a weighted-average period of two years.

Defined Contribution Plan

We sponsor a 401(k) plan which is available to substantially all U.S. employees. We match a percentage of employee contributions up to 5% of an employee's wages and provide a discretionary profit sharing contribution calculated as a percentage of eligible compensation. We recognized expense of \$3,984,000, \$3,477,000 and \$3,323,000 during the years ended December 31, 2022, 2021 and 2020, respectively, related to this plan.

Diluted earnings per share	\$	0.30	\$	0.78	\$	2.33

As of December 31, 2021, outstanding forward sales agreements for the sale of 5,187,250 shares were not included in the computation of diluted earnings per share because such forward sales were anti-dilutive for the period. There were no outstanding forward sale agreements as of December 31, 2022 or December 31, 2020. Employee stock options were anti-dilutive for 2021 and 2020.

17. Disclosure about Fair Value of Financial Instruments

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A three-level valuation hierarchy exists for disclosures of fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels are defined below:

⁽¹⁾ Estimated volatility over the life of the plan is using 50% historical volatility and 50% implied volatility.

- Level 1 Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other
 inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Mortgage Loans, Other Real Estate Loans and Non-real Estate Loans Receivable — The fair value of mortgage loans, other real estate loans and non-real estate loans receivable is generally estimated by using Level 2 and Level 3 inputs such as discounting the estimated future cash flows using the current rates at which similar loans would be made to borrowers with similar credit ratings and for the same remaining maturities.

Cash and Cash Equivalents and Restricted Cash — The carrying amount approximates fair value.

Equity Securities — Equity securities are recorded at their fair value based on Level 1 publicly available trading prices.

Equity Warrants — The fair value of equity warrants is estimated using Level 3 inputs and includes data points such as enterprise value of the underlying HC-One Group real estate portfolio, marketability discount for private company warrants, dividend yield, volatility and risk-free rate. The enterprise value is driven by projected cash flows, weighted average cost of capital and a terminal capitalization rate.

Borrowings Under Primary Unsecured Credit Facility and Commercial Paper Program — The carrying amount of the primary unsecured credit facility and commercial paper program approximates fair value because the borrowings are interest rate adjustable.

Senior Unsecured Notes — The fair value of the senior unsecured notes payable was estimated based on Level 1 publicly available trading prices. The carrying amount of the variable rate senior unsecured notes approximates fair value because they are interest rate adjustable.

Secured Debt — The fair value of fixed rate secured debt is estimated using Level 2 inputs by discounting the estimated future cash flows using the current rates at which similar loans would be made with similar credit ratings and for the same remaining maturities. The carrying amount of variable rate secured debt approximates fair value because the borrowings are interest rate adjustable.

Foreign Currency Forward Contracts, Interest Rate Swaps and Cross Currency Swaps — Foreign currency forward contracts, interest rate swaps and cross currency swaps are recorded in other assets or other liabilities on the balance sheet at fair value that is derived from observable market data, including yield curves and foreign exchange rates.

Redeemable DownREIT Unitholder Interests — Our redeemable DownREIT unitholder interests are recorded on the balance sheet at fair value using Level 2 inputs unless the fair value is below the initial amount, in which case the redeemable DownREIT unitholder interests are recorded at the initial amount adjusted for distributions to the unitholders and income or loss attributable to the unitholders. The fair value is measured using the closing price of our common stock, as units may be redeemed at the election of the holder for cash or, at our option, one share of our common stock per unit, subject to adjustment in certain circumstances.

The carrying amounts and estimated fair values of our financial instruments are as follows (in thousands):

The following table summarizes the change in fair value for equity warrants using unobservable Level 3 inputs for the years presented (in thousands):

	Years Ended								
	Dec	cember 31, 2022		December 31, 2021					
Beginning balance	\$	41,909	\$	_					
Warrants acquired		_		32,419

Foreign currency		(4,636)		(871)					
Ending balance	\$	30,436	\$	41,909					

The most significant assumptions utilized in the valuation of the equity warrants are the cash flows of the underlying HC-One Group enterprise, as well as the terminal capitalization rate of 10.5%.

Items Measured at Fair Value on a Nonrecurring Basis

In addition to items that are measured at fair value on a recurring basis, we also have assets and liabilities in our balance sheet that are measured at fair value on a nonrecurring basis that are not included in the tables above. Assets, liabilities and noncontrolling interests that are measured at fair value on a nonrecurring basis include those acquired or assumed. Asset impairments (if applicable, see Note 5 for impairments of real property and Note 7 for impairments of loans receivable) are also measured at fair value on a nonrecurring basis. We have determined that the fair value measurements included in each of these

assets and liabilities rely primarily on company-specific inputs and our assumptions about the use of the assets and settlement of liabilities, as observable inputs are not available. As such, we have determined that each of these fair value measurements generally resides within Level 3 of the fair value hierarchy. We estimate the fair value of real estate and related intangibles using the income approach and unobservable data such as net operating income and estimated capitalization and discount rates. We also consider local and national industry market data including comparable sales, and commonly engage an external real estate appraiser to assist us in our estimation of fair value. We estimate the fair value of assets held for sale based on current sales price expectations or, in the absence of such price expectations, Level 3 inputs described above. We estimate the fair value of loans receivable using projected payoff valuations based on the expected future cash flows and/or the estimated fair value of collateral, net of sales costs, if the repayment of the loan is expected to be provided solely by the collateral. We estimate the fair value of secured debt assumed in asset acquisitions using current interest rates at which similar borrowings could be obtained on the transaction date.

18. Segment Reporting

We invest in seniors housing and health care real estate. We evaluate our business and make resource allocations on our three operating segments: Seniors Housing Operating, Triple-net and Outpatient Medical. Our Seniors Housing Operating properties include seniors apartments, assisted living, independent living/continuing care retirement communities, independent supportive living communities (Canada), care homes with and without nursing (U.K.) and combinations thereof that are owned and/or operated through RIDEA structures (see Note 19). Our Triple-net properties include the property types described above as well as long-term/post-acute care facilities. Under the Triple-net segment, we invest in seniors housing and health care real estate through acquisition and financing of primarily single tenant properties. Properties acquired are primarily leased under triple-net leases and we are not involved in the management of the property. Our Outpatient Medical properties are typically leased to multiple tenants and generally require a certain level of property management by us.

We evaluate performance based upon consolidated NOI of each segment. We define NOI as total revenues, including tenant reimbursements, less property operating expenses. We believe NOI provides investors relevant and useful information as it measures the operating performance of our properties at the property level on an unleveraged basis. We use NOI to make decisions about resource allocations and to assess the property level performance of our properties.

Non-segment revenue consists mainly of interest income on cash investments recorded in other income. Non-segment assets consist of corporate assets including cash, deferred loan expenses and corporate offices and equipment among others. Non-property specific revenues and expenses are not allocated to individual segments in determining NOI.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies (see Note 2). The results of operations for all acquisitions described in Note 3 are included in our consolidated results of operations from the acquisition dates and are components of the appropriate segments. All inter-segment transactions are eliminated.

19. Income Taxes and Distributions

We elected to be taxed as a REIT commencing with our first taxable year. To qualify as a REIT for federal income tax purposes, at least 90% of taxable income (excluding 100% of net capital gains) must be distributed to stockholders. REITs that do not distribute a certain amount of taxable income in the current year are also subject to a 4% federal excise tax. The main differences between undistributed net income for federal income tax purposes and financial statement purposes are the recognition of straight-line rent for reporting purposes, basis differences in acquisitions, recording of impairments, differing useful lives and depreciation and amortization methods for real property and the provision for loan losses for reporting purposes versus bad debt expense for tax purposes.

Cash distributions paid to common stockholders, for federal income tax purposes, are as follows for the periods presented:

REITs generally are not subject to U.S. federal income taxes on that portion of REIT taxable income or capital gain that is distributed to stockholders. For the tax year ended December 31, 2022, as a result of ownership of investments in Canada and the U.K., we were subject to foreign income taxes under the respective tax laws of

The provision for income taxes for the year ended December 31, 2022 primarily relates to state taxes, foreign taxes, and taxes based on income generated by entities that are structured as TRSs. For the tax years ended December 31, 2022, 2021 and 2020, the foreign tax provision/(benefit) amount included in the consolidated provision for income taxes was \$5,222,000, \$6,787,000 and \$5,777,000, respectively.

A reconciliation of income taxes, which is computed by applying the federal corporate tax rate for the years ended December 31, 2022, 2021 and 2020, to the income tax expense/(benefit) is as follows for the periods presented (in thousands):

Each TRS and foreign entity subject to income taxes is a tax paying component for purposes of classifying deferred tax assets and liabilities. The tax effects of taxable and deductible temporary differences, as well as tax asset/(liability) attributes, are summarized as follows for the periods presented (in thousands):

On the basis of the evaluations performed as required by the codification, valuation allowances totaling \$294,558,000 were recorded on U.S. taxable REIT subsidiaries as well as entities in other jurisdictions to limit the deferred tax assets to the amount that we believe is more likely than not realizable. However, the amount of the deferred tax asset considered realizable could be adjusted if (i) estimates of future taxable income during the carryforward period are reduced or increased or (ii) objective negative evidence in the form of cumulative losses is no longer present (and additional weight may be given to subjective evidence such as our projections for growth). The valuation allowance rollforward is summarized as follows for the periods presented (in thousands):

Year Ended December 31

As a result of certain acquisitions, we are subject to corporate level taxes for any related asset dispositions that may occur during the five-year period immediately after such assets were owned by a C corporation ("built-in gains tax"). The amount of income potentially subject to this special corporate level tax is generally equal to the lesser of (i) the excess of the fair value of the asset over its adjusted tax basis as of the date it became a REIT asset, or (ii) the actual amount of gain. Some but not all gains recognized during this period of time could be offset by available net operating losses and capital loss carryforwards. During the year ended December 31, 2018, we acquired certain additional assets with built-in gains as of the date of acquisition that could be subject to the built-in gains tax if disposed of prior to the expiration of the applicable five-year period. We have not recorded a deferred tax liability as a result of the potential built-in gains tax based on our intentions with respect to such properties and available tax planning strategies.

Given the applicable statute of limitations, we generally are subject to audit by the Internal Revenue Service ("IRS") for the year ended December 31, 2019 and subsequent years. The statute of limitations may vary in the states in which we own properties or conduct business. We do not expect to be subject to audit by state taxing authorities for any year prior to the year ended December 31, 2018. We are also subject to audit by the Canada Revenue Agency and provincial authorities generally for periods subsequent to May 2018 related to entities acquired or formed in connection with acquisitions, and by the U.K.'s HM Revenue & Customs for periods subsequent to August 2016 related to entities acquired or formed in connection with acquisitions.

At December 31, 2022, we had a net operating loss ("NOL") carryforward related to the REIT of \$335,293,000. Due to our uncertainty regarding the realization of certain deferred tax assets, we have not recorded a deferred tax asset related to NOLs generated by the REIT. These amounts can be used to offset future taxable income (and/or taxable income for prior years if an audit determines that tax is owed), if any. The REIT will be entitled to utilize NOLs and tax credit carryforwards only to the extent that REIT taxable income exceeds our deduction for dividends paid. The NOL carryforwards generated through December 31, 2018 will expire through 2038. Beginning with the tax years after December 31, 2017, the law eliminates the NOL carryback period for REITs, replaces the 20-year NOL carryforward period with an indefinite carryforward period and, with respect to tax years beginning after 2020, limits the use of NOLs to 80% of taxable income.

At December 31, 2022 and 2021, we had an NOL carryforward related to Canadian entities of \$368,979,000 and \$316,821,000 respectively. These Canadian losses have a 20-year carryforward period. At December 31, 2022 and 2021, we had an NOL carryforward related to U.K. entities of \$184,779,000 and \$193,998,000 respectively. These U.K. losses do not have a finite carryforward period.

20. Variable Interest Entities

We have entered into joint ventures and have certain subsidiaries that are wholly owned by consolidated joint ventures which own certain seniors housing and outpatient medical assets which are deemed to be VIEs. We have concluded that we are the primary beneficiary of these VIEs based on a combination of operational control of the entities and the rights to receive residual returns or the obligation to absorb losses arising from the entities. Except for capital contributions associated with the initial entity formations, the entities have been and are expected to be funded from the ongoing operations of the underlying properties. Accordingly, such entities have been consolidated, and the table below summarizes the balance sheets of consolidated VIEs in the aggregate (in thousands):

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Not applicable.

Item 9A. Controls and Procedures

Disclosure Controls and Procedures

An evaluation was carried out under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the disclosure controls and procedures were effective as of the end of the period covered by this report.

Management's Report on Internal Control over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) of the Securities Exchange Act of 1934, as amended). The Company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with U.S. generally accepted accounting principles. The Company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management has assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2022 based on the criteria established by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) in a report entitled Internal Control — Integrated Framework.

Based on this assessment, using the criteria above, management concluded that the Company's system of internal control over financial reporting was effective as of December 31, 2022.

The independent registered public accounting firm of Ernst & Young LLP, as auditors of the Company's consolidated financial statements, has issued an attestation report on the Company's internal control over financial reporting.

Changes in Internal Control over Financial Reporting

During the third quarter of 2022, we implemented new enterprise resource planning and corporate performance management systems. These implementations resulted in considerable changes to our processes and control environment, including modifications to existing applications, interfaces and reports. The new systems were used during the third and fourth quarter of 2022, and the new and modified processes and controls implemented were used to prepare our consolidated financial statements for the year ended December 31, 2022 included in this report. We will continue to monitor our internal control over financial reporting under the new systems, including evaluating the operating effectiveness of related key controls.

There were no other changes in our internal control over financial reporting (as defined in Rule 13a-15(f) of the Securities Exchange Act of 1934, as amended) that occurred during the fourth quarter of the one-year period covered by this report that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Report of Independent Registered Public Accounting Firm

To the Stockholders and the Board of Directors of Welltower Inc.

Opinion on Internal Control Over Financial Reporting

We have audited Welltower Inc. and subsidiaries' internal control over financial reporting as of December 31, 2022, based on criteria established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (the COSO criteria). In our opinion, Welltower Inc. and subsidiaries (the Company) maintained, in all material respects, effective internal control over financial reporting as of December 31, 2022, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of Welltower Inc. and subsidiaries as of December 31, 2022 and 2021, the related consolidated statements of comprehensive income, equity and cash flows for each of the three years in the period ended December 31, 2022, and the related notes and financial statement schedules listed in the index at Item 15(a) and our report dated February 21, 2023 expressed an unqualified opinion thereon.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects.

Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Accordingly, during employment with the Employer and for the applicable Restricted Period following Participant's termination of employment, Participant will not engage in any business activities on behalf of any enterprise which competes with any member of the Company Group in the business of (i) ownership or operation of Health Care Facilities (as such term is defined in the applicable Award Notice); (ii) investment in or lending to Health Care Facilities (including to an owner or developer of Health Care Facilities); (iii) management of Health Care Facilities; or (iv) provision of any consulting, advisory, research or planning or development services to Health Care Facilities.

Participant will be deemed to be engaged in such competitive business activities if Participant participates in such a business enterprise as an employee, officer, director, consultant, agent, partner, proprietor, or other participant; provided that the ownership of no more than two percent (2%) of the stock of a publicly traded corporation engaged in a competitive business shall not be deemed to be engaging in competitive business activities. If Participant provides services to an enterprise that has some activities that compete with a member of the Company Group in any area described above and other activities that do not compete with any member of the Company Group in any of the areas described above, then so long as Participant provides services exclusively to the portion of such enterprise that does not compete with any member of the Company Group, Participant will not be deemed to be engaged in a competitive business activity as described in this Section 4(b).

- (c) Non-Solicitation. During employment with the Employer and for one year following the end of Participant's employment with the Employer, Participant, to the fullest extent not prohibited by applicable law, directly or indirectly, individually or on behalf of any other person or entity, including Participant, will not encourage, induce, attempt to induce, recruit, attempt to recruit, solicit or attempt to solicit or participate in any way in hiring or retaining for employment, contractor or consulting opportunities anyone who is employed or providing full-time services as a consultant at that time by any member of the Company Group.
- (d) Non-Disparagement. At all times during and following Participant's employment with the Employer, Participant will not make or direct anyone else to make on Participant's behalf any disparaging or untruthful remarks or statements, whether oral or written, about any member of the Company Group, its operations or its products, services, owners, affiliates, officers, directors, partners, members, managers, employees, or agents, or issue any communication that reflects adversely on or encourages any adverse action against any member of the Company Group. Participant will not make any direct or indirect written or oral statements to the press, television, radio, on social media or to, on or through other media or other external persons or entities concerning any matters pertaining to the business and affairs of any member of the Company Group, or any of their respective officers, directors, partners, members or managers. The restrictions described in this paragraph shall not apply to any truthful statements made in response to a subpoena or other compulsory legal process or to law enforcement or other governmental authorities.
- (e) Remedies. For the avoidance of doubt, any breach of any of the provisions in this Section 4 shall constitute a material breach by Participant. Among the remedies that the Company may pursue in the event that such breach occurs prior to the occurrence of a Change in Corporate Control, an Award (including any vested portion of such Award) granted under the Plan and the Class A Common Units issued under the LLC Agreement to a Participant shall be subject to forfeiture in accordance with Section 1.C of Exhibit F of the LLC Agreement in the event that a Participant breaches any provision of Section 4 herein. Notwithstanding any other provision of the Plan, by becoming entitled to receive any payments or other benefits under the Plan, Participant is deemed to have agreed that damages would be an inadequate remedy for the Company in the event of a breach or threatened breach by Participant of any of Sections 4(a) through 4(d), inclusive. In the event of any such breach or threatened breach, and without relinquishing any other rights or remedies that the Company may have, including but not limited to the forfeiture or repayment by Participant of any payments or benefits otherwise payable or paid to Participant under the Plan, the Company may, either with or without pursuing any potential damage remedies and without being required

to post a bond, obtain from a court of competent jurisdiction, and enforce, an injunction prohibiting Participant from violating this Section 4 and requiring Participant to comply with its provisions. The Company may present this Section 4 to any third party with which Participant may have accepted employment, or otherwise entered into a business relationship, that the Company contends violates this Section 4, if the Company has reason to believe Participant has or may have breached a provision of this Section 4.

5. **Determination of Awards**

- (a) Each Participant's Award Notice shall specify, as applicable, the number of LTIP Units or Option Units, the Option Unit Participation Threshold (if applicable), the time-vesting conditions and, if applicable, performance-vesting restrictions (including threshold, target, and maximum payout multiples).
- (b) With regard to an Award subject to time-vesting restrictions, the time-vesting restriction included in the Award Notice shall generally not be less than three years from the date of grant; provided, that such an Award Notice may permit pro rata vesting over such time.
- (c) Each Award that vests in accordance with the applicable Award Notice shall be deemed Vested LTIP Units or Vested Option Units, as applicable.

- (b) No Contract for Continuing Services. The Plan shall not be construed as creating any contract for continued services between the Parent Member or any of its Subsidiaries and any Participant, and nothing herein contained shall give any Participant the right to be retained as an employee or consultant of the Parent Member or any of its Subsidiaries or to receive any future awards or benefits under the Plan or Equity Plan.

The arbitrator will apply the substantive law (and the law of remedies, if applicable) of the State of Delaware, or federal law, if Delaware law is preempted, and the arbitrator is without jurisdiction to apply any different substantive law. Participant and the Company will each be allowed to engage in adequate discovery, the scope of which will be

If the Company is the prevailing party, the arbitration may award some or all of the costs for the arbitrator's fees and/or other administrative fees to the fullest extent not prohibited by law. The existence and subject matter of all arbitration proceedings, including, any settlements or awards thereunder, shall remain confidential.

- (h) <u>Clawback Policy.</u> All Awards granted under the Plan shall be subject to forfeiture (as determined by the Administrator) in accordance with the terms of the Parent Member's clawback or recoupment policy (as in effect from time to time). - A. The Participant is an employee of Welltower Inc., a Delaware corporation (the "Parent Member") or one of its Subsidiaries and provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.
- B. The Participant originally received the grant of time-based restricted stock units set forth above ("<u>Stock Award</u>") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender such Stock Award and in exchange receive an Award of LTIP Units under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "<u>Election Form</u>").
- C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued employment of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Exchange Date pursuant to this Time-Based LTIP Unit Agreement (this "Agreement"), the Participant shall receive the number of LTIP Units set forth above in this Agreement (the "Award"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).

"Common Stock" or "Shares" means the Parent Member's common stock, par value \$1.00 per share, either currently existing or authorized hereafter.

"Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

2. <u>Effectiveness of Award</u>. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Exchange Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as <u>Exhibit A</u>). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in <u>Section 3</u> below.

3. <u>Vesting of LTIP Units</u>

- (a) The vesting period of the LTIP Units (the "<u>Vesting Period</u>") began on the Original Grant Date and continues until the applicable Vesting Date, and shall be subject to certain vesting conditions, all as set forth above. On the first Vesting Date following the date of this Agreement and each Vesting Date thereafter, the applicable number of LTIP Units specified above shall become vested, subject to earlier forfeiture as provided in this Agreement. Except as permitted under <u>Section 20</u>, the LTIP Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the LTIP Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.
- (b) Any LTIP Units that do not become vested pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested LTIP Units.
- (c) The LTIP Units that vest pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the applicable Vesting Date and shall be converted into Class A Common Units in accordance with <u>Section 8</u> of the Plan and the LLC Agreement.

4. <u>Termination of Participant's Employment.</u>

- (a) If the Participant's employment with the Employer terminates, the provisions of this <u>Section 4</u> shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.
- (b) In the event of termination of the Participant's employment by reason of a Qualified Termination, the Participant shall retain the portion of the Award that has vested during the Vesting Period, and such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement. Unless otherwise determined by the Company, the unvested portion of the Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested portion of the Award
- (c) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.
- (d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the portion of this Award that is unvested shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award and (ii) the Participant shall retain the portion of the Award that has vested during the Vesting Period, and such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

5. <u>Change in Control.</u> In the event that a Change in Corporate Control occurs prior to January 15, 20XX, the Vesting Period applicable to this Award shall lapse in its entirety and all of the then-unvested LTIP Units shall become Vested LTIP Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace this Award on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.

In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not vested or still subject to a risk of forfeiture will be subject to the same restrictions as the
- 8. <u>Incorporation of Plan; Interpretation by Administrator</u>. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.
- 9. <u>Certificates; Legend.</u> Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the applicable Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the applicable Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the applicable Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.
- 10. Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

- Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.
- 12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).
- 13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the applicable Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Company.
- 14. <u>Status of LTIP Units under the Plan.</u> The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as <u>Exhibit B</u>). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.
- 15. <u>Severability.</u> If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.
- 16. <u>Governing Law</u>. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.

- 19. <u>Successors and Assigns</u>. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.
- 20. <u>Transfer; Redemption.</u> None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "<u>Transfer</u>"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this <u>Section 20</u> shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer and shall otherwise refuse to recognize any such Transfer.
- 21. <u>Data Privacy Consent.</u> In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "<u>Relevant Information</u>"). By entering into this Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information. - 22. <u>Electronic Delivery of Documents</u>. By accepting this Agreement, the Participant (i) consents to the electronic delivery of this Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents

RECITALS

- A. The Participant is an employee of Welltower Inc., a Delaware corporation (the "Parent Member") or one of its Subsidiaries and provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.
- B. The Participant originally received the grant of performance-based restricted stock units set forth above ("Stock Award") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender such Stock Award and in exchange receive an Award of LTIP Units under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "Election Form").
- C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued employment of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Exchange Date pursuant to this Performance LTIP Unit Agreement (this "Agreement"), the Participant shall receive the maximum number of LTIP Units, subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.
- D. The exact number of LTIP Units earned under this award (the "Award") shall be determined in accordance with Section 3 of this Agreement. Any LTIP Units not earned at the conclusion of the Performance Period will be forfeited, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

- 1. <u>Definitions</u>. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:
- "Adjusted Annualized EBITDA" means the Parent Member's earnings before interest, taxes, depreciation and amortization, excluding unconsolidated entities and including adjustments for stock-based compensation expense, provision for loan losses, gains/losses on extinguishment of debt, gains/losses/impairments on properties, gains/losses on derivatives and financial instruments, other expenses, and additional other income for the three month period beginning on October 1, 20XX and ending on December 31, 20XX, and then expressed on an annualized basis.

- "All REIT Index" means the MSCI US REIT Index.
- "Annualized TSR Percentage" means $(1 + TSR)^{(1/3)} 1$.
- "Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).
 - "Common Stock" or "Shares" means the Parent Member's common stock, par value \$1.00 per share, either currently existing or authorized hereafter.
 - "Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.
- "Earned Award LTIP Units" means the actual number of LTIP Units that were earned by the Participant pursuant to this Agreement at the end of the Performance Period in accordance with Section 3.
- "Health Care REIT Index" means the FTSE NAREIT Health Care REIT Index on the grant date of the Stock Award (or a successor index including a comparable universe of publicly traded U.S. real estate investment trusts), in each case adjusted and reweighted to exclude the Parent Member from the index. Any health care REIT organization that is not in existence for the entire Performance Period shall be omitted from this index.
- "Index Return" means, with respect to the Performance Period, the return of either the Health Care REIT Index, or the All REIT Index, as applicable, over the Performance Period expressed as a percentage. For the avoidance of doubt, the Index Return over the Performance Period shall be calculated in a manner designed to produce a fair comparison between the Parent Member's TSR and the Index Return for the purpose of determining Relative Performance. In the case of the Health Care REIT Index, the Index Return shall be computed as the sum of each component company's weighted TSR with each component company's weight as the average of its relative market capitalization at the beginning of the Performance Period.
- "Net Debt + Preferred" means the sum of (a) the Parent Member's long-term debt, less cash and cash equivalents, and (b) the total amount of the Parent Member's preferred stock as of the end of the Performance Period (or other applicable designated period).
- "Performance Period" means the period commencing on January 1, 20XX and concluding on the earlier of (i) December 31, 20XX, or (ii) a Change in Corporate Control.
 - "Relative Performance" means the Parent Member's TSR relative to the applicable Index Return, as expressed as an Annualized TSR Percentage.
- "Total Shareholder Return" or "TSR" means for the common stock of the applicable company, the total shareholder return (share price appreciation/depreciation during the applicable Performance Period plus the value attributable to reinvested dividends paid on the shares during the applicable Performance Period). The TSR shall be expressed as a percentage. The calculation of TSR will be based on the average closing price of the shares for the twenty trading days immediately preceding the first day of the Performance Period and the average closing price of the shares for the twenty trading days immediately preceding the last day of the applicable Performance Period. The TSR will be calculated assuming that cash dividends (including extraordinary cash dividends) paid on the shares are reinvested in additional shares on the ex-dividend date and that any securities distributed to shareholders in a spinoff transaction are sold and the proceeds reinvested in additional shares on the ex-dividend date.
- 2. <u>Effectiveness of Award.</u> The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Exchange Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as <u>Exhibit A</u>). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in <u>Section 3</u> below.

3. <u>Vesting and Earning of LTIP Units.</u>

- (a) The number of LTIP Units that may be earned and become vested for the Performance Period (such units, the "Earned Award LTIP Units") shall be determined under this Sections 3(a) as follows: Depending on the level of achievement for each of the performance goals of the Award as determined pursuant to Annex 1, the Earned Award LTIP Units for the Performance Period shall be determined based on the Participant's individual threshold, target and high payout multiples described in Annex 1. For performance between two different tiers, the percentage payable shall be calculated using linear interpolation between tiers. The level of achievement for each listed performance goal shall be determined independently.
- (b) As soon as practicable following the end of the Performance Period, the Company shall determine the Earned Award LTIP Units, if any, with respect to the Performance Period. The date on which the Company makes such a determination shall be referred to herein as the "Vesting Date". In no event shall the Vesting Date be later than 74 days after the end of the Performance Period; provided, that (A) in the case of the Performance Period that ends upon a Change in Corporate Control, the Vesting Date shall be no later than immediately prior to the consummation of the Change in Corporate Control and (B) in the case of a determination required by Section 4(b), the Vesting Date shall generally be no later than 74 days after the date of the Participant's Qualified Termination or on such later date as provided by the Company. If, at the conclusion of the Performance Period and as of the Vesting Date, the number of Earned Award LTIP Units is smaller than the number of LTIP Units issued to the Participant on the Exchange Date, then the Participant, as of the conclusion of the Performance Period, shall forfeit a number of LTIP Units equal to the difference without payment of any consideration by the Company and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.
- (c) Any LTIP Units that do not become earned and vested pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unearned and unvested LTIP Units.
- (d) The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. <u>Termination of Participant's Employment.</u>

- (a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.
- (b) In the event of termination of the Participant's employment by reason of a Qualified Termination prior to the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units as follows: The Earned Award LTIP Units shall be determined in accordance with the computation described in Section 3(a) as if the Performance Period ended on the calendar quarter end immediately preceding the date of the Participant's Qualified Termination; provided, however, that such Earned Award LTIP Units shall be multiplied by a fraction, the numerator of which shall be the number of complete months during which the Participant was an employee of the Parent Member or its Affiliates during the Performance Period and the denominator of which shall be the total number of months in the Performance Period. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.
- (c) In the event of termination of the Participant's employment by reason of a Qualified Termination after the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units in accordance with the computation described in Section 3. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.
- (d) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.

- (e) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination prior to the end of the Performance Period, except as otherwise determined by the Company, this Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award. In the event of a termination of the Participant's employment for any reason other than a Qualified Termination after the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units in accordance with the computation described in Section 3. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.
- 5. <u>Change in Control.</u> In the event that a Change in Corporate Control occurs prior to December 31, 20XX, then the Company shall determine the Earned Award LTIP Units as follows: The LTIP Units will be deemed earned as of the date of such Change in Corporate Control in accordance with the computation described in Section 3(a) as if the Performance Period ended on the day prior to the consummation of the Change in Corporate Control, except that corporate metrics not tied to TSR shall be calculated based on the results through the most recent completed fiscal quarter. To the extent provided in the documents setting forth the terms of the award for the Originally Granted Restricted Stock Units, the Award shall further be multiplied by a fraction, the numerator of which shall be the number of full and partial months from the beginning of the Performance Period through the Change in Corporate Control and the denominator of which shall be 36. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

6. <u>Distribution Participation Date</u>

- (a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.
- (b) The Distribution Participation Date with respect to the LTIP Units shall be the Vesting Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, <u>Exhibit F</u> of the LLC Agreement.
- 7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not been earned or still subject to a risk of forfeiture will be subject to the same restrictions as the LTIP Units w
- 8. <u>Incorporation of Plan; Interpretation by Administrator</u>. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.
- 9. <u>Certificates; Legend.</u> Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the Vesting Date. The records of the Company and any

other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

- 10. <u>Tax Withholding</u>. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "<u>Withholding Amount</u>"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.
- Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.
- 12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).
- 13. <u>Investment Representation; Registration</u>. The Participant agrees that any resale of either (1) the LTIP Units received upon the Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.
- 14. <u>Status of LTIP Units under the Plan.</u> The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as <u>Exhibit B</u>). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.
- 15. <u>Severability.</u> If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of

such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.

- 16. <u>Governing Law</u>. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.

- 18. <u>Counterparts</u>. This Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.
- 19. <u>Successors and Assigns</u>. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.
- 20. <u>Transfer; Redemption.</u> None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "<u>Transfer</u>"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this <u>Section 20</u> shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer, and shall otherwise refuse to recognize any such Transfer.
- 21. <u>Data Privacy Consent.</u> In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "<u>Relevant Information</u>"). By entering into this Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.
- 22. <u>Electronic Delivery of Documents.</u> By accepting this Agreement, the Participant (i) consents to the electronic delivery of this Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents

RECITALS

- A. The Participant is an employee of the Employer and provides services to the Company (and/or its subsidiaries), through which the Parent Member conducts substantially all of its operations.
- B. The Participant originally received the grant of time-based stock options set forth above ("<u>Stock Award</u>") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender the unvested portion of such Stock Award and receive an Award of Option Units (as defined in the LLC Agreement) under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "<u>Election Form</u>").
- C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "<u>Plan</u>"), the Parent Member desires to provide the Participant with an opportunity to acquire Option Units having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and its subsidiaries.
- D. The Option Units being granted herein represent the portion of the Stock Award that is unvested as of the Exchange Date. Capitalized terms used herein and not otherwise defined have the meanings provided in the Plan, the Equity Plan and/or the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant hereby agree as follows:

AGREEMENT

- 1. <u>Grant of Option Units.</u> On the terms and conditions set forth below, as well as the terms and conditions of the Plan, the Company hereby grants to the Participant the Number of Option Units set forth above (the "<u>Option Units</u>"). To the extent the Option Units become vested in accordance with Section 3, each Option Unit is intended to provide the Participant with the opportunity to share in the appreciation of the value of a Share in excess of the Option Unit Participation Threshold set forth above based on the terms set forth in the LLC Agreement. The Option Units will accumulate and/or participate in allocations and distributions as set forth in the LLC Agreement, in accordance with <u>Exhibit G</u> to the LLC Agreement.
- 2. <u>Conversion and Term.</u> Subject to earlier forfeiture, termination, acceleration or cancellation of the Option Units as provided in the LLC Agreement, Plan or this Award Agreement, until the Expiration Date, Vested Option Units shall be convertible at the Participant's election into a number of LTIP Units, as determined in accordance with the LLC Agreement, which in turn are convertible into Class A Common Units and Shares as provided in the LLC Agreement. For purposes of this Award Agreement, "Expiration Date" means the earlier of (a) the date of the Participant's termination of employment by the Employer for Cause, and (b) the tenth (10th) anniversary of the grant date of the Stock Award. Upon the Expiration Date, any Option Units which have not been converted into Vested LTIP Units shall terminate, be cancelled for no consideration and be without further force or effect.
- 3. <u>Vesting Period</u>. The vesting period of the Option Units (the "<u>Vesting Period</u>") began on the Original Grant Date and continues until such Vesting Dates, and subject to such vesting conditions, as set forth above. On the first Vesting Date following the date of this Award Agreement and each Vesting Date thereafter, the applicable number of Option Units specified above shall become vested, subject to earlier forfeiture as provided in this Award Agreement. Except as permitted under Section 14, the Option Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the Option Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.

- 4. Termination of Participant's Employment; Continued Convertibility of Vested Option Units.
- (a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Option Units exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Award Agreement.
- (b) In the event of termination of the Participant's employment by reason of a Qualified Termination, then the Participant shall retain the portions of the Option Units that are Vested Option Units. The portion of the Option Units that are Unvested Option Units shall, without payment of any consideration by the Parent Member or the Company, automatically and without notice terminate, be forfeited and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such Unvested Option Units. The portion of the Option Units that are Vested Option Units that have not been converted into Vested LTIP Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement.
- (c) As a condition of receiving any payments or benefits under the Plan and this Award Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.
- (d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the Unvested Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Unvested Option Units and (ii) the Participant shall retain the Vested Option Units that have not been converted into Vested LTIP Units and such Vested Option Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement. In the event such a termination is for Cause, all of the Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Option Units.
- 5. <u>Change in Control.</u> In the event that a Change in Corporate Control occurs prior to January 15, 20XX, then the Vesting Period applicable to the Option Units shall lapse in its entirety and such Option Units shall become Vested Option Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace such Option Units on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.
- 6. <u>Incorporation of Plan; Interpretation by Administrator</u>. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.
- 7. <u>Certificates; Limitations on Resale.</u> Each certificate, if any, issued in respect of the Option Units awarded under this Award Agreement shall be registered in the Participant's name and held by the Company until the expiration of the applicable Vesting Period. If certificates representing the Option Units are issued by the Company, at the expiration of each Vesting Period, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of Option Units that vested upon the expiration of such Vesting Period. The Participant agrees that any resale of either (1) the Option Units received upon the expiration of the applicable Vesting Period or (2) the LTIP Units, Class A Common Units or Shares received, directly or indirectly, upon redemption of or in exchange for Option Units, other units of the Company or Class A Common Units into which Option Units may have been converted shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In the alternative, the Parent Member has the right to retain and cancel, or sell or otherwise dispose of, such number of Option Units as have a market value (determined as of the date the applicable Option Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.
- 9. Certain Adjustments. The Option Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Award Agreement, the Plan or the Option Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Award Agreement and the terms of the Option Units prior to such event, including, without limitation: (A) adjustments in the Option Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to the Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any LTIP Units, Class A Common Units, shares or other securities received by the Participant with respect to the applicable Option Units for which the Vesting Period shall not have expired will be subject to

This Award Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.
- 11. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the Option Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).

None of the Option Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "<u>Transfer</u>"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of Option Units not in accordance with the terms and conditions of this Section 14 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any Option Units as a result of any such Transfer, and shall otherwise refuse to recognize any such Transfer.
- 15. <u>Severability.</u> If, for any reason, any provision of this Award Agreement is held invalid, such invalidity shall not affect any other provision of this Award Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Award Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Award Agreement, shall to the full extent consistent with law continue in full force and effect.

- 2. <u>Conversion and Term.</u> Subject to earlier forfeiture, termination, acceleration or cancellation of the Option Units as provided in the LLC Agreement, Plan or this Award Agreement, until the Expiration Date, Vested Option Units shall be convertible at the Participant's election into a number of LTIP Units, as determined in accordance with the LLC Agreement, which in turn are convertible into Class A Common Units and Shares as provided in the LLC Agreement. For purposes of this Award Agreement, "Expiration Date" means the earlier of (a) the date of the Participant's termination of employment by the Employer for Cause, and (b) the tenth (10th) anniversary of the grant date of the Stock Award. Upon the Expiration Date, any Option Units which

have not been converted into Vested LTIP Units shall terminate, be cancelled for no consideration and be without further force or effect.

- 3. <u>Vesting Period</u>. The vesting period of the Option Units (the "<u>Vesting Period</u>") began on the Original Grant Date and continues until such Vesting Dates, and subject to such vesting conditions, as set forth above. On the first Vesting Date following the date of this Award Agreement and each Vesting Date thereafter, the applicable number of Option Units specified above shall become vested, subject to earlier forfeiture as provided in this Award Agreement. Except as permitted under Section 14, the Option Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the Option Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.
 - 4. <u>Termination of Participant's Employment; Continued Convertibility of Vested Option Units.</u>
- (a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Option Units exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Award Agreement.
- (b) In the event of termination of the Participant's employment by reason of a Qualified Termination, then the Participant shall retain the portions of the Option Units that are Vested Option Units. The portion of the Option Units that are Unvested Option Units shall, without payment of any consideration by the Parent Member or the Company, automatically and without notice terminate, be forfeited and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such Unvested Option Units. The portion of the Option Units that are Vested Option Units that have not been converted into Vested LTIP Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement.
- (c) As a condition of receiving any payments or benefits under the Plan and this Award Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.
- (d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the Unvested Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Unvested Option Units and (ii) the Participant shall retain the Vested Option Units that have not been converted into Vested LTIP Units and such Vested Option Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement. In the event such a termination is for Cause, all of the Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Option Units.
- 5. <u>Change in Control.</u> In the event that a Change in Corporate Control occurs prior to December 13, 2026, then the Vesting Period applicable to the Option Units shall lapse in its entirety and such Option Units shall become Vested Option Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace such Option Units on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.
- 6. <u>Incorporation of Plan; Interpretation by Administrator</u>. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may

make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

- 7. <u>Certificates; Limitations on Resale.</u> Each certificate, if any, issued in respect of the Option Units awarded under this Award Agreement shall be registered in the Participant's name and held by the Company until the expiration of the applicable Vesting Period. If certificates representing the Option Units are issued by the Company, at the expiration of each Vesting Period, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of Option Units that vested upon the expiration of such Vesting Period. The Participant agrees that any resale of either (1) the Option Units received upon the expiration of the applicable Vesting Period or (2) the LTIP Units, Class A Common Units or Shares received, directly or indirectly, upon redemption of or in exchange for Option Units, other units of the Company or Class A Common Units into which Option Units may have been converted shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule).
- 8. Tax Withholding. The Parent Member or its applicable affiliate has the right, to the extent applicable, to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the Option Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of Option Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Parent Member has the right to retain and cancel, or sell or otherwise dispose of, such number of Option Units as have a market value (determined as of the date the applicable Option Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.
- 9. Certain Adjustments. The Option Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Award Agreement, the Plan or the Option Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Award Agreement and the terms of the Option Units prior to such event, including, without limitation: (A) adjustments in the Option Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to the Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any LTIP Units, Class A Common Units, shares or other securities received by the Participant with respect to the applicable Option Units for which the Vesting Period shall not have expired will be subject to
- 10. Amendment; Modification. This Award Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

- 11. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the Option Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).
- 12. <u>Governing Law.</u> This Award Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without references to principles of conflict of laws.
- 13. <u>Successors and Assigns.</u> This Award Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Award Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.
- 14. <u>Transfer; Redemption.</u> None of the Option Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "<u>Transfer</u>"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of Option Units not in accordance with the terms and conditions of this Section 14 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any Option Units as a result of any such Transfer, and shall otherwise refuse to recognize any such Transfer.
- 15. <u>Severability.</u> If, for any reason, any provision of this Award Agreement is held invalid, such invalidity shall not affect any other provision of this Award Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Award Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Award Agreement, shall to the full extent consistent with law continue in full force and effect.
- 16. <u>Headings</u>. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Award Agreement.
- 17. <u>Counterparts</u>. This Award Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.
- 18. <u>Status as a Member</u>. Unless the Participant is already a Member of the Company as of the Exchange Date, the Participant shall be admitted as a Member of the Company as of the Exchange Date with beneficial ownership of the Number of Option Units set forth above issued to the Participant as of such date pursuant to this Award Agreement by: (A) signing and delivering to the Company a copy of this Award Agreement; and (B) signing, as a Member, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A).
- 19. <u>Status of Option Units under the Plan.</u> The Option Units are both issued as equity securities of the Company and granted as awards under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for units of the Company into which Option Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Plan. The Participant must be eligible to receive the Option Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as <u>Exhibit B</u>). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

- 20. <u>Investment Representations; Registration</u>. The Participant hereby makes the covenants, representations and warranties as set forth on <u>Exhibit B</u> attached hereto. All of such covenants, warranties and representations shall survive the execution and delivery of this Award Agreement by the Participant. The Company will have no obligation to register under the Securities Act any Option Units or any other securities issued pursuant to this Award Agreement or upon conversion or exchange of Option Units.
- 21. <u>Data Privacy Consent</u>. In order to administer the Plan and this Award Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Award Agreement (the "<u>Relevant Information</u>"). By entering into this Award Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Award Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.
- 22. <u>Electronic Delivery of Documents</u>. By accepting this Award Agreement, the Participant (i) consents to the electronic delivery of this Award Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents.
- 23. Section 83(b) Election. In connection with this Award Agreement, the Participant hereby agrees to make an election to include in gross income in the year of transfer the fair market value of the applicable Option Units over the amount paid for them pursuant to Section 83(b) of the Internal Revenue Code of 1986, as amended, substantially in the form attached hereto as Exhibit C and to supply the necessary information in accordance with the regulations promulgated thereunder.

- A. The Participant is an employee of Welltower Inc., a Delaware corporation (the "<u>Parent Member</u>") or one of its Subsidiaries and provides services to Welltower OP LLC, a Delaware limited liability company (the "<u>Company</u>"), through which the Parent Member conducts substantially all of its operations.
- B. The Participant originally received the grant of performance-based restricted stock units set forth above ("<u>Stock Award</u>") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender such Stock Award and in exchange receive an Award of LTIP Units under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "<u>Election Form</u>").
- C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued employment of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Exchange Date pursuant to this Outperformance LTIP Unit Agreement (this "Agreement"), the Participant shall receive the maximum number of LTIP Units (the "LTIP Units"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.
- D. The exact number of LTIP Units earned under this award (the "Award") shall be determined in accordance with Section 3 of this Agreement. Any LTIP Units not earned at the conclusion of the Performance Period will be forfeited, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

- 1. <u>Definitions</u>. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:
- "Absolute TSR Override Goal" means achievement by the Parent Member of Total Shareholder Return for the Performance Period calculated on an annual compounded basis, which for the entire four-year Performance Period is equal to a compounded annual growth rate of at least 10%.
- "Absolute TSR Threshold Goal" means achievement by the Parent Member of Total Shareholder Return for the Performance Period calculated on an annual compounded basis, which for the entire four-year Performance Period is equal to a compounded annual growth rate of at least 5%.

- "All REIT Index" means the MSCI US REIT Index.
- "Annualized TSR Percentage" means (1 + TSR)^(1/4) 1.
- "Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).
 - "Common Stock" or "Shares" means the Parent Member's common stock, par value \$1.00 per share, either currently existing or authorized hereafter.
- "Common Stock Price" means, as of a particular date, the volume weighted average of the Fair Market Value of one share of Common Stock over the 20 consecutive trading days ending on, and including such date (or if such date is not a trading day, the most recent trading day immediately preceding such date); provided that, if such date is the date upon which a Change in Corporate Control occurs, the Common Stock Price as of such date shall be equal to the fair value, as determined by the Company, of the total consideration paid or payable in the transaction resulting in the Change in Corporate Control for one share of Common Stock.
 - "Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.
- "Earned Award LTIP Units" means the actual number of LTIP Units that were earned by the Participant pursuant to this Agreement at the end of the Performance Period in accordance with Section 3.
- "FFO Goal" means an increase of the Parent Member's funds from operations calculated on an annual compounded basis, which for the entire four-year Performance Period is equal to a compounded annual growth rate of at least 9% when compared to the Parent Member's funds from operations for the Parent Member's 2021 fiscal year, as adjusted as specifically set forth in the Parent Member's quarterly earnings releases but excluding any funding received from the US Department of Health and Human Services. The term "funds from operations" means the Parent Member's net income attributable to common stockholders of the Parent Member, computed in accordance with U.S. Generally Accepted Accounting Principles, excluding gains (or losses) from sales of real estate and impairment of depreciable assets, plus depreciation and amortization, and after adjustments for unconsolidated entities and noncontrolling interests.
- "Health Care REIT Index" means the FTSE NAREIT Health Care REIT Index as of January 1, 2022 (or a successor index including a comparable universe of publicly traded U.S. real estate investment trusts), in each case adjusted and reweighted to exclude the Parent Member from the index. Any health care REIT organization that is not in existence for the entire Performance Period shall be omitted from this index.
- "Index Return" means, with respect to the Performance Period, the return of either the Health Care REIT Index, or the All REIT Index, as applicable, over the Performance Period expressed as a percentage. For the avoidance of doubt, the Index Return over the Performance Period shall be calculated in a manner designed to produce a fair comparison between the Parent Member's TSR and the Index Return for the purpose of determining Relative Performance. In the case of the Health Care REIT Index, the Index Return shall be computed as the sum of each component company's weighted TSR with each component company's weight as the average of its relative market capitalization at the beginning of the Performance Period.
- "Override Goal" means achievement of (i) the Absolute TSR Override Goal and (ii) Relative Performance of at least 150% against each of the All REIT Index and the Health Care REIT Index.
- "Performance Period" means the period commencing on January 1, 2022 and concluding on (i) December 31, 2025 or (ii) such shorter period as may occur in connection with a Change in Corporate Control.
 - "Relative Performance" means the Parent Member's TSR relative to the applicable Index Return, as expressed as an Annualized TSR Percentage.
 - "Threshold Goals" means the Absolute TSR Threshold Goal and the FFO Goal.
- "<u>Total Shareholder Return</u>" or "<u>TSR</u>" means for the Common Stock, the total shareholder return (share price appreciation/depreciation during the Performance Period plus the value attributable to reinvested dividends paid on the Shares during the applicable Performance Period). The TSR shall be expressed as a percentage. The

calculation of TSR will be based on the Common Stock Price as of the first day of the Performance Period and the Common Stock Price as of the last day of the applicable Performance Period. The TSR will be calculated assuming that cash dividends (including extraordinary cash dividends) paid on the Shares are reinvested in additional Shares on the ex-dividend date and that any securities distributed to shareholders in a spinoff transaction are sold and the proceeds reinvested in additional Shares on the ex-dividend date.

2. <u>Effectiveness of Award</u>. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Exchange Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as <u>Exhibit A</u>). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in <u>Section 3</u> below.

3. <u>Vesting and Earning of LTIP Units.</u>

- (a) The number of Earned Award LTIP Units earned for the Performance Period shall be determined in accordance with <u>Annex 1</u>. For performance between different tiers, the percentage payable shall be calculated using linear interpolation between tiers.
- (b) As soon as practicable following the end of the Performance Period, the Company shall determine the Earned Award LTIP Units, if any, with respect to the Performance Period. The date on which the Company makes such a determination shall be referred to herein as the "Vesting Date". The vesting of the Earned Award LTIP Units on the Vesting Date shall be subject to (i) the Participant's continued employment with the Parent Member or a Subsidiary through and including the end of the Performance Period and (ii) compliance with all of the restrictive covenants set forth in Section 4 of the Plan through and including the Vesting Date. In no event shall the Vesting Date with respect to the end of the Performance Period be later than March 15, 2026; provided, that in the case of the Performance Period that ends upon a Change in Corporate Control, the Vesting Date shall be no later than immediately prior to the consummation of the Change in Corporate Control. If, at the conclusion of the Performance Period and as of the Vesting Date, the number of Earned Award LTIP Units is smaller than the number of LTIP Units issued to the Participant on the Exchange Date, then the Participant, as of the conclusion of the Performance Period, shall forfeit a number of LTIP Units equal to the difference without payment of any consideration by the Company and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.
- (c) Any LTIP Units that do not become earned and vested pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unearned and unvested LTIP Units.
- (d) The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

4. Termination of Participant's Employment.

- (a) If the Participant's employment with the Employer terminates, the provisions of this <u>Section 4</u> shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.
- (b) Except as otherwise determined by the Company or as provided in Section 5 in the event of the occurrence of a Change in Corporate Control, the Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and become null and void in the event such Participant's employment with the Parent Member and its Subsidiaries terminates for any reason other than a Qualified Termination prior to the end of the Performance Period, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award. Upon a Qualified Termination, a prorated portion of the Award shall be eligible to vest following the end of the Performance Period and become Earned Award LTIP Units. Such prorated portion shall be determined by multiplying (i) the number of Earned Award LTIP Units earned following the end of the Performance Period determined in accordance with Section 3(a) by (ii) a fraction, the numerator of which shall be the number of complete months during which the Participant was an employee of the Parent Member during the Performance

Period and the denominator of which shall be 48. In the event of a Qualified Termination, the Participant must continue to comply with all of the restrictive covenants set forth in Section 4 of the Plan through and including the Vesting Date as a condition precedent for any portion of such Participant's Award to become Earned Award LTIP Units, regardless of any time limitations on one or more of such restrictive covenants set forth in Section 4 of the Plan and notwithstanding the level of achievement of the performance goals set forth in Annex 1. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

5. <u>Change in Control.</u> In the event that on or prior to December 31, 2025, a Change in Corporate Control occurs, then the Earned Award LTIP Units shall be determined as of the date of such Change in Corporate Control in accordance with the computation described in <u>Annex 1</u> as if the Performance Period ended on the day prior to the consummation of the Change in Corporate Control and the Vesting Date shall be no later than immediately prior to the consummation of the Change in Corporate Control, except that corporate metrics not tied to TSR (e.g., the FFO Goal) shall be calculated based on the results through the most recent completed fiscal quarter. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

6. <u>Distribution Participation Date</u>.

- (a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.
- (b) The Distribution Participation Date with respect to the LTIP Units shall be the Vesting Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement.
- 7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not been earned or still subject to a risk of forfeiture will be subject to the same restrictions a
- 8. <u>Incorporation of Plan; Interpretation by Administrator</u>. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.
- 9. <u>Certificates; Legend.</u> Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.

- 10. Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.
- Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.
- 12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).
- 13. <u>Investment Representation; Registration.</u> The Participant agrees that any resale of either (1) the LTIP Units received upon the Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.
- 14. Status of LTIP Units under the Plan. The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as Exhibit B). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.
- 15. <u>Severability.</u> If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.

- 16. <u>Governing Law</u>. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.
- 17. <u>Headings</u>. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Agreement.
- 18. <u>Counterparts</u>. This Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.
- 19. <u>Successors and Assigns</u>. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.
- 20. <u>Transfer; Redemption.</u> None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "<u>Transfer</u>"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this <u>Section 20</u> shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer, and shall otherwise refuse to recognize any such Transfer.
- 21. <u>Data Privacy Consent</u>. In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "<u>Relevant Information</u>"). By entering into this Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information. Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.
- 22. <u>Electronic Delivery of Documents</u>. By accepting this Agreement, the Participant (i) consents to the electronic delivery of this Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents
- 23. <u>Section 83(b) Election</u>. In connection with this Agreement, the Participant hereby agrees to make an election to include in gross income in the year of transfer the fair market value of the applicable LTIP Units over the amount paid for them pursuant to Section 83(b) of the Internal Revenue Code of 1986, as amended, substantially in the form attached hereto as <u>Exhibit C</u> and to supply the necessary information in accordance with the regulations promulgated thereunder.
- 24. <u>Acknowledgement.</u> The Participant hereby acknowledges and agrees that this Agreement and the LTIP Units issued hereunder shall constitute satisfaction in full of all obligations of the Parent Member and the Company, if any, to grant to the Participant LTIP Units pursuant to the terms of any written employment agreement or letter or other written offer or description of employment with the Parent Member and/or the Company executed prior to or coincident with the date hereof.

ANNEX 1

In order for any portion of the Award to become earned under the Plan and this Agreement, both of the Threshold Goals must be achieved or exceeded for the Performance Period.

In the event that both of the Threshold Goals are achieved or exceeded for the Performance Period, then the number of Earned Award LTIP Units shall be determined based on the achievement of Relative Performance in accordance with the table immediately below. Upon the certification by the Company of the levels of Relative Performance against the Health Care REIT Index and the All REIT Index, such relative levels shall be applied to the Award in the same proportions.

	Threshold Performance	Midlevel Performance	Maximum Performance
	Relative Performance	Relative Performance	Relative Performance
	of 100%	of 150%	of 200%
Relative Performance to Health Care REI	T Index		
Number of Earned Award LTIP Units	No LTIP Units earned	The number of LTIP Units that are earned shall equal 25% of LTIP Units at "maximum performance"	The number of LTIP Units that are earned shall equal 50% of LTIP Units at "maximum performance"
Relative Performance to All REIT Index			
Number of Earned Award LTIP Units	No LTIP Units earned	The number of LTIP Units that are earned shall equal 25% of LTIP Units at "maximum performance"	The number of LTIP Units that are earned shall equal 50% of LTIP Units at "maximum performance"

For performance between different tiers, the number of LTIP Units that vest and become Earned Award LTIP Units shall be calculated using linear interpolation between tiers.

Notwithstanding the foregoing, achievement of the Override Goal shall result in the maximum number of LTIP Units vesting and becoming Earned Award LTIP Units.

Other conditions for the Award to become an Earned Award are set forth in the Agreement.

FORM OF MEMBER SIGNATURE PAGE

The Participant, desiring to become one of the Members of Welltower OP LLC, hereby accepts all of the terms and conditions of (including, without limitation, the provisions related to powers of attorney), and becomes a party to, the Limited Liability Company Agreement, dated as of May 24, 2022, as amended on June 1, 2022, of Welltower OP LLC (the "<u>LLC Agreement</u>"). The Participant agrees that this signature page may be attached to any counterpart of the LLC Agreement and further agrees as follows (where the term "<u>Member</u>" refers to the Participant): Capitalized terms used but not defined herein have the meaning ascribed thereto in the LLC Agreement.

- 1. The Member hereby confirms that it has reviewed the terms of the LLC Agreement and affirms and agrees that it is bound by each of the terms and conditions of the LLC Agreement, including, without limitation, the provisions thereof relating to limitations and restrictions on the transfer of Units.
- 2. The Member hereby confirms that it is acquiring the Units for its own account as principal, for investment and not with a view to resale or distribution, and that the Units may not be transferred or otherwise disposed of by the Member otherwise than in a transaction pursuant to a registration statement filed by the Company (which it has no obligation to file) or that is exempt from the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), and all applicable state and foreign securities laws, and the Company may refuse to transfer any Units as to which evidence of such registration or exemption from such registration. If the Parent Member delivers to the Member common Shares of beneficial interest of the Parent Member ("Common Shares") upon redemption of any Units, the Common Shares will be acquired for the Member's own account as principal, for investment and not with a view to resale or distribution, and the Common Shares may not be transferred or otherwise disposed of by the Member otherwise than in a transaction pursuant to a registration statement filed by the Parent Member with respect to such Common Shares (which it has no obligation under the LLC Agreement to file) or that is exempt from the registration requirements of the Securities Act and all applicable state and foreign securities laws, and the Parent Member may refuse to transfer any Common Shares as to which evidence of such registration or exemption from such registration satisfactory to the Parent Member is not provided to it, which evidence may include the requirement of a legal opinion regarding the exemption from such registration.
- 3. The Member hereby appoints the Parent Member, any Liquidator and authorized officers and attorneys-in-fact of each, and each of those acting singly, in each case with full power of substitution, as its true and lawful agent and attorney-in-fact, with full power and authority in its name, place and stead, in accordance with Section 15.11 of the LLC Agreement, which section is hereby incorporated by reference. The foregoing power of attorney is hereby declared to be irrevocable and a power coupled with an interest, and it shall survive and not be affected by the death, incompetency, dissolution, disability, incapacity, bankruptcy or termination of the Member and shall extend to the Member's heirs, executors, administrators, legal representatives, successors and assigns.
- 4. The Member hereby confirms that, notwithstanding any provisions of the LLC Agreement to the contrary, the LTIP Units shall not be redeemable by the Member pursuant to Section 8.6 of the LLC Agreement.
- 5. The Member hereby irrevocably consents in advance to any amendment to the LLC Agreement intended to avoid the Company being treated as a publicly-traded partnership within the meaning of Section 7704 of the Internal Revenue Code, including, without limitation, (x) any amendment to the provisions of Section 8.6 of the LLC Agreement intended to increase the waiting period between the delivery of a Notice of Redemption and the Specified Redemption Date and/or the Valuation Date to up to sixty (60) days or (y) any other amendment to the LLC Agreement intended to make the redemption and transfer provisions, with respect to certain redemptions and transfers, more similar to the provisions described in Treasury Regulations Section 1.7704-1(f).
- 6. The Member hereby appoints the Parent Member, any Liquidator and authorized officers and attorneys-in-fact of each, and each of those acting singly, in each case with full power of substitution, as its true and lawful agent and attorney-in-fact, with full power and authority in its name, place and stead, to execute and deliver any amendment referred to in the foregoing paragraph 5(a) on the Member's behalf. The foregoing power of attorney is hereby declared to be irrevocable and a power coupled with an interest, and it shall survive and not be affected by the death, incompetency, dissolution, disability, incapacity, bankruptcy or termination of the Member and shall extend to the Member's heirs, executors, administrators, legal representatives, successors and assigns.
- 7. The Member agrees that it will not transfer any interest in the Units (x) through (i) a national, non-U.S., regional, local or other securities exchange, (ii) PORTAL or (iii) an over-the-counter market (including an interdealer quotation system that regularly disseminates firm buy or sell quotations by identified brokers or dealers

by electronic means or otherwise) or (y) to or through (a) a person, such as a broker or dealer, that makes a market in, or regularly quotes prices for, interests in the Company, (b) a person that regularly makes available to the public (including customers or subscribers) bid or offer quotes with respect to any interests in the Company and stands ready to effect transactions at the quoted prices for itself or on behalf of others or (c) another readily available, regular and ongoing opportunity to sell or exchange the interest through a public means of obtaining or providing information of offers to buy, sell or exchange the interest.

- 8. The Member acknowledges that the Parent Member shall be a third-party beneficiary of the representations, covenants and agreements set forth in Sections 4 and 6 hereof. The Member agrees that it will transfer, whether by assignment or otherwise, Units only to the Parent Member or to transferees that provide the Company and the Parent Member with the representations and covenants set forth in Sections 4 and 6 hereof.

Original Grant Date:	March 2, 2022
No. of LTIP Units:	[•]
Vesting Period:	LTIP Units shall vest on March 2, 2023, subject to the Participant's continued service as a member of the Board of Directors of the Parent Member through such date (the " <u>Vesting Date</u> ").
Exchange Date:	January 3, 2023

RECITALS

- A. The Participant is a member of the Board of Directors of Welltower Inc., a Delaware corporation (the "<u>Parent Member</u>") and thereby also provides services to Welltower OP LLC, a Delaware limited liability company (the "<u>Company</u>"), through which the Parent Member conducts substantially all of its operations.
- B. The Participant originally received the grant of deferred stock units set forth above ("<u>Stock Award</u>") under a compensatory stock plan sponsored by the Parent Member. The Participant has elected to surrender such Stock Award and in exchange receive an Award of LTIP Units under the Plan pursuant to an election form duly submitted by the Participant to the Parent Member and the Company prior to the date hereof (the "<u>Election Form</u>").
- C. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued services of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Exchange Date pursuant to this Time-Based LTIP Unit Agreement (this "Agreement"), the Participant shall receive the number of LTIP Units set forth above in this Agreement (the "Award"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

- 1. <u>Definitions.</u> Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:
- "Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).
 - "Common Stock" or "Shares" means the Parent Member's common stock, par value \$1.00 per share, either currently existing or authorized hereafter.
 - "Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

2. <u>Effectiveness of Award</u>. The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Exchange Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as <u>Exhibit A</u>). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in <u>Section 3</u> below.

3. <u>Vesting of LTIP Units</u>.

- (a) The vesting period of the LTIP Units (the "<u>Vesting Period</u>") began on the Original Grant Date and continues until the Vesting Date, and shall be subject to certain vesting conditions, all as set forth above. On the Vesting Date, the applicable number of LTIP Units specified above shall become vested, subject to earlier forfeiture as provided in this Agreement. Except as permitted under <u>Section 20</u>, the LTIP Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the LTIP Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.
- (b) Any LTIP Units that do not become vested pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested LTIP Units.
- (c) The LTIP Units that vest pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the applicable Vesting Date and shall be converted into Class A Common Units in accordance with <u>Section 8</u> of the Plan and the LLC Agreement.

4. <u>Termination of Participant's Services.</u>

- (a) If the Participant's service as a member of the Board of Directors of the Parent Member terminates, the provisions of this <u>Section 4</u> shall govern the treatment of the Award exclusively, regardless of the provisions of any services, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.
- (b) If the Participant resigns from service as a member of the Board of Directors of the Parent Member, decides not to stand for reelection at the expiration of the Participant's term of office, is not nominated by the Board of Directors of the Parent Member to stand for election at the Annual Stockholders' Meeting at which the Participant's term of office expires, or, if nominated, is not reelected, then any LTIP Units held by the Participant which have not yet vested shall not be forfeited, but shall remain unvested until such time as such LTIP Units would otherwise have become vested in accordance with the Vesting Period (disregarding, for purposes of this Section 4(b), the requirement of continued service on the Board of Directors of the Parent Member as otherwise specified in this Agreement) and shall become vested on the Vesting Date. Upon vesting, such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.
- (c) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the termination of the Participant's service as a member of the Board of Directors of the Parent Member in the manner described in Section 4(b), the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.
- (d) Notwithstanding the foregoing, if the Participant is removed from the Board of Directors of the Parent Member by the stockholders of the Parent Member for cause, or the Participant resigns or decides not to stand for reelection following delivery of notice to the stockholders of the Parent Member of a proposal to remove the Participant for cause (for these purposes, cause shall include, but not be limited to, dishonesty, incompetence, moral turpitude, other misconduct of any kind and the refusal to perform the Participant's duties and responsibilities for any reason other than illness or incapacity), then all of the LTIP Units which have not previously become vested shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award.

- (e) If the Participant ceases to serve as a member of the Board of Directors of the Parent Member as a result of the Participant's death or due to such Participant's total disability, in each case, before the LTIP Units have become vested, vesting of the LTIP Units shall be accelerated. Upon such accelerated vesting, such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement. A Participant shall have total disability only if he or she is "disabled" within the meaning of Section 409A of the Internal Revenue Code of 1986, as amended.
- 5. <u>Change in Control</u>. In the event that a Change in Corporate Control occurs prior to the Vesting Date, the Vesting Period applicable to this Award shall lapse in its entirety and all of the then-unvested LTIP Units shall become Vested LTIP Units.

6. <u>Distribution Participation Date</u>.

- (a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.
- (b) The Distribution Participation Date with respect to the LTIP Units shall be the applicable Vesting Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement.
- 7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not vested or still subject to a risk of forfeiture will be subject to the same restrictions as the LTIP Units with resp
- 8. <u>Incorporation of Plan; Interpretation by Administrator</u>. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.
- 9. <u>Certificates; Legend</u>. Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the applicable Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the applicable Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the applicable Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.
- 10. No Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) shall determine whether to issue to the Internal Revenue Service and any other applicable tax authorities and to the Participant a Form 1099 and any other reporting form that may be required to report the amount of taxable income which the Participant may have recognized under applicable federal, state and local tax laws. Neither the Parent Member nor its Affiliates will withhold such taxes, and the Participant acknowledges that the Participant is responsible for any such tax liability and may need to adjust his or her estimated tax payments to take the additional taxable income into account.

- Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.
- 12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any services agreement, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).
- 13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the applicable Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Company.
- 14. <u>Status of LTIP Units under the Plan.</u> The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as <u>Exhibit B</u>). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.
- 15. <u>Severability.</u> If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.
- 16. <u>Governing Law</u>. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.
- 17. <u>Headings</u>. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Agreement.
- 18. <u>Counterparts</u>. This Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

- 19. <u>Successors and Assigns</u>. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.
- 20. <u>Transfer; Redemption.</u> None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "<u>Transfer</u>"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this <u>Section 20</u> shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer and shall otherwise refuse to recognize any such Transfer.
- 21. <u>Data Privacy Consent</u>. In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "<u>Relevant Information</u>"). By entering into this Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.
- 22. <u>Electronic Delivery of Documents</u>. By accepting this Agreement, the Participant (i) consents to the electronic delivery of this Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents

RECITALS

A. The Participant is an employee of Welltower Inc., a Delaware corporation (the "Parent Member") or one of its Subsidiaries and provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.

B. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued employment of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Grant Date pursuant to this Time-Based LTIP Unit Agreement (this "Agreement"), the Participant shall receive the number of LTIP Units set forth above in this Agreement (the "Award"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

- 1. <u>Definitions</u>. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:
- "Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).
 - "Common Stock" or "Shares" means the Parent Member's common stock, par value \$1.00 per share, either currently existing or authorized hereafter.
 - "Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.
- 2. <u>Effectiveness of Award.</u> The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Grant Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as <u>Exhibit A</u>). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in Section 3 below.

Vesting of LTIP Units.

- (a) The vesting period of the LTIP Units (the "<u>Vesting Period</u>") shall begin on the Grant Date and continue until the applicable Vesting Date, and shall be subject to certain vesting conditions, all as set forth above. On the first Vesting Date following the date of this Agreement and each Vesting Date thereafter, the applicable number of LTIP Units specified above shall become vested, subject to earlier forfeiture as provided in this Agreement. Except as permitted under <u>Section 20</u>, the LTIP Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the LTIP Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.
- (b) Any LTIP Units that do not become vested pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested LTIP Units.
- (c) The LTIP Units that vest pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the applicable Vesting Date and shall be converted into Class A Common Units in accordance with <u>Section 8</u> of the Plan and the LLC Agreement.

Termination of Participant's Employment.

- (a) If the Participant's employment with the Employer terminates, the provisions of this <u>Section 4</u> shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.
- (b) In the event of termination of the Participant's employment by reason of a Qualified Termination, the Participant shall retain the portion of the Award that has vested during the Vesting Period, and such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement. Unless otherwise determined by the Company, the unvested portion of the Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested portion of the Award.

- (c) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.
- (d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the portion of this Award that is unvested shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award and (ii) the Participant shall retain the portion of the Award that has vested during the Vesting Period, and such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.
- 5. <u>Change in Control.</u> In the event that a Change in Corporate Control occurs prior to January 15, 20XX, the Vesting Period applicable to this Award shall lapse in its entirety and all of the then-unvested LTIP Units shall become Vested LTIP Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace this Award on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.

6. <u>Distribution Participation Date</u>.

- (a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.
- (b) The Distribution Participation Date with respect to the LTIP Units shall be the applicable Vesting Date, and the VestedLTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement. Notwithstanding the foregoing, solely for purposes of regular cash distributions for any quarterly or other period, if, when and as authorized by the Board of Directors out of funds legally available for the payment of distributions, and in an amount per unit equal to the distribution payable on each Class A Common Unit for the corresponding quarterly or other period (assuming such LTIP Units were held for the entire quarter or other period), the Distribution Participation Date shall be the Grant Date.
- 7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not vested or still subject to a risk of forfeiture will be subject to the same restrictions as the
- 8. <u>Incorporation of Plan; Interpretation by Administrator</u>. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.

- 9. <u>Certificates; Legend.</u> Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the applicable Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the applicable Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the applicable Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.
- 10. Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.
- Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.
- 12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way.
- 13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the applicable Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on Exhibit B attached hereto as of the Grant Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on Exhibit B was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.
- 14. <u>Status of LTIP Units under the Plan.</u> The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as <u>Exhibit B</u>). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

- 15. <u>Severability.</u> If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.
- 16. <u>Governing Law.</u> This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.
- 17. <u>Headings</u>. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Agreement.
- 18. <u>Counterparts</u>. This Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.
- 19. <u>Successors and Assigns</u>. This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.
- 20. <u>Transfer; Redemption.</u> None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "<u>Transfer</u>"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. - 4. The Member hereby confirms that, notwithstanding any provisions of the LLC Agreement to the contrary, the LTIP Units shall not be redeemable by the Member pursuant to Section 8.6 of the LLC Agreement.

The foregoing power of attorney is hereby declared to be irrevocable and a power coupled with an interest, and it shall survive and not be affected by the death, incompetency, dissolution, disability, incapacity, bankruptcy or termination of the Member and shall extend to the Member's heirs, executors, administrators, legal representatives, successors and assigns.

RECITALS

- A. The Participant is a member of the Board of Directors of Welltower Inc., a Delaware corporation (the "Parent Member") and thereby also provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.
- B. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued services of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Grant Date pursuant to this Time-Based LTIP Unit Agreement (this "Agreement"), the Participant shall receive the number of LTIP Units set forth above in this Agreement (the "Award"), subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

- 1. <u>Definitions</u>. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:
- "Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).
 - "Common Stock" or "Shares" means the Parent Member's common stock, par value \$1.00 per share, either currently existing or authorized hereafter.
 - "Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.
- 2. <u>Effectiveness of Award.</u> The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Grant Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as <u>Exhibit A</u>). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in <u>Section 3</u> below.
 - Vesting of LTIP Units.
- (a) The vesting period of the LTIP Units (the "Vesting Period") shall begin on the Grant Date and continue until the Vesting Date, and shall be subject to certain vesting conditions, all as set forth above. On the Vesting Date, the applicable number of LTIP Units specified above shall become vested, subject to earlier forfeiture

as provided in this Agreement. Except as permitted under <u>Section 20</u>, the LTIP Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the LTIP Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.

- (b) Any LTIP Units that do not become vested pursuant to this Section 3 or Section 4 or Section 5 hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unvested LTIP Units.
- (c) The LTIP Units that vest pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the applicable Vesting Date and shall be converted into Class A Common Units in accordance with <u>Section 8</u> of the Plan and the LLC Agreement.

4. <u>Termination of Participant's Services</u>.

- (a) If the Participant's service as a member of the Board of Directors of the Parent Member terminates, the provisions of this <u>Section 4</u> shall govern the treatment of the Award exclusively, regardless of the provisions of any services, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.
- (b) If the Participant resigns from service as a member of the Board of Directors of the Parent Member, decides not to stand for reelection at the expiration of the Participant's term of office, is not nominated by the Board of Directors of the Parent Member to stand for election at the Annual Stockholders' Meeting at which the Participant's term of office expires, or, if nominated, is not reelected, then any LTIP Units held by the Participant which have not yet vested shall not be forfeited, but shall remain unvested until such time as such LTIP Units would otherwise have become vested in accordance with the Vesting Period (disregarding, for purposes of this Section 4(b), the requirement of continued service on the Board of Directors of the Parent Member as otherwise specified in this Agreement) and shall become vested on the Vesting Date. Upon vesting, such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.
- (c) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the termination of the Participant's service as a member of the Board of Directors of the Parent Member in the manner described in Section 4(b), the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.
- (d) Notwithstanding the foregoing, if the Participant is removed from the Board of Directors of the Parent Member by the stockholders of the Parent Member for cause, or the Participant resigns or decides not to stand for reelection following delivery of notice to the stockholders of the Parent Member of a proposal to remove the Participant for cause (for these purposes, cause shall include, but not be limited to, dishonesty, incompetence, moral turpitude, other misconduct of any kind and the refusal to perform the Participant's duties and responsibilities for any reason other than illness or incapacity), then all of the LTIP Units which have not previously become vested shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award
- (e) If the Participant ceases to serve as a member of the Board of Directors of the Parent Member as a result of the Participant's death or due to such Participant's total disability, in each case, before the LTIP Units have become vested, vesting of the LTIP Units shall be accelerated. Upon such accelerated vesting, such units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement. A Participant shall have total disability only if he or she is "disabled" within the meaning of Section 409A of the Internal Revenue Code of 1986, as amended.
- 5. <u>Change in Control.</u> In the event that a Change in Corporate Control occurs prior to the Vesting Date, the Vesting Period applicable to this Award shall lapse in its entirety and all of the then-unvested LTIP Units shall become Vested LTIP Units.

Distribution Participation Date.

- (a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.
- (b) The Distribution Participation Date with respect to the LTIP Units shall be the applicable Vesting Date, and the Vested LTIP Units shall be entitled to certain distributions and allocations described in, and pursuant to, Exhibit F of the LLC Agreement. Notwithstanding the foregoing, solely for purposes of regular cash distributions for any quarterly or other period, if, when and as authorized by the Board of Directors out of funds legally available for the payment of distributions, and in an amount per unit equal to the distribution payable on each Class A Common Unit for the corresponding quarterly or other period (assuming such LTIP Units were held for the entire quarter or other period), the Distribution Participation Date shall be the Grant Date.
- 7. Certain Adjustments. The LTIP Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, recapitalization, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Agreement, the Plan or the LTIP Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Agreement and the terms of the LTIP Units prior to such event, including, without limitation: (A) adjustments in the LTIP Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any Class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not vested or still subject to a risk of forfeiture will be subject to the same restrictions as the
- 8. <u>Incorporation of Plan; Interpretation by Administrator</u>. This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.
- 9. <u>Certificates; Legend</u>. Each certificate, if any, issued in respect of the LTIP Units awarded under this Agreement shall be registered in the Participant's name and held by the Company until the applicable Vesting Date. If certificates representing the LTIP Units are issued by the Company, at the applicable Vesting Date, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of LTIP Units that vested upon the applicable Vesting Date. The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.
- 10. No Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) shall determine whether to issue to the Internal Revenue Service and any other applicable tax authorities and to the Participant a Form 1099 and any other reporting form that may be required to report the amount of taxable income which the Participant may have recognized under applicable federal, state and local tax laws. Neither the Parent Member nor its Affiliates will withhold such taxes, and the Participant acknowledges that the Participant is responsible for any such tax liability and may need to adjust his or her estimated tax payments to take the additional taxable income into account.
- 11. Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in

this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.

- 12. <u>Complete Agreement</u>. Other than as specifically stated herein or as otherwise set forth in any services agreement, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way.
- 13. Investment Representation; Registration. The Participant agrees that any resale of either (1) the LTIP Units received upon the applicable Vesting Date or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.

Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this <u>Section 20</u> shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer and shall otherwise refuse to recognize any such Transfer.

RECITALS

- A. The Participant is an employee of Welltower Inc., a Delaware corporation (the "Parent Member") or one of its Subsidiaries and provides services to Welltower OP LLC, a Delaware limited liability company (the "Company"), through which the Parent Member conducts substantially all of its operations.
- B. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "Plan"), the Company desires, in connection with the continued employment of the Participant, to provide the Participant with an opportunity to acquire LTIP Units (as defined in the LLC Agreement) having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and their Subsidiaries. Upon the close of business on the Grant Date pursuant to this Performance LTIP Unit Agreement (this "Agreement"), the Participant shall receive the maximum number of LTIP Units, subject to the restrictions and conditions set forth herein, in the Plan and in the LLC Agreement.
- C. The exact number of LTIP Units earned under this award (the "Award") shall be determined in accordance with Section 3 of this Agreement. Any LTIP Units not earned at the conclusion of the Performance Period will be forfeited, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

NOW, THEREFORE, the Parent Member, the Company and the Participant agree as follows:

- 1. <u>Definitions</u>. Capitalized terms used herein without definitions shall have the meanings given to those terms in the Plan, the Equity Plan and/or the LLC Agreement. In addition, as used herein:
- "Adjusted Annualized EBITDA" means the Parent Member's earnings before interest, taxes, depreciation and amortization, excluding unconsolidated entities and including adjustments for stock-based compensation expense, provision for loan losses, gains/losses on extinguishment of debt, gains/losses/impairments on properties, gains/losses on derivatives and financial instruments, other expenses, and additional other income for the three month period beginning on October 1, 20XX and ending on December 31, 20XX, and then expressed on an annualized basis.
 - "All REIT Index" means the MSCI US REIT Index.
 - "Annualized TSR Percentage" means $(1 + TSR)^{(1/3)} 1$.
- "Change in Corporate Control" shall have the same meaning as set forth in Section 11.1(a) of the Parent Member's 2022 Long Term Incentive Plan (the "Equity Plan") and Section 11.1(c) of the Equity Plan. In addition, in order to qualify as a "Change in Corporate Control", an event must also meet the requirements for a "change in the ownership or effective control of a corporation, or a change in the ownership of a substantial portion of the assets of a corporation" with the meaning of Treas. Reg. §1.409A-3(i)(5).

"Common Stock" or "Shares" means the Parent Member's common stock, par value \$1.00 per share, either currently existing or authorized hereafter.

"Distribution Participation Date" shall have the meaning set forth in the LLC Agreement and in Section 6 hereof.

"Earned Award LTIP Units" means the actual number of LTIP Units that were earned by the Participant pursuant to this Agreement at the end of the Performance Period in accordance with Section 3.

"Health Care REIT Index" means the FTSE NAREIT Health Care REIT Index on the Grant Date (or a successor index including a comparable universe of publicly traded U.S. real estate investment trusts), in each case adjusted and reweighted to exclude the Parent Member from the index. Any health care REIT organization that is not in existence for the entire Performance Period shall be omitted from this index.

"Index Return" means, with respect to the Performance Period, the return of either the Health Care REIT Index, or the All REIT Index, as applicable, over the Performance Period expressed as a percentage. For the avoidance of doubt, the Index Return over the Performance Period shall be calculated in a manner designed to produce a fair comparison between the Parent Member's TSR and the Index Return for the purpose of determining Relative Performance. In the case of the Health Care REIT Index, the Index Return shall be computed as the sum of each component company's weighted TSR with each component company's weight as the average of its relative market capitalization at the beginning of the Performance Period.

"Net Debt + Preferred" means the sum of (a) the Parent Member's long-term debt, less cash and cash equivalents, and (b) the total amount of the Parent Member's preferred stock as of the end of the Performance Period (or other applicable designated period).

"Performance Period" means the period commencing on January 1, 20XX and concluding on the earlier of (i) December 31, 20XX, or (ii) a Change in Corporate Control.

"Relative Performance" means the Parent Member's TSR relative to the applicable Index Return, as expressed as an Annualized TSR Percentage.

"Total Shareholder Return" or "TSR" means for the common stock of the applicable company, the total shareholder return (share price appreciation/depreciation during the applicable Performance Period plus the value attributable to reinvested dividends paid on the shares during the applicable Performance Period). The TSR shall be expressed as a percentage. The calculation of TSR will be based on the average closing price of the shares for the twenty trading days immediately preceding the first day of the Performance Period and the average closing price of the shares for the twenty trading days immediately preceding the last day of the applicable Performance Period. The TSR will be calculated assuming that cash dividends (including extraordinary cash dividends) paid on the shares are reinvested in additional shares on the ex-dividend date and that any securities distributed to shareholders in a spinoff transaction are sold and the proceeds reinvested in additional shares on the ex-dividend date.

2. <u>Effectiveness of Award.</u> The Participant shall be admitted as a Member of the Company with beneficial ownership of the LTIP Units as of the Grant Date by (i) signing and delivering to the Company a copy of this Agreement and (ii) signing, as a LTIP Unitholder, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as <u>Exhibit A</u>). Upon execution of this Agreement by the Participant, the Parent Member and the Company, the books and records of the Company shall reflect the issuance to the Participant of the LTIP Units. Thereupon, the Participant shall have all the rights of a LTIP Unitholder of the Company with respect to a number of LTIP Units equal to the LTIP Units, as set forth in the LLC Agreement, subject, however, to the restrictions and conditions specified in <u>Section 3</u> below.

3. <u>Vesting and Earning of LTIP Units.</u>

- (a) The number of LTIP Units that may be earned and become vested for the Performance Period (such units, the "<u>Earned Award LTIP Units</u>") shall be determined under this <u>Section 3(a)</u> as follows: Depending on the level of achievement for each of the performance goals of the Award as determined pursuant to <u>Annex 1</u>, the Earned Award <u>LTIP Units</u> for the Performance Period shall be determined based on the Participant's individual threshold, target and high payout multiples described in <u>Annex 1</u>. For performance between two different tiers, the percentage payable shall be calculated using linear interpolation between tiers. The level of achievement for each listed performance goal shall be determined independently.
- (b) As soon as practicable following the end of the Performance Period, the Company shall determine the Earned Award LTIP Units, if any, with respect to the Performance Period. The date on which the Company makes such a determination shall be referred to herein as the "Vesting Date". In no event shall the Vesting Date be later than 74 days after the end of the Performance Period; provided, that (A) in the case of the Performance Period

that ends upon a Change in Corporate Control, the Vesting Date shall be no later than immediately prior to the consummation of the Change in Corporate Control and (B) in the case of a determination required by Section 4(b), the Vesting Date shall generally be no later than 74 days after the date of the Participant's Qualified Termination or on such later date as provided by the Company. If, at the conclusion of the Performance Period and as of the Vesting Date, the number of Earned Award LTIP Units is smaller than the number of LTIP Units sized to the Participant on the Grant Date, then the Participant, as of the conclusion of the Performance Period, shall forfeit a number of LTIP Units equal to the difference without payment of any consideration by the Company and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the LTIP Units that were so forfeited.

- (c) Any LTIP Units that do not become earned and vested pursuant to this <u>Section 3</u> or <u>Section 4</u> or <u>Section 5</u> hereof shall, without payment of any consideration by the Company, automatically and without notice be forfeited and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such unearned and unvested LTIP Units.
- (d) The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

Termination of Participant's Employment.

- (a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Award exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Agreement.
- (b) In the event of termination of the Participant's employment by reason of a Qualified Termination prior to the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units as follows: The Earned Award LTIP Units shall be determined in accordance with the computation described in Section 3(a) as if the Performance Period ended on the calendar quarter end immediately preceding the date of the Participant's Qualified Termination; provided, however, that such Earned Award LTIP Units shall be multiplied by a fraction, the numerator of which shall be the number of complete months during which the Participant was an employee of the Parent Member or its Affiliates during the Performance Period and the denominator of which shall be the total number of months in the Performance Period. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.
- (c) In the event of termination of the Participant's employment by reason of a Qualified Termination after the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units in accordance with the computation described in Section 3. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.
- (d) As a condition of receiving any payments or benefits under the Plan and this Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.
- (e) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination prior to the end of the Performance Period, except as otherwise determined by the Company, this Award shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in this Award. In the event of a termination of the Participant's employment for any reason other than a Qualified Termination after the end of the Performance Period, then the Company shall determine the Earned Award LTIP Units in accordance with the computation described in Section 3. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.
- 5. <u>Change in Control.</u> In the event that a Change in Corporate Control occurs prior to December 31, 20XX, then the Company shall determine the Earned Award LTIP Units as follows: The LTIP Units will be deemed earned as of the date of such Change in Corporate Control in accordance with the computation described in <u>Section 3(a)</u> as if the Performance Period ended on the day prior to the consummation of the Change in Corporate Control,

except that corporate metrics not tied to TSR shall be calculated based on the results through the most recent completed fiscal quarter. To the extent provided in the documents setting forth the terms of the award for the Originally Granted Restricted Stock Units, the Award shall further be multiplied by a fraction, the numerator of which shall be the number of full and partial months from the beginning of the Performance Period through the Change in Corporate Control and the denominator of which shall be 36. The Earned Award LTIP Units shall be treated as Vested LTIP Units (as defined in the LLC Agreement) as of the Vesting Date and shall be converted into Class A Common Units in accordance with Section 8 of the Plan and the LLC Agreement.

6. <u>Distribution Participation Date.</u>

- (a) The holder of the LTIP Units shall be entitled to receive distributions and allocations with respect to such LTIP Units to the extent provided for in the LLC Agreement, including Exhibit F thereof, as modified hereby.

In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any class A Common Units, shares or other securities received by the Participant with respect to the applicable LTIP Unit which have not been earned or still subject to a risk of forfeiture will be subject to the same restrictions a

- 10. Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) has the right to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the LTIP Units becomes includible in the Participant's income (the "Withholding Amount"), and/or to delay delivery of the LTIP Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Company has the right to retain and cancel, or sell or otherwise dispose of, such number of the LTIP Units as have a market value (determined as of the date the applicable LTIP Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.

- A. The Participant is an employee of the Employer and provides services to the Company (and/or its subsidiaries), through which the Parent Member conducts substantially all of its operations.
- B. In accordance with the Welltower OP LLC Profits Interests Plan, as it may be amended from time to time (the "<u>Plan</u>"), the Parent Member desires to provide the Participant with an opportunity to acquire Option Units having the rights, voting powers, restrictions, limitations as to distributions, qualifications and terms and conditions of redemption and conversion set forth herein, in the Plan and in the LLC Agreement, and thereby provide additional incentive for the Participant to promote the progress and success of the business of the Parent Member, the Company and its subsidiaries.
 - C. Capitalized terms used herein and not otherwise defined have the meanings provided in the Plan, the Equity Plan and/or the LLC Agreement.

NOW, THEREFORE, the Parent Member, the Company and the Participant hereby agree as follows:

AGREEMENT

- 1. <u>Grant of Option Units.</u> On the terms and conditions set forth below, as well as the terms and conditions of the Plan, the Company hereby grants to the Participant the Number of Option Units set forth above (the "<u>Option Units</u>"). To the extent the Option Units become vested in accordance with Section 3, each Option Unit is intended to provide the Participant with the opportunity to share in the appreciation of the value of a Share in excess of the Option Unit Participation Threshold set forth above based on the terms set forth in the LLC Agreement. The Option Units will accumulate and/or participate in allocations and distributions as set forth in the LLC Agreement, in accordance with <u>Exhibit G</u> to the LLC Agreement.
- 2. <u>Conversion and Term.</u> Subject to earlier forfeiture, termination, acceleration or cancellation of the Option Units as provided in the LLC Agreement, Plan or this Award Agreement, until the Expiration Date, Vested Option Units shall be convertible at the Participant's election into a number of LTIP Units, as determined in accordance with the LLC Agreement, which in turn are convertible into Class A Common Units and Shares as provided in the LLC Agreement. For purposes of this Award Agreement, "<u>Expiration Date</u>" means the earlier of (a) the date of the Participant's termination of employment by the Employer for Cause, and (b) the tenth (10th) anniversary of the Grant Date. Upon the Expiration Date, any Option Units which have not been converted into Vested LTIP Units shall terminate, be cancelled for no consideration and be without further force or effect.
- 3. <u>Vesting Period</u>. The vesting period of the Option Units (the "<u>Vesting Period</u>") shall begin on the Grant Date and continue until such Vesting Dates, and subject to such vesting conditions, as set forth above. On the first Vesting Date following the date of this Award Agreement and each Vesting Date thereafter, the applicable number of Option Units specified above shall become vested, subject to earlier forfeiture as provided in this Award Agreement. Except as permitted under Section 14, the Option Units for which the applicable Vesting Period has not expired may not be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding). The Participant shall have the right to vote the Option Units if and when voting is allowed under the LLC Agreement, regardless of whether the applicable Vesting Period has expired.
 - 4. <u>Termination of Participant's Employment; Continued Convertibility of Vested Option Units.</u>
- (a) If the Participant's employment with the Employer terminates, the provisions of this Section 4 shall govern the treatment of the Option Units exclusively, regardless of the provisions of any employment, change in control or other agreement or arrangement to which the Participant is a party, or any termination or severance policies of the Parent Member then in effect, which shall be superseded by the Plan and this Award Agreement.
- (b) In the event of termination of the Participant's employment by reason of a Qualified Termination, then the Participant shall retain the portions of the Option Units that are Vested Option Units. The portion of the Option Units that are Unvested Option Units shall, without payment of any consideration by the Parent Member or the Company, automatically and without notice terminate, be forfeited and be and become null and void and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in such Unvested Option Units. The portion of the Option Units that are Vested Option Units that have not been converted into Vested LTIP Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement.
- (c) As a condition of receiving any payments or benefits under the Plan and this Award Agreement on account of the Participant's Qualified Termination, the Company may, in its sole discretion, require the Participant to deliver an irrevocable, effective release of claims in the form determined by the Company and/or an affirmation of continued compliance with the non-competition, non-solicitation, non-disparagement and non-disclosure covenants in favor of the Company and related persons as set forth in Section 4 of the Plan.
- (d) In the event of a termination of a Participant's employment for any reason other than a Qualified Termination, except as otherwise determined by the Company, then (i) the Unvested Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Unvested Option Units and (ii) the Participant shall retain the Vested Option Units that have not been converted into Vested LTIP Units and such Vested Option Units shall remain convertible as set forth in this Award Agreement and the LLC Agreement. In the

event such a termination is for Cause, all of the Option Units shall, without payment of any consideration by the Company, automatically and without notice terminate, be forfeited and be and become null and void, and neither the Participant nor any of his or her successors, heirs, assigns, or personal representatives will thereafter have any further rights or interests in the Option Units.

- 5. <u>Change in Control</u>. In the event that a Change in Corporate Control occurs prior to January 15, 20XX, then the Vesting Period applicable to the Option Units shall lapse in its entirety and such Option Units shall become Vested Option Units if either (i) the successor company (or a subsidiary thereof) does not assume, convert, continue or otherwise replace such Option Units on proportionate and equitable terms or (ii) the Participant is terminated without Cause upon or within twelve (12) months following the Change in Corporate Control.
- 6. <u>Incorporation of Plan; Interpretation by Administrator.</u> This Agreement is subject to the terms, conditions, limitations and definitions contained in the Plan. In the event of any discrepancy or inconsistency between this Agreement and the Plan, the terms and conditions of the Plan shall control. The Administrator may make such rules and regulations and establish such procedures for the administration of this Agreement, which are consistent with the terms of this Agreement, as it deems appropriate.
- 7. Certificates; Limitations on Resale. Each certificate, if any, issued in respect of the Option Units awarded under this Award Agreement shall be registered in the Participant's name and held by the Company until the expiration of the applicable Vesting Period. If certificates representing the Option Units are issued by the Company, at the expiration of each Vesting Period, the Company shall deliver to the Participant (or, if applicable, to the Participant's legal representatives, beneficiaries or heirs) certificates representing the number of Option Units that vested upon the expiration of such Vesting Period. The Participant agrees that any resale of either (1) the Option Units received upon the expiration of the applicable Vesting Period or (2) the LTIP Units, Class A Common Units or Shares received, directly or indirectly, upon redemption of or in exchange for Option Units, other units of the Company or Class A Common Units into which Option Units may have been converted shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act of 1933, as amended (the "Securities Act"), or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule).
- 8. <u>Tax Withholding.</u> The Parent Member or its applicable affiliate has the right, to the extent applicable, to withhold from cash compensation payable to the Participant all applicable income and employment taxes due and owing at the time the applicable portion of the Option Units becomes includible in the Participant's income (the "<u>Withholding Amount</u>"), and/or to delay delivery of Option Units until appropriate arrangements have been made for payment of such withholding. In the alternative, the Parent Member has the right to retain and cancel, or sell or otherwise dispose of, such number of Option Units as have a market value (determined as of the date the applicable Option Units vest) approximately equal to the Withholding Amount, with any excess proceeds being paid to Participant.
- 9. Certain Adjustments. The Option Units shall be subject to adjustment as provided in the LLC Agreement, and except as otherwise provided therein, if (i) the Parent Member shall at any time be involved in a merger, consolidation, dissolution, liquidation, reorganization, exchange of shares, sale of all or substantially all of the assets or stock of the Parent Member, spin-off of a Subsidiary of the Parent Member, business unit or other transaction similar thereto, (ii) any stock dividend, stock split, reverse stock split, stock combination, reclassification, recapitalization, significant repurchases of stock, or other similar change in the capital structure of the Parent Member, or any extraordinary dividend or other distribution to holders of the Shares or Class A Common Units other than regular dividends shall occur, or (iii) any other event shall occur that in each case in the good faith judgment of the Company necessitates action by way of appropriate equitable adjustment in the terms of this Award Agreement, the Plan or the Option Units, then the Company shall take such action as it deems necessary to maintain the Participant's rights hereunder so that they are substantially proportionate to the rights existing under this Award Agreement and the terms of the Option Units prior to such event, including, without limitation: (A) adjustments in the Option Units; and (B) substitution of other awards under the Plan or otherwise. In the event of any change in the outstanding Shares (or corresponding change in the Conversion Factor applicable to the Class A Common Units) by reason of any share dividend or split, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other corporate change, or any distribution to common shareholders of the Company other than regular dividends, any LTIP Units, Class A Common Units, shares or other securities received by the Participant with respect to the applicable Option Units for which the Vesting Period shall not have expired will be subject to

- 10. Amendment; Modification. This Award Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.
- 11. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any employment, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the Option Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way.
- 12. <u>Governing Law</u>. This Award Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without references to principles of conflict of laws.
- 13. <u>Successors and Assigns.</u> This Award Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Award Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.
- 14. <u>Transfer; Redemption.</u> None of the Option Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "<u>Transfer</u>"), or redeemed in accordance with the LLC Agreement (a) prior to vesting and (b) unless such Transfer is in compliance with all applicable securities laws (including, without limitation, the Securities Act), and such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of Option Units not in accordance with the terms and conditions of this Section 14 shall be null and void, and the Company shall not reflect on its records any change in record ownership of any Option Units as a result of any such Transfer, and shall otherwise refuse to recognize any such Transfer.
- 15. <u>Severability.</u> If, for any reason, any provision of this Award Agreement is held invalid, such invalidity shall not affect any other provision of this Award Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Award Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Award Agreement, shall to the full extent consistent with law continue in full force and effect.
- 16. <u>Headings</u> The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Award Agreement.
- 17. <u>Counterparts</u>. This Award Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.

Unless the Participant is already a Member of the Company as of the Grant Date, the Participant shall be admitted as a Member of the Company as of the Grant Date with beneficial ownership of the Number of Option Units set forth above issued to the Participant as of such date pursuant to this Award Agreement by: (A) signing and delivering to the Company a copy of this Award Agreement; and (B) signing, as a Member, and delivering to the Company a counterpart signature page to the LLC Agreement (attached hereto as Exhibit A).

- 19. <u>Status of Option Units under the Plan.</u> The Option Units are both issued as equity securities of the Company and granted as awards under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for units of the Company into which Option Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Plan. The Participant must be eligible to receive the Option Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as <u>Exhibit B</u>). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.

RESTRICTED STOCK UNIT GRANT <u>AGREEMENT</u> FOR NON-EMPLOYEE DIRECTOR

THIS RESTRICTED STOCK UNIT GRANT AGREEMENT (the "Agreement"),	
made this Month Day, 20XX (the "Grant Date"), between Welltower Inc., a Delaware corporation (the "Corporation"), and [_], the
'Director").	

WITNESSETH:

WHEREAS, the Director serves as a member of the Board of Directors of the Corporation;

WHEREAS, the Corporation maintains the 2022 Long-Term Incentive Plan (the "Plan") in order to promote the growth and profitability of the Corporation by providing officers, key employees and non-employee directors with incentives to achieve long-term corporate objectives, to assist the Corporation in attracting and retaining officers, key employees and non employee directors of outstanding competence, and to provide such individuals with an opportunity to acquire an equity interest in the Corporation;

WHEREAS, the Plan authorizes awards under the Plan to be made to non-employee directors with the approval of the Compensation Committee of the Board of Directors; and

WHEREAS, the Compensation Committee has determined that each non-employee director of the Corporation shall be granted Restricted Stock Units with respect to shares of the Corporation's common stock on the terms and conditions set forth below.

NOW, THEREFORE, in consideration of the past and future services the Director has provided to the Corporation as a member of the Board, and the various covenants and agreements herein contained, and intending to be legally bound hereby, the parties hereto agree as follows:

1. Grant of Restricted Stock Units.

The Corporation hereby grants to the Director Restricted Stock Units with respect to a total of [•] shares of common stock, \$1.00 par value per share, of the Corporation (the "Common Stock"), subject to satisfaction of the vesting conditions and other terms set forth in this Agreement. The Director shall not be required to make any payment to the Corporation (other than his or her services as a director) in exchange for such Restricted Stock Units or in exchange for the issuance of shares of Common Stock upon vesting of Restricted Stock Units.

2. Restricted Delivery of Shares.

The Director shall not be entitled to the issuance of shares of Common Stock or to receive any distributions with respect to the Restricted Stock Units, except as provided in Section 10 below, until such time as the Restricted Stock Units may vest under Section 3 below. Further, except as provided in Section 10 below, the Director shall not have any of the rights and privileges of a stockholder of the Corporation (including voting rights and the right to receive dividends) with respect to the shares of Common Stock to be issued pursuant to the Restricted Stock Units until such time as the Restricted Stock Units vest and the shares of Common Stock are issued to the Director.

1. Vesting; When Restricted Stock Units Vest.

Subject to the terms and conditions of this Agreement, the Restricted Stock Units shall vest on 12/31/20XX, subject to the Director's continued service as a member of the Board of Directors through such date, or at such earlier time as the Restricted Stock Units may vest pursuant to Sections 8 or 9 of this Agreement.

The Restricted Stock Units may not be sold, transferred, assigned, pledged or otherwise encumbered or disposed of by the Director, and the shares of Common Stock potentially issuable to the Director pursuant to these Restricted Stock Units may not be sold, transferred, assigned, pledged or otherwise encumbered by the Director until such shares are so issued.

Any attempt to dispose of the Restricted Stock Units in a manner contrary to the restrictions set forth in this Agreement shall be ineffective.

2. <u>Issuance of Shares.</u>

Except as provided in Section 5 below, whenever the Restricted Stock Units granted to the Director under this Agreement become vested pursuant to Section 3 or Sections 8 or 9 below, the Corporation shall cause a number of shares of Common Stock equal to the number of Restricted Stock Units to be issued to the Director in book entry form and registered in the name of the Director. Evidence of ownership of such shares of Common Stock shall be delivered to the Director (or to his or her designated nominee) within sixty (60) days following the vesting date. Once shares of Common Stock have been issued as a result of the vesting of Restricted Stock Units, the corresponding vested Restricted Stock Unit shall be considered cancelled and shall be of no further force or effect.

3. Election to Defer Settlement. The Director may elect to defer the settlement of the Restricted Stock Units for a period not to exceed eleven (11) years following the vesting date, or until the Director's termination of employment or service. Such date shall be referred to as the "Restricted Settlement Date". If the Director makes such an election, it will become irrevocable on the date of such election. If the Director makes such an election, any Dividend Equivalent Rights awarded with respect to such Restricted Stock Units shall also be Restricted under the same terms, unless the Director otherwise elects. If the Director makes such an election, but a Change in Corporate Control occurs that subjects the Director's Restricted Stock Units to Section 9 of this Agreement prior to the Restricted Settlement Date, the Director's deferral election will terminate and the Director's Restricted Stock Units and Dividend Equivalent Rights will be settled in accordance with Section 9 of this Agreement. The Company may terminate any deferral hereunder if a change in law requires such termination.

4. No Tax Withholding.

The Corporation shall issue to the Internal Revenue Service and to the Director a Form 1099 and any other reporting form that may be required to report the amount of tax which the Director has incurred under applicable federal, state and local tax laws. The Corporation will not withhold such taxes, and the Director acknowledges that the Director may need to adjust his or her estimated tax payments to take the additional taxable income into account.

5. Termination of Service on the Board.

- (a) Except as provided in Sections 7(b), 8 or 9 below, if the Director resigns from service as a member of the Board of Directors, decides not to stand for reelection at the expiration of the Director's term of office, is not nominated by the Board to stand for election at the Annual Stockholders' Meeting at which the Director's term of office expires, or, if nominated, is not reelected, then any Restricted Stock Units held by the Director which have not yet vested shall not be forfeited, but shall remain unvested until such time as such Restricted Stock Units would otherwise have become vested as provided in Section 3 (disregarding, for purposes of this Section 7(a), the requirement of continued service on the Board of Directors as specified in Section 3) and shall be issued pursuant to Section 4.
- (b) Notwithstanding the foregoing, if the Director is removed from the Board by the stockholders of the Corporation for cause, or the Director resigns or decides not to stand for reelection following delivery of notice to the stockholders of a proposal to remove the Director for cause (for these purposes, cause shall include, but not be limited to, dishonesty, incompetence, moral turpitude, other misconduct of any kind and the refusal to perform the Director's duties and responsibilities for any reason other than illness or incapacity), then all Restricted Stock Units which have not previously become vested shall immediately be forfeited.

6. Effect of Death or Disability.

(a) If the Director ceases to serve as a member of the Board as a result of the Director's death before the Restricted Stock Units granted under this Agreement have become vested, vesting of the Restricted Stock Units granted to the Director under this Agreement shall be accelerated, and the Corporation shall cause a number of shares of Common Stock equal to the number of Restricted Stock Units to be issued in book entry form. Evidence of ownership of such shares of Common Stock shall be delivered to the Director's executor, administrator, or any person to whom the Director's rights with respect to the Restricted Stock Units may be transferred by the Director's

will or by the laws of descent. Any deferral election made by the Director under Section 5 will be respected in determining the form and time of settlement of Restricted Stock Units and Dividend Equivalent Rights.

- (b) If the Director ceases to serve as a member of the Board as a result of the Director's total disability before the Restricted Stock Units granted under this Agreement have become vested, vesting of the Restricted Stock Units granted to the Director under this Agreement shall be accelerated, and the Corporation shall cause a number of shares of Common Stock equal to the number of Restricted Stock Units to be issued in book entry form to the Director pursuant to Section 4, free of any restrictions. A Director shall have total disability only if he or she is "disabled" within the meaning of Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"). Any deferral election made by the Director under Section 5 will be respected in determining the form and time of settlement of Restricted Stock Units and Dividend Equivalent Rights.
- (c) Evidence of ownership of shares of Common Stock under Sections 8(a) or 8(b) shall be delivered within sixty (60) days following the Director's death or total disability, as applicable, or within sixty (60) days following the Restricted Settlement Date if the director has made a deferral election under Section 5.

7. <u>Effect of Change in Corporate Control.</u>

Notwithstanding the other terms of this Agreement, in the event of a Change in Corporate Control (as defined below), the vesting of the Restricted Stock Units granted under this Agreement shall be accelerated, and the Director shall become entitled to immediately receive a number of shares of Common Stock equal to the number of Restricted Stock Units, which shares shall be issued in book entry form. Evidence of ownership of shares of Common Stock shall be delivered to the Director within sixty (60) days following the Change in Corporate Control.

For purposes of this Section 8, a "Change in Corporate Control" shall mean a "change in ownership or effective control" in respect of the Corporation within the meaning of Section 409A of the Code.

8. <u>Dividend Equivalent Rights.</u>

During such time as the Restricted Stock Units remain outstanding, whenever the Corporation pays dividends on the Common Stock, the Director will have the right to receive, at the election of the Director, either a cash payment or additional shares of Common Stock from the Corporation with respect to each Restricted Stock Unit in an amount equal to any dividends paid on a share of Common Stock (in either case, a "Dividend Equivalent Right"). If the Director elects to receive his or her Dividend Equivalent right in the form of shares of Common Stock, then any such shares shall be distributed in the same manner as set forth in Section 4. If the Director elects to receive his or her Dividend Equivalent Right in the form of cash payment from the Corporation, such Dividend Equivalent Right shall be paid within sixty (60) days following the applicable dividend record date. If the Director fails to make any election with respect to his or her Dividend Equivalent Rights, the Director will receive his or her Dividend Equivalent Rights in the form of a cash payment from the Corporation, which shall be paid within sixty (60) days following the applicable dividend record date. Any deferral election made by the Director under Section 5 will be respected in determining the form and time of settlement of Dividend Equivalent Rights.

The Director will have a Dividend Equivalent Right with respect to each Restricted Stock Unit that is outstanding on the dividend record date. The Director will have no Dividend Equivalent Rights as of the dividend record date in respect of any Restricted Stock Units that have vested and been exchanged for Common Stock; provided that the Director is the record holder of such Common Stock on or before such dividend record date. No fractional shares of Common Stock will be issued in satisfaction of any Dividend Equivalent Rights and any amount that is less than the then current Fair Market Value of a share of Common Stock will be paid in cash.

9. Securities Laws.

The Corporation may from time to time impose such conditions on the vesting of the Restricted Stock Units, and/or the issuance of shares of Common Stock upon vesting of the Restricted Stock Units, as it deems reasonably necessary to ensure that any grant of the Restricted Stock Units and issuance of shares under this Agreement will satisfy the applicable requirements of federal and state securities laws. Such conditions may include, without limitation, the partial or complete suspension of the right to receive shares of Common Stock upon the vesting of the Restricted Stock Units until the Common Stock has been registered under the Securities Act of 1933,

as amended. In all events, if the issuance of any shares of Common Stock is delayed by application of this Section 11, such issuance shall occur on the earliest date on which it would not violate applicable law.

10. Grant Not to Affect Status as Director.

Neither this Agreement nor the Restricted Stock Units granted hereunder shall confer upon the Director any right to continue the Director's service as a member of the Board of Directors of the Corporation.

11. Adiustments to Restricted Stock Units.

In the event of any change or changes in the outstanding Common Stock by reason of any stock dividend, recapitalization, reorganization, merger, consolidation, split-up, combination or any similar transaction, the number of Restricted Stock Units granted to the Director under this Agreement shall be adjusted by the Compensation Committee pursuant to Section 11.2 of the Plan in such manner as the Committee deems appropriate to prevent substantial dilution or enlargement of the rights granted to the Director.

Miscellaneous.

- (a) This Agreement may be executed in one or more counterparts, all of which taken together will constitute one and the same instrument.
- (b) The terms of this Agreement may only be amended, modified or waived by a written agreement executed by both of the parties hereto.
- (c) The provisions of the Plan are hereby made a part of this Agreement. In the event of any conflict between the provisions of this Agreement and those of the Plan, the provisions of this Agreement shall control.
- (d) The Restricted Stock Units under this Agreement are Restricted compensation subject to Section 409A of the Code. This Agreement is intended to satisfy the requirements of Section 409A of the Code and shall be interpreted in a manner consistent with such requirements. To the extent that changes are necessary to ensure that the Restricted Stock Units comply with any additional requirements imposed by future IRS guidance on the application of Section 409A of the Code, the Director and the Corporation agree to cooperate and work together in good faith to timely amend this Agreement to comply with Section 409A of the Code.
- (e) The validity, performance, construction and effect of this Agreement shall be governed by the laws of the State of Ohio, without giving effect to principles of conflicts of law; provided, however, that matters of corporate law, including the issuance of shares of Common Stock, shall be governed by the Delaware General Corporation Law.
- (f) Notwithstanding anything herein to the contrary, payments and the issuance of shares of Common Stock hereunder will be delayed to the extent required to comply with Section 409A(a)(2)(B) of the Code.

IN WITNESS WHEREOF, the parties have executed this Restricted Stock Unit Grant Agreement on the date and year first above written.

The records of the Company and any other documentation evidencing the LTIP Units shall bear an appropriate legend, as determined by the Company in its sole discretion, to the effect that such LTIP Units are subject to restrictions as set forth herein, in the Plan and in the LLC Agreement.
- 10. No Tax Withholding. The Parent Member or its applicable Affiliate (including the Company) shall determine whether to issue to the Internal Revenue Service and any other applicable tax authorities and to the Participant a Form 1099 and any other reporting form that may be required to report the amount of taxable income which the Participant may have recognized under applicable federal, state and local tax laws. Neither the Parent Member nor its Affiliates will withhold such taxes, and the Participant acknowledges that the Participant is

responsible for any such tax liability and may need to adjust his or her estimated tax payments to take the additional taxable income into account.

- Amendment; Modification. This Agreement may only be modified or amended in a writing signed by the parties hereto, provided that the Participant acknowledges that the Plan may be amended or discontinued in accordance with the provisions thereof and that this Agreement may be amended or canceled by the Administrator, on behalf of the Parent Member and the Company, in each case for the purpose of satisfying changes in law or for any other lawful purpose, so long as no such action shall adversely affect the Participant's rights under this Agreement in any material respect without the Participant's written consent. No promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, with respect to the subject matter hereof, have been made by the parties which are not set forth expressly in this Agreement. The failure of the Participant or the Parent Member or the Company to insist upon strict compliance with any provision of this Agreement, or to assert any right the Participant or the Parent Member or the Company, respectively, may have under this Agreement, shall not be deemed to be a waiver of such provision or right or any other provision or right of this Agreement.
- 12. Complete Agreement. Other than as specifically stated herein or as otherwise set forth in any services agreement, change in control or other agreement or arrangement to which the Participant is a party which specifically refers to the LTIP Units or to the treatment of compensatory equity held by the Participant generally, this Agreement (together with those agreements and documents expressly referred to herein, for the purposes referred to herein, including but not limited to the Plan and the LLC Agreement) embody the complete and entire agreement and understanding between the parties with respect to the subject matter hereof, and supersede any and all prior promises, assurances, commitments, agreements, undertakings or representations, whether oral, written, electronic or otherwise, and whether express or implied, which may relate to the subject matter hereof in any way (including, but not limited to, all documentation and agreements pertaining to the Stock Awards other than the Election Form).
- 13. <u>Investment Representation</u>; <u>Registration</u>. The Participant agrees that any resale of either (1) the LTIP Units or (2) the Shares received upon redemption of or in exchange for LTIP Units or Class A Common Units into which LTIP Units may have been converted, shall not occur during the "blackout periods" forbidding sales of Parent Member securities, as set forth in the then-applicable Parent Member employee manual or insider trading policy. In addition, any resale shall be made in compliance with the registration requirements of the Securities Act, or an applicable exemption therefrom, including, without limitation, the exemption provided by Rule 144 promulgated thereunder (or any successor rule). The Participant hereby makes the covenants, representations and warranties set forth on <u>Exhibit B</u> attached hereto as of the Exchange Date. All of such covenants, warranties and representations shall survive the execution and delivery of this Agreement by the Participant. The Participant shall promptly notify the Company upon discovering that any of the representations or warranties set forth on <u>Exhibit B</u> was false when made or have, as a result of changes in circumstances, become false. The Company will have no obligation to register under the Securities Act any of the LTIP Units or any other securities issued pursuant to this Agreement or upon conversion or exchange of the LTIP Units into other interests of the Company.
- 14. <u>Status of LTIP Units under the Plan.</u> The LTIP Units are both issued as equity securities of the Company and granted as "Awards" under the Plan. The Parent Member will have the right at its option, as set forth in the LLC Agreement, to issue Shares in exchange for Units into which LTIP Units may have been converted pursuant to the LLC Agreement, subject to certain limitations set forth in the LLC Agreement, and such Shares, if issued, will be issued under the Equity Plan. The Participant must be eligible to receive the LTIP Units in compliance with applicable federal and state securities laws and to that effect is required to complete, execute and deliver certain covenants, representations and warranties (attached as <u>Exhibit B</u>). The Participant acknowledges that the Participant will have no right to approve or disapprove such determination by the Parent Member.
- 15. <u>Severability.</u> If, for any reason, any provision of this Agreement is held invalid, such invalidity shall not affect any other provision of this Agreement not so held invalid, and each such other provision shall to the full extent consistent with law continue in full force and effect. If any provision of this Agreement shall be held invalid in part, such invalidity shall in no way affect the rest of such provision not held so invalid, and the rest of such provision, together with all other provisions of this Agreement, shall to the full extent consistent with law continue in full force and effect.
- 16. <u>Governing Law.</u> This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to principles of conflict of laws.
- 17. <u>Headings</u>. The headings of paragraphs hereof are included solely for convenience of reference and shall not control the meaning or interpretation of any of the provisions of this Agreement.

- 18. <u>Counterparts</u>. This Agreement may be executed in multiple counterparts with the same effect as if each of the signing parties had signed the same document. All counterparts shall be construed together and constitute the same instrument.
- 19. <u>Successors and Assigns.</u> This Agreement shall be binding upon and inure to the benefit of the parties hereto and any successors to the Parent Member and any successors to the Participant by will or the laws of descent and distribution, but this Agreement shall not otherwise be assignable or otherwise subject to hypothecation by the Participant.
- 20. <u>Transfer; Redemption.</u> None of the LTIP Units shall be sold, assigned, transferred, pledged or otherwise disposed of or encumbered (whether voluntarily or involuntarily or by judgment, levy, attachment, garnishment or other legal or equitable proceeding) (each such action, a "<u>Transfer</u>"), or redeemed in accordance with the LLC Agreement unless such Transfer is in accordance with the applicable terms and conditions of the LLC Agreement. Any attempted Transfer of LTIP Units not in accordance with the terms and conditions of this <u>Section 20</u> shall be null and void, and the Company shall not reflect on its records any change in record ownership of any LTIP Units as a result of any such Transfer and shall otherwise refuse to recognize any such Transfer.
- 21. <u>Data Privacy Consent.</u> In order to administer the Plan and this Agreement and to implement or structure future equity grants, the Parent Member and its agents may process any and all personal or professional data, including but not limited to Social Security or other identification number, home address and telephone number, date of birth and other information that is necessary or desirable for the administration of the Plan and/or this Agreement (the "<u>Relevant Information</u>"). By entering into this Agreement, the Participant (i) authorizes the Parent Member to collect, process, register and transfer to its agents all Relevant Information; and (ii) authorizes the Parent Member and its agents to store and transmit such information in electronic form. The Participant shall have access to, and the right to change, the Relevant Information will only be used in accordance with applicable law and to the extent necessary to administer the Plan and this Agreement, and the Parent Member and its agents will keep the Relevant Information confidential except as specifically authorized under this paragraph.
- 22. <u>Electronic Delivery of Documents</u>. By accepting this Agreement, the Participant (i) consents to the electronic delivery of this Agreement, all information with respect to the Plan and any reports of the Parent Member provided generally to the Parent Member's stockholders; (ii) acknowledges that he or she may receive from the Parent Member a paper copy of any documents delivered electronically at no cost to the Participant by contacting the Parent Member by telephone or in writing; (iii) further acknowledges that he or she may revoke his or her consent to electronic delivery of documents at any time by notifying the Parent Member of such revoked consent by telephone, postal service or electronic mail; and (iv) further acknowledges that he or she is not required to consent to electronic delivery of documents.
- 23. <u>Section 83(b) Election</u>. In connection with this Agreement, the Participant hereby agrees to make an election to include in gross income in the year of transfer the fair market value of the applicable LTIP Units over the amount paid for them pursuant to Section 83(b) of the Internal Revenue Code of 1986, as amended, substantially in the form attached hereto as <u>Exhibit C</u> and to supply the necessary information in accordance with the regulations promulgated thereunder.
- 24. <u>Acknowledgement</u>. The Participant hereby acknowledges and agrees that this Agreement and the LTIP Units issued hereunder shall constitute satisfaction in full of all obligations of the Parent Member and the Company, if any, to grant to the Participant LTIP Units pursuant to the terms of any written services agreement or letter or other written offer or description of engagement by the Parent Member and/or the Company executed prior to or coincident with the date hereof.
